UNIONIZED EMPLOYEES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

A. Description of Plan

The following description of the Columbus Distributing Company (Company) Unionized Employees 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan, a copy of which is available to each participant from the Plan administrator.

1. General

The Plan is a qualified defined contribution plan covering all employees covered by a collective bargaining agreement between the Teamsters Union, Local No. 284 (of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen, and Helpers of America, AFL-CIO) and the Company, and who have 1 month of service and attained age 18. Employees are eligible to participate in the Plan on the 1st of the month coinciding with or following the date they attain eligibility requirements, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Contributions

Participants may elect to contribute up to 100% of their pre-tax compensation, as defined, in a given year, subject to certain limitations. Participants may also defer after-tax Roth contributions. Roth elective deferral contributions and pre-tax elective deferral contributions are both counted in the maximum deferral limit. The Company may elect to make a discretionary contribution as defined by the Plan. No discretionary contributions were made in 2020. Participants may also make rollover contributions from other qualified retirement plans or individual retirement arrangements.

In accordance with the Teamsters Union contract, the Company contributed an amount equal to \$71 a week per eligible employee until April 2020 when the rate increased to \$72 per week.

3. Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The net investment earnings and changes to fair value of the investments are allocated to each participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The accompanying statement of net assets available for benefits includes \$546,284 and \$649,567 for participants who have terminated their employment with the Company but have not elected to withdraw from participation as of December 31, 2020 and 2019, respectively.

4. Vesting

Participants are immediately vested in their contributions and the Company's contributions in accordance with the Teamsters Union Contract plus actual earnings thereon. Participants are also immediately vested in the Company discretionary contribution.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed 5 years unless proceeds are used to purchase a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2020 the outstanding notes are earning interest at rates ranging from 3.25% to 5.5%. Principal and interest is paid through payroll deductions.

6. Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the twenty investment options in increments of 1%.

7. Payment of Benefits

Upon termination of service due to retirement, disability or death, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or a joint and survivor or life annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account. Employees may withdraw their vested interest in the Plan under certain hardship conditions under the section 401(k) of the Internal Revenue Code (IRC) and as defined in the Plan. Such financial hardship withdrawals are subject to approval of the Plan administrator. Distributions are made in a lump sum.

8. Forfeited Accounts

Under the Plan, all participants are fully vested in employer and employee contributions and such amounts cannot be forfeited for any reason.

B. Summary of Significant Accounting Policies

1. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

2. Basis of Accounting

The accompanying financial statements of the Plan have been prepared using a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The principal differences between this modified cash basis and accounting principles generally accepted in the United States of America are that contributions are recorded when received by the trustee and distributions and any administrative expenses are recognized when paid.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by quoted market prices. Fair value is the price that would be required to sell an asset in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements. The Plan's stable value fund is valued at the net asset value of the units held in the collective trust. Purchases and sales are recorded on a trade-date basis. Income from investments is recorded when received. Investment income includes unrealized appreciation or depreciation of the investment funds.

4. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances. Interest income is recorded when paid. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

5. Contributions

Contributions are recorded when received by the trustee.

6. Payments of Benefits

Benefits are recorded when paid.

7. Administrative Expenses

Certain administrative expenses are paid by the Plan. Administrative expenses are recorded when paid.

8. Use of Estimates

The preparation of financial statements in conformity with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

9. Expenses

Investment related expenses are included in net appreciation in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

C. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The investment committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

The Plan values the units in the separate accounts and stable value fund at net asset value. The net asset value is used as a practical expedient to estimate fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

(a) In accordance with subtopic 820-10 of ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

C. Fair Value Measurements, Continued

1. Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Separate accounts. Various accounts managed by the trustee with different investment objectives. The net asset value is used as a practical expedient to estimate fair value.
3. Stable value fund. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value fund is a direct filing entity and therefore disclosure about the investment objectives is not required.

Following are additional disclosures related to the investments which are recorded at the net asset value expedient.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

E. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 8, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Financial statements prepared on the modified cash basis of accounting require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

E. Income Tax Status, Continued

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

F. Party-In-Interest Transactions

The Plan's trustee is Principal Trust Company which charges a fee for its service. Total fees paid to the trustee out of the Plan for the year ended December 31, 2020 were \$4,841. All of the party-in-interest transactions described in this footnote are exempt from the prohibited transaction rules of ERISA.

The following accounts are managed by Principal Life Insurance Company. Principal Life Insurance Company, is a related party to the trustee, as defined by the Plan; therefore, transactions with these accounts qualify as party-in-interest:

- Principal Stable Value Fund
- Principal International Small Company Separate Account
- Principal Core Plus Bond Separate Account
- Principal U.S. Property Separate Account
- Principal Small Cap S&P 600 Index
- SAM Balanced Separate Account
- SAM Conservative Balanced Separate Account
- SAM Conservative Growth Separate Account
- SAM Flexible Income Separate Account
- SAM Strategic Growth Separate Account

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the various investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
