1. DESCRIPTION OF THE PLAN

The following description of the Discovery Communications, LLC Retirement Savings Plan (the “Plan”) provides only general information about the Plan's provisions. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution retirement savings plan that features automatic enrollment at 6% and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan covers substantially all employees of Discovery, Inc. (the “Company”) and its subsidiaries. Employees of the Company who have attained the age of 18 years old and are working at least 30 hours per week are eligible to participate in the Plan immediately. Employees working less than 30 hours per week and temporary employees of the Company who have attained the age of 18 years old are eligible to participate in the Plan on the first day after the employee has worked at least 1,000 hours during the Plan year.

In March 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The Plan Administrator has adopted certain of the relief provisions included in the CARES Act 2020, including the following:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to $100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Required minimum distributions ("RMDs") - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

Contributions

Each year, participants may contribute 1% to 75% of their eligible pay, as defined in the Plan document, as pre-tax or after-tax Roth 401(k) contributions. Participants who attain the age of 50 by the end of the year are also eligible to make catch-up contributions. All contributions to the Plan are subject to annual limitations established by the Internal Revenue Service ("IRS"). Participants may change the percentage of their compensation contributed to the Plan at any time.

Participants may also contribute amounts representing distributions from other qualified plans or conduit individual retirement accounts (“IRA”) upon specific authorization and subject to such terms and conditions as set forth in the Plan document (“rollover contributions”).

The Company makes safe harbor matching contributions for employees that participate in the Plan. For 2020, the Company paid matching contributions equal to 100% of the first 3% of eligible compensation that a participant contributed to the Plan and 50% of the next 3% of eligible compensation contributed to the Plan, subject to annual limitations established by the IRS. The Company may also make discretionary contributions. No discretionary contributions were made to participants in 2020.

Participants direct their contributions into various investment options offered by the Plan. For 2020, the Plan offered investments in various mutual funds ("registered investment companies") and a stable value fund. The Company's matching contributions and additional discretionary contributions, if any, are allocated in the same manner as that of the participant's contributions. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and additional discretionary contributions, if any, earnings or losses from the investment options elected by the participant and charged with Plan expenses. Earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of certain Plan expenses are based on the participant's account balances, as defined. Fees related to the processing of notes are charged directly to the individual account of the participant initiating the note. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily.

Vesting

Active participants vest immediately in their contributions, the Company's matching contributions, and additional discretionary contributions, if any, plus actual earnings or net of losses thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 limit is reduced by the participant's highest outstanding notes receivable balance during the preceding 12-month period. The notes receivable are secured by the vested balance in the participant's account. The term of the notes may not exceed five years unless the amount borrowed is used for the purchase of a primary residence. The notes bear interest at a rate equal to the prime lending rate at the date of issuance plus 1%. Outstanding notes receivable as of December 31, 2020 and 2019 carried interest rates ranged from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the Company, the participant may continue to repay the entire outstanding principal and accrued interest pursuant to the terms of the promissory note and repayment documents. Additionally, within 60 days of termination, a participant may also elect to roll over the outstanding principal and accrued interest to an eligible retirement plan, subject to certain other restrictions as defined by the Plan. If the amount borrowed is not repaid or rolled over to another eligible retirement plan, it will automatically be treated as a distribution to the participant and subject to regular income taxes and an additional 10% IRS tax penalty if the participant is under the age of 59 ½.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant or beneficiary whose vested account balance exceeds $5,000 may elect to either maintain the account or receive the account balance in a single lump-sum cash payment. If the value of the account balance is greater than $1,000 but less than $5,000, the participant may elect to roll over the vested account balance either into an IRA or other retirement plan eligible to receive rollover contributions, or receive the value of the account balance in a single lump-sum cash payment. A participant whose account balance is $1,000 or less will automatically receive an immediate lump-sum distribution equal to his or her account balance unless an advance request is made to roll over the balance into another account or retirement plan eligible to receive rollover contributions.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Plan Expenses

Plan expenses, which primarily include fees related to recordkeeping, legal, and accounting may be paid by the Plan using the revenue share account allocations or may be paid by the Company. Expenses relating to investment management fees, as well as costs for purchases, sales or transfers, are charged to the particular investment fund to which the expenses relate and are included in net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits. Fees related to the processing of notes are charged directly to the individual account of the participant initiating the note. Company personnel also perform various administrative services for the Plan, including maintenance of participant records, for which the Company does not charge the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will remain 100% vested in their accounts and will receive the value of their vested account balance through one of the benefit payment options specified in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting as permitted under the Department of Labor's Rules and Regulations. Accordingly, certain additions to and deductions from net assets available for benefits are recognized when received or paid rather than when earned or incurred, except that investments include adjustments to fair value at the end of the plan year and participant loans are reflected as notes receivables from participants.

Use of Estimates

The preparation of financial statements using the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Such estimates and assumptions include, but are not limited to, fair value estimates and contingencies. Management continually re-evaluates its estimates and assumptions and management's assessments could change. Actual results may differ from those estimates and assumptions and could have a material impact on the financial statements.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Units in commingled trust funds are valued at the net asset value ("NAV") of the units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the commingled trust fund less its liabilities. (See Note 4.)

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year and the unrealized appreciation and depreciation on investments held at the end of the year. Gains or losses on sales of securities are calculated using the average cost of the securities sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as Plan expenses and are expensed when paid. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the plan document.

Contributions

Employee and Company contributions are recorded when received.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

Expenses paid by the Plan are recorded when paid. Certain expenses paid directly by the Company are excluded from the modified cash basis financial statements.

3. INFORMATION CERTIFIED BY TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, all investment information in the modified cash basis financial statements and accompanying notes and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net appreciation in fair values of investments, dividends, and interest for the year ended December 31, 2020, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the amount that would be received for selling an asset or paid to transfer a liability in an orderly transaction between market participants. Investments held by the Plan are stated at fair value. Fair value measurements are classified according to the fair value hierarchy in the following three categories.

Level 1 – Unadjusted quoted prices for identical instruments in active markets that the Plan has the ability to access.

Level 2 – Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs are unobservable. The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables present the Plan's financial assets carried at fair value on a recurring basis, by level, within the fair value hierarchy.

	As of December 31, 2020			
	Total	Level 1	Level 2	Level 3
Investments at fair value - Mutual Funds	$ 999,796,212	$999,796,212	$ —	$ —
Investments measured at net asset value[1]	35,341,506			
Total fair value of investments	$1,035,137,718	$999,796,212	$ —	$ —

	As of December 31, 2019			
	Total	Level 1	Level 2	Level 3
Investments at fair value - Mutual Funds	$879,160,164	$879,160,164	$ —	$ —
Investments measured at net asset value[1]	28,728,924			
Total fair value of investments	$907,889,088	$879,160,164	$ —	$ —

[1] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets available for Benefits.

Investments in mutual funds are valued using quoted market prices in active markets.

The Plan invests in a stable value common collective trust investment contract. This fund invests primarily in synthetic investment contracts backed for high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks. The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Accordingly, this fair value measurement is excluded from the fair value hierarchy.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair value as of December 31,		Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
	2020	2019			
Stable value fund	$ 35,341,506	$ 28,728,924	N/A	Immediate	None

The Plan Administrator is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan Administrator has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks including, but not limited to, interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the modified cash basis Statements of Net Assets Available for Benefits. As of December 31, 2020 one investment within the Plan represented 10% or more of the Plan's net assets available for benefits and represented 12% of net assets available for benefit. In 2019 three investments within the Plan each represented 10% or more of the Plan's net assets available for benefits and together represented 31% of net assets available for benefits.

6. PARTIES-IN-INTEREST

Certain Plan investments are shares of funds managed by an affiliate of Fidelity Management Trust Company, trustee of the Plan, as of December 31, 2020 and 2019 and for the year ended December 31, 2020, and, therefore, qualify as party-in-interest transactions. The fair value of investments managed by an affiliate of Fidelity Management Trust Company was $123,775 and $192,642 as of December 31, 2020 and 2019, respectively. The Company qualifies as a party-in-interest and may absorb certain expenses of the Plan. The Company did not pay any expenses on behalf of the Plan during the year ended December 31, 2020. Notes receivable from participants are also considered party-in-interest transactions, which totaled $4,962,843 and $5,287,501 at December 31, 2020 and 2019, respectively. All of these transactions are exempt from the prohibited transaction rules under ERISA.

7. TAX STATUS

The Plan has received a determination letter from the IRS dated April 28, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Management does not believe that any plan amendments made subsequent to April 28, 2014 affect the qualification of the Plan. Therefore, no provision for income taxes has been included in the modified cash basis financial statements.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

For the year ended December 31, 2020, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $1,245,934 including loan repayments, will be corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2021. Additionally, the Company will compensate participants for lost earnings resulting from the delay in contributions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2021, the date these financial statements were available to be issued.
