Note 1. Description of Plan

The following description of INTERA Incorporated Employees Savings Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of INTERA Incorporated (the Company, the Employer or the Plan Sponsor) who have completed six months of service, are age 21 years or older, are not covered by a collective bargaining agreement and are not a nonresident alien without United States source income from the Employer. The 401k Committee is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 50% of their eligible pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to match catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation, as defined by the Plan, unless a different percentage is chosen by the participant. Participants may designate some or all of their after-tax contributions as Roth deferrals. Once designated as Roth deferral, this election is irrevocable and these contributions cannot be changed back to pretax contributions.

The Company matches 100% of the first 1% of eligible participant contributions and 50% of the next 5% of the participants' eligible contributions. Additional discretionary matching contributions may be made at the option of the Company's Board of Directors. The Company's contribution is invested pro rata with the participant contributions. Contributions are subject to certain limitations. The Company's matching contribution totaled $474,836 for the year ended December 31, 2020. The additional discretionary matching contribution totaled $395,392 for the year ended December 31, 2020.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, Company matching contributions, additional discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting: Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employer discretionary matching contributions and matching contributions have a graded vesting period as follows:

Employer Discretionary Matching Contributions:

Completed Years of Service	Vested Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Employer Matching Contributions:

Completed Years of Service	Vested Percentage
Less than 1 year	0%
1 year	25%
2 years	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Any balance under $5,000 is automatically distributed as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Coronavirus Aid, Relief, and Economic Security Act of 2020 (CARES Act): During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions, an increase in Plan loan amounts for a certain period, deferral of loan payments and waiver of 2020 required minimum distributions.

Forfeited accounts: At December 31, 2020 and 2019, forfeited nonvested accounts totaled $5,185 and $26,327, respectively. These accounts may be used to pay administrative expenses or reduce employer contributions. During the year ended December 31, 2020, forfeitures of $25,579 were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies applied in the preparation of the Plan's financial statements is as follows.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401k Committee determines the Plan's valuation policies, utilizing information provided by the investment trustee. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are charged against net appreciation in fair value of investments.

New and recently issued accounting standard: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. The Plan adopted ASU No. 2018-13 effective January 1, 2020. The adoption of ASU No. 2018-13 did not have a material impact on the financial statements.

Reclassification: Certain reclassifications have been made in the prior-year financial statements related to the investments in Note 3 and Note 4. The reclassifications had no impact on previously reported investments, net assets available for benefits, or net increase in net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2020	2019
Investments at fair value:		
Money market fund	$ 8,864	$ 4,508
Mutual funds	16,844,393	14,438,951
Collective trust funds	14,384,085	12,449,629
	$ 31,237,342	$ 26,893,088
Notes receivable from participants	$ 161,061	$ 224,003

Fidelity Management Trust Company also certified the completeness and accuracy of $3,105,297 of net appreciation in fair value of investments, interest and dividends of $671,584 related to the aforementioned investments and $11,935 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specific (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund: The money market fund is valued at fair value based on published market prices, which represents the net asset value (NAV) of shares held by the Plan at year-end. The funds held by the Plan are deemed to be actively traded.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Collective trust funds are valued at the NAV of units of the common collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust funds in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Money market fund	$ 8,864	$ -	$ -	$ 8,864
Mutual funds	16,844,393	-	-	16,844,393
	$ 16,853,257	$ -	$ -	16,853,257
Investments at NAV:				
Collective trust funds*				14,384,085
Total investment assets at fair value				$ 31,237,342

Note 4. Fair Value Measurements (Continued)

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Money market fund	$ 4,508	$ -	$ -	$ 4,508
Mutual funds	14,438,951	-	-	14,438,951
	$ 14,443,459	$ -	$ -	14,443,459
Investments at NAV:				
Collective trust funds*				12,449,629
Total investment assets at fair value				$ 26,893,088

*In accordance with the ASC Fair Value Measurements and Disclosures, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Accounting standards provide guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can now be determined using NAV per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes an investment where NAV is available as a practical expedient. There are no unfunded commitments for the investment below as of December 31, 2020 or 2019.

	Fair Value as of December 31		Redemption	Redemption
Investment	2020	2019	Frequency	Notice Period
Collective trust funds	$ 14,384,085	$ 12,449,629	Immediate	None

Note 5. Related-Party Transactions and Party-in-Interest Transactions

The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2020. Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
