NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Borchers Americas, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution retirement plan covering associates of Borchers Americas, Inc. and participating employer Owensboro Specialty Polymers, Inc. (collectively, the "Company"). The Plan currently allows all eligible associates of the Company to participate in the Plan. The trustee of the Plan is Great West Trust Company, LLC (the "Trustee") and Great-West Life & Annuity Insurance dba Empower Retirement (the "Recordkeeper") provides recordkeeping services for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective December 31, 2018, the Owensboro 401(k) Plan (the "Owensboro Plan") was merged into the Plan. Net assets of \$4,396,080, comprised of investments of \$4,244,548 and notes receivable from participants of \$151,532, were transferred into the Plan.

On March 27, 2020, in a response to COVID-19, the CARES Act was signed into law. The CARES Act permits qualified Plan participants to withdraw penalty free distributions of up to \$100,000 during 2020, tax on the income from the withdrawal may be paid over a three year period, participants have the option to repay the amount withdrawn to an eligible retirement plan within three years, and waives required minimum distributions for 2020. The Plan administrator has adopted these provisions of the CARES Act and has amended the Plan pursuant to the regulations as described above.

Merger

Effective December 31, 2020, the Plan was merged into the Milliken Retirement Plan (the "Milliken Plan") and reported a transfer out of \$22,305,822 in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2020 through December 31, 2020.

Vesting

Participants are vested immediately in their contributions and any employer contributions.

Eligibility

The Plan document was amended and restated as a result of merger of the Owensboro Plan into the Plan effective January 1, 2019. As of January 1, 2019, an associate is eligible to participate in the Plan and becomes eligible for employer match when he or she has attained the age of 21 and completed a year of service as defined by the Plan document. Associates of Borchers Americas, Inc. who were employed on January 13, 2017 and associates of Owensboro Specialty Polymers, Inc. who were employed on December 31, 2018 are exempt from the age requirement.

Contributions

Participants may contribute up to 100% of their pretax annual compensation, as defined by the Plan document, through payroll deductions subject to certain Internal Revenue Code ("IRC") limitations. Participants are automatically enrolled at a 3% deferral rate and direct the investment of their contributions into various investments offered by the Plan. Participants may also contribute Roth contributions to the Plan.

Borchers Americas, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

The Company matches 100% of the participants' voluntary contributions up to 3% of wages and 50% of the participants' voluntary contributions in excess of 3%, but not exceeding 5% of wages. In addition to the employer match, the Plan provides two nonelective contributions for certain associates: 1) for associates of Borchers Americas, Inc. who were employed on or prior to October 28, 2015, the Company contributes a nonelective contribution of 3.5% of the participants' pretax annual compensation, and 2) for associates of Owensboro Specialty Polymers, Inc. who were employed on or prior to May 9, 2018, the Company contributes a nonelective contribution of 3.0% of the participants' pretax annual compensation.

Catch-up Contributions

All employees who are eligible to make pretax contributions under the Plan and participants who had attained the age of 50 before the close of the Plan year are eligible to make catch-up contributions during the Plan year in accordance with, and subject to, the limitations of Sections 414(v) of the IRC.

Rollover Contributions

Participants are eligible to rollover certain account balances from other eligible retirement plans, as defined in the Plan document, to the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings and is charged with withdrawals and allocations of Plan losses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary receives a lump sum amount equal to the value of the participant's vested interest in his or her account unless the participant or beneficiary is subject to lifetime required minimum distributions, in which case they may elect to receive installments that can be paid monthly, quarterly, or annually. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account in the same manner. Any amount payable under the Plan shall be settled by the payment of one lump sum if the participant's vested account has a balance less than \$1,000. Any amount payable under the Plan shall be settled by a mandatory rollover to another qualified plan if the participant's vested account has a balance between \$1,000 and \$5,000.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of \$100,000 or 50% of their vested account balance, whichever is less. The Coronavirus Aid, Relief and Economic Security ("CARES") Act increased the maximum dollar amount available from \$50,000 to \$100,000. Loans are secured by an assignment of the participant's vested interest in the Plan and bear interest at a rate of 2.0% plus the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest are paid ratably through payroll deductions. Loan terms shall not exceed five years except for the purchase of a primary residence, in which case, the loan term can be up to 20 years. Participants may not have more than one loan outstanding at any time. As of December 31, 2020, notes receivable from participants transferred to the Milliken Retirement Plan had maturities through 2025 at interest rates ranging from 3.25% to 7.50%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for certain investments are reflected as a reduction of investment return for those investments.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

On March 11, 2020, the World Health Organization declared a pandemic in relation to the outbreak of the COVID-19 virus. The outbreak is having a broad impact on commerce and financial markets throughout the world. Due to the current economic volatility, it is impractical to quantify the estimated impact on the fair value of the Plan's investments and the amounts reported in the financial statements.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Company, as provided in the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Borchers Americas, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which made changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification ("ASC"). The amendments in the ASU were effective for the Plan's fiscal year beginning after December 15, 2019, with early adoption permitted. Entities are required to adopt the guidance retrospectively to all periods presented. The Plan adopted the updated provisions in these financial statements. The adoption of such provisions did not have a material impact on the financial statements and related disclosures.

In August 2018, FASB issued ASU 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements for fair value measurements. The updated guidance was effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan adopted the updated provisions in these financial statements. The adoption of such provisions did not have a material impact on the financial statements and related disclosures.

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE

- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Federal Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable marker data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of valuation methodologies used for assets recorded at fair value.

Mutual Funds

Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts

The Plan's investments include self-directed brokerage accounts which are used to purchase varying underlying investments in money market funds, mutual funds, and common stocks. The underlying investments of the self-directed brokerage accounts are valued as follows:

- Money market funds and mutual funds are valued at quoted market prices on publicly traded markets.
- Common stocks are valued at the closing price reported in the active market in which the individual security is traded.

Collective Trust Funds

These investments include five collective trusts for which the daily NAV is published on the NASDAQ; therefore, these investments are reported at Level 1 in the fair value hierarchy.

The Putnam Stable Value Fund is reported at NAV as the practical expedient to estimate fair value. The Putnam Stable Value Fund seeks to deliver immediate bond-like returns while seeking to maintain a stable NAV. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Were the Plan to initiate a full redemption of the Putnam Stable Value Fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2019.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2020, the Plan paid the Recordkeeper for recordkeeping services, and Kestra Investment Services LLC for investment advisory services. In addition, certain Plan investments are managed through the Recordkeeper's self-directed brokerage platform. These transactions and notes receivable from participants qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event that the Plan is terminated, affected participants would become 100% vested in their accounts.

NOTE 7 - FEDERAL INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself. Although the plan has since been amended, the Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
