NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the EncoreVet Group 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution plan covering all employees, except employees covered under a collective bargaining agreement and nonresident alien employees as defined in the Plan, of EncoreVet Group, LLC (the "Company") who have completed at least three months of service and have attained age 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company and Friendship Hospital for Animals ("Friendship") entered into an asset purchase agreement dated May 18, 2020. The Company and Friendship agreed to the employment by the Company of substantially all of Friendship's employees. The Company and Friendship agreed to transfer the retirement benefits under the Friendship Hospital for Animals 401(k) Profit Sharing Plan and Trust to the Company effective July 30, 2020.

Contributions

Participants may make voluntary pretax and Roth contributions subject to certain limitations under the terms of the Plan and the Internal Revenue Code ("IRC"). Participants who have attained age 50 before year end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions, as defined by the Plan. In 2020, the Company matched 25% of the first 8% of eligible compensation that a participant contributed to the Plan. Effective March 13, 2020, the matching contribution was reduced to zero. Employees who became participants in the Plan as a result of the asset purchase agreement between the Company and Friendship, continued to receive employer matching contributions at the rate previously declared by the Friendship Hospital for Animals, LLC. 401(k) Profit Sharing Plan. The match provided through December 31, 2020 for these employees was 50% of the first 10% of eligible compensation that a participant contributed to the Plan. The Company may also make discretionary profit-sharing contributions, as defined by the Plan. Participants must be employed on the last working day of a Plan year to be eligible for an allocation of these discretionary profit-sharing contributions. The Company did not make discretionary profit-sharing contributions to the Plan in 2020. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's discretionary profit-sharing contributions, if any, and investment earnings and are charged with an allocation of administrative expenses. Allocations of investment earnings and administrative expenses are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in employer contributions is based on years of service. A participant is 20% vested after one year of service, increasing 20% per year, with 100% vesting after five years of credited service. Participants automatically become fully vested upon death, total and permanent disability or retirement at age 65 while employed by the Company, regardless of years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000, not to exceed 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The Plan Administrator has set this rate at 1% above the prime rate. The rate of interest remains constant throughout the term of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits are distributed in a lump sum, partial, or installment payments under the Plan based on normal retirement date, disability, death or termination of employment of the participant. Participants who terminate employment shall be eligible for a distribution as soon as administratively feasible following the participant's termination date. Termination distributions of account balances greater than $5,000 may be deferred to a later date by choosing a single lump-sum payment, installment payments over a period not more than the participant's life expectancy, or partial withdrawals. Participants with balances less than $5,000 will receive a distribution regardless of whether they consent to it or not. Participants may also request an in-service withdrawal after age 59½ or hardship withdrawals upon meeting certain requirements as outlined by the IRS.

Forfeitures

There were no non-vested forfeited amounts as of December 31, 2020 or 2019. Forfeitures from participants' non-vested accounts may be used by the Company to reduce future employer contributions or to pay administrative expenses under the Plan. Forfeited funds totaling $9,573 were used to pay administrative expenses for the year ended December 31, 2020.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts (FBRIC), which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees for the administration of notes receivable from participants and benefits paid to participants are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

NOTE 3 — INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement ("Empower"), the custodian of the Plan and The Reliance Trust Company, the trustee of the Plan, has furnished certain financial information to the Plan Administrator and certified as to its completeness and accuracy. These certifications are as of December 31, 2020 and 2019 and for the year ended December 31, 2020 and includes investment information related to investments, notes receivable from participants, interest income on notes receivable from participants, net appreciation in fair value of investments and interest and dividend income, that is included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

NOTE 4 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

The following table presents the Plan's assets measured at fair value and the level within the fair value hierarchy in which the fair value measurements fell as of December 31:

	December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 14,268,701	$ -	$ -	$ 14,268,701

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,341,026	$ -	$ -	$ 2,341,026

NOTE 5 — GUARANTEED INVESTMENT CONTRACT

The Plan participates in a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company of New York ("Great West") via an investment in the Key Guaranteed Portfolio Fund. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Either party to the contract may terminate the contract with at least 60 days advance written notice to the other party. There are no reserves against account value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at account value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets include investments in funds managed by Empower. Empower refers to products and services offered in the retirement markets by Great-West Life & Annuity Insurance Company and its subsidiaries. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules of ERISA.

Notes receivable from participants qualify as party-in-interest transactions and are also exempt from the prohibited transaction rules of ERISA.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all of their accounts.

NOTE 8 — TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the volume submitter profit sharing plan adopted by the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 — LATE REMITTANCES

As a result of an oversight that occurred during 2020 and 2019, the Company failed to remit participant contributions to the Plan's custodians totaling $82 and $175,549, respectively, within the period prescribed by Department of Labor regulations. These contributions are considered nonexempt party-in-interest transactions. The Company calculated lost earnings on these delinquent remittances in the amount of approximately $224 and made appropriate corrective contributions during 2019, 2020 and 2021.

NOTE 11 — COVID-19 FINANCIAL STATEMENT IMPACT

In March 2020, the World Health Organization categorized the coronavirus disease ("COVID-19") as a pandemic, which is ongoing as of the date of the financial statements. COVID-19 has had a disruptive impact on the daily life and operations of individuals, businesses, and employee benefit plans around the world and there is an uncertainty about financial and economic impacts in all sectors of the economy. The financial markets have experienced significant volatility, and the potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. As a result, it is not possible to ascertain the overall impact of COVID-19 on the Plan's investment portfolio, participant account balances and the amounts reported in the Plan's financial statements.

On March 27, 2020, the President of the United States signed into law the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which includes provisions that impact retirement plan rules for calendar year 2020 including options to take Coronavirus-related distributions, suspend loan payments, increase new loan limits and delay required minimum distributions. The Plan has elected to adopt the provisions of the CARES Act.

NOTE 12 — SUBSEQUENT EVENTS

The employer match was reinstated in 2021 as defined in the revised plan document. Additionally, effective January 1, 2021, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Also, effective February 1, 2021, the service requirement of the Plan was changed to require completion of sixty days of service.
