NOTE 1 – DESCRIPTION OF PLAN

The following description of Holzhauer 401(K) and Profit Sharing Plan 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective July 1, 1997, Holzhauer Auto & Truck Sales, Inc. (the "Company") established the 401(k) Plan. The Plan is a defined contribution plan covering all eligible employees of the Company who have one year of service with 1,000 hours worked and are age twenty-one or older. The effective date of participation for an eligible employee, however, is the first day of each plan year quarter following the date the employee successfully met the participation requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to a dollar amount set by law of pre-tax and after-tax annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). The Company may make matching contributions equal to a discretionary percentage, to be determined by the employer, of the participant's contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions and allocations of the Company's contribution, if applicable, and Plan earnings less expenses. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Investments are currently held by Lincoln National Life Insurance Company (Lincoln). Upon enrollment in the Plan, a participant may direct employee contributions in any of the available investment options offered by the Plan. Participants may change their investment options at any time.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of service	Percent vested
0-1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Terms shall not exceed 5 years except for the purchase of a primary residence. The maximum number of loans that a participant may have outstanding at any one time is one. The loans are secured by the balance in the participant's account and bear interest at the rate of prime interest plus 1%. Principal and interest are paid ratably through payroll deductions.

Management considers all receivables to be fully collectible. Accordingly, an allowance for uncollectible accounts has not been established.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or their beneficiary, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment distributions over a specified period not to exceed the life or life expectancy of the participant or their beneficiaries. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals are allowed as defined in the Plan agreement. Additionally, the Plan allows for in-service distributions after age 59 ½ if fully vested without being required to terminate employment.

Forfeited Accounts

Forfeitures are used to reduce employer contributions or pay Plan expenses. During the year ended December 31, 2020, forfeitures of $60 were used to offset employer contributions or pay plan expenses. The balance in the forfeiture account as of December 31, 2020 and 2019 totaled $1,621 and $90, respectively.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets must be used for the exclusive benefit of participants. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared using the accrual method of accounting, based on accounting principles generally accepted in the United States of America (GAAP), which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Financial Accounting Standards Board (FASB) has adopted the Accounting Standard Codification (ASC) as the sole source of authoritative GAAP. The FASB will issue Accounting Standards Updates (ASU) from time to time to make adjustments to GAAP.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's investments are valued daily.

The insurance company general account determines its fair value using the net asset value (NAV) of the fund. The NAV is determined by the trustee of the fund using the fair value of the underlying securities within the fund at year end.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual method.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan permits the payment of the Plan expenses to be made from the Plan assets. If the Company does not pay these expenses, then the expenses paid using the Plan assets will be allocated among the participant accounts. Expenses relative to certain fees were allocated to participants accordingly and totaled $19,435 for the year ended December 31, 2020.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

All of the Plan's assets are held by Lincoln, the trustee of the Plan. The following information included in the accompanying financial statements and the supplementary schedules were summarized from information furnished by the trustee. The plan administrator has received from the trustee a certification that the information furnished by the trustee is complete and accurate.

	2020	2019
Investments	$ 2,825,243	$ 2,479,995
Notes receivable from participants	62,803	73,047
Investment income:		
Net appreciation in fair value of investments	467,409	
Interest income on notes receivable from participants	2,647	

The trustee did not provide a breakdown of investment income between appreciation in fair value and interest and dividends, as is required by GAAP. The effect of this departure from GAAP is not considered to be material.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan has adopted FASB ASC 820, *Fair Value Measurement.* FASB ASC 820 defines fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 consists of unadjusted quoted prices in active markets for identical assets or liabilities and has the highest priority.
- Level 2 consists of inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 consists of significant unobservable inputs for the asset or liability and has the lowest priority

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2020 and 2019.

Pooled Separate Accounts – Valued at the net asset value (NAV) of units of the separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on fair value of the underlying investments held by the account less its liabilities. The practical expedient is not used when it is determined to be probable that the separate account will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. The pooled separate accounts are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there were no unfunded commitments.

Guaranteed Stable Value Account – The Plan has an investment in the group annuity contract with Lincoln. Contract value represents the amounts participants would receive if they were to initiate a transaction under the terms of the ongoing plan. Interest is credited daily at not less than the guaranteed minimum interest rate and the interest rate is declared on a quarterly basis. The contract amount maintained is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The contract value reflects fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2020 and 2019, the Plan's investments within the fair value hierarchy were classified as follows:

	Fair Value Measurements Using:			
December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Guaranteed stable value account	-	-	$ 288	$ 288
Investments measured at net asset value*	-	-	-	2,824,955
Total				$ 2,825,243
December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments measured at net asset value*	-	-	-	$ 2,479,995

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

*In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in their fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value of Level 3 Assets

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2020.

Investment description	**Guaranteed stable value account**
Balance at start of the year	$ -
Purchases	288
Sales	-
Appreciation	-
Balance end of year	$ 288

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments measured at fair value and is measured using the NAV per share practical expedient as of December 31, 2020 and 2019, respectively.

	Fair Value	**Unfunded Commitments**	**Redemption Frequency (if currently Eligible)**	**Redemption Notice Period**
December 31, 2020				
Pooled separate accounts	$2,824,955	N/A	Daily	None
December 31, 2019				
Pooled separate accounts	$2,479,995	N/A	Daily	None

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a stable value account managed by Lincoln. Lincoln is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Expenses paid to the trustee to manage the funds totaled $15,225 for the year ended December 31, 2020 and were paid out of the assets of the Plan. Additional investment fees paid are netted against investment returns. Third-party services were paid to July Business Services totaling $2,106 and investment advisor fees were paid to Stadion Money Management totaling $2,104 for the year ended December 31, 2020.

NOTE 6 – TAX STATUS AND UNCERTAIN TAX POSITIONS

The Plan, which is a prototype of a plan that has qualified under the Internal Revenue Code as exempt from federal income tax, has received a favorable tax determination letter on March 31, 2014, from the Internal Revenue Service. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator is not aware of any events that have occurred which might adversely affect the Plan's qualified status.

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes*. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years ended December 31, 2017 through December 31, 2020, the years that remain subject to examination by major tax jurisdictions as of December 31, 2020.

NOTE 7 – AMOUNTS OWED TO WITHDRAWN PARTICIPANTS

As of December 31, 2020, the amount of net assets available for benefits that were in accounts of participants that are no longer employees of the plan sponsor totaled $634,163. Of those balances, no amounts had been requested to be paid to the participants but were not paid until subsequent to the Plan's year end.

NOTE 8 – RISK AND UNCERTAINTIES

In March 2020, the World Health Organization categorized the Coronavirus Disease (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected and may continue to affect the fair value of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. The impact on the Plan Sponsor and the Plan could be material.

NOTE 9 – SUBSEQUENT EVENTS

The plan administrator evaluated events and transactions subsequent to December 31, 2020 through the date of the independent auditor's report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. Management has not identified any items requiring disclosure.

NOTE 10 – PROHIBITED TRANSACTIONS

During 2020, the plan sponsor failed to remit all employee contributions to the Plan on a timely basis, which are prohibited transactions under ERISA. The plan sponsor calculated the lost earnings to the participant and contributed that amount to the Plan in order to correct the prohibited transaction.
