Note 1 - Plan Description

The following description of S & S Activewear, LLC 401k Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of S & S Activewear, LLC (the "Company"). All employees who have attained the age of 18 and have completed one year of service are eligible to participate in the Plan. Participants who have met the eligibility requirements are automatically enrolled in the Plan on the first day of the new quarter at a rate of 2 percent of eligible compensation, unless elected out by the participant. During 2019, the Plan was amended to automatically enroll participants who are deferring less than 6 percent or participants who are not currently contributing to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation, on a pretax or Roth basis, subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for safe harbor qualified nonelective contributions of 3 percent of the participant's eligible compensation.

The Company may make discretionary employer contributions of 100 percent of each eligible participant's elective deferrals, not to exceed 4 percent of the participant's compensation. There were no discretionary employer matching contributions made in 2020 or 2019.

The Company may also make a discretionary employer nonelective contribution to the Plan. The discretionary contribution is determined by allocation groups, as noted within the plan document. Discretionary employer contributions totaled \$500,000 for the years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants' contributions, the employer safe harbor qualified nonelective contribution, and the employer discretionary contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 100 percent of their account balances. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Principal Life Insurance Company or its affiliates. Principal Life Insurance Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 12, 2021, which is the date the financial statements were available to be issued.

In March 2021, the plan sponsor was sold to an unrelated third party. As of the report date, there was no impact to the Plan as a result of this transaction.

Note 3 - Unaudited Information

Principal Life Insurance Company (the "Custodian") holds the Plan's investments and executes all related transactions. The investment balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Notes to Financial Statements**December 31, 2020 and 2019****Note 4 - Fair Value Measurements (Continued)**

The following valuation methodologies have been used to value the Plan's investments:

Pooled Separate Accounts

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' net underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Guaranteed Investment Contracts

The guaranteed investment contracts are not considered benefit responsive and are presented at fair value. The fair value of the guaranteed investment contracts is based on contract value adjusted for certain contractual provisions. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2020	
		Investments (at Fair Value)	Level 2
Guaranteed investment contracts	\$	124,638	\$ 124,638
Investments measured at NAV - Pooled separate accounts		22,835,578	
Total investments at fair value	\$	22,960,216	

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2019	
		Investments (at Fair Value)	Level 2
Guaranteed investment contracts	\$	116,570	\$ 116,570
Investments measured at NAV - Pooled separate accounts		18,090,021

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.
