Report on Financial Statements
We were engaged to audit the accompanying financial statements of Tucker Paving, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC, the custodian of the Plan, along with Great-West Life & Annuity Insurance Company, the insurance company, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian and insurance company hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the custodian and insurance company as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the custodian and insurance company is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on these financial statements.

Other Matters – Supplemental Schedules
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020, and the Schedule of Delinquent Participant Contributions for the year ended December 31, 2020, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian and insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The following description of the Tucker Paving, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

During 2019, certain participating employers of the Tucker Construction & Engineering, Inc. 401(k) Incentive Savings Plan spun-off into a newly formed plan, effective March 1, 2019, known as the Tucker Paving, Inc. 401(k) Plan. The participant account balances from participating employers Tucker Paving, Inc., Tucker Carpets, Inc., Jet Materials, LLC and Concrete Construction Services, Inc., were transferred to the new Plan.

The Plan is a defined contribution plan covering all employees of Tucker Paving, Inc. (the Company) and participating employers, except certain non-resident aliens who have no earned income from sources within the United States and union employees whose employment is governed by a collective bargaining agreement, who have met the Plan's service and age requirements. To participate in the Plan, an employee must be at least 21 years of age and must have completed one year of service. Employees may enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date that the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be treated as effective and operationalized immediately upon enactment and prior to amending the Plan document. The Plan has allowed for certain of the temporary relief provisions for qualified individuals (as defined under the CARES Act) including penalty-free coronavirus-related distributions of up to $100,000 per individual through December 31, 2020. The CARES Act also waives required minimum distributions that would have been payable during 2020.

Contributions

Each year, participants may contribute pre-tax and after-tax Roth deferrals up to 100% of eligible annual compensation, as defined in the Plan, not to exceed the Internal Revenue Service (IRS) limitation of $19,500 in 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500 to the Plan in 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan allows for the Company to make a discretionary matching contribution in an amount equal to a percentage of a participant's salary deferrals but not to exceed 4% of eligible compensation. The Plan also allows for the Company to make a discretionary non-elective profit-sharing contribution in an amount determined solely by the Company. Except in the event of death, disability, or termination of employment on or after normal retirement age, a participant must be employed as of the last day of the Plan year or have completed 500 hours of service during the Plan year in order to be eligible to share in the Company's discretionary matching and profit-sharing contributions. During the year ended December 31, 2020, the Company matched 50% of a participant's elective deferral up to the maximum match of 4% of a participant's eligible compensation. The Company did not make a discretionary non-elective profit sharing contribution for the year ended December 31, 2020.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are vested immediately in their elective contributions and rollover contributions plus actual earnings thereon. Participants vest in the Company's contributions at a rate of 20% per year, beginning with the second year of vesting service, and are fully vested after six years of credited service.

Investment Options
Upon enrollment in the Plan, participants may direct the investment of their accounts into various options offered by the Plan. Participants may change their investment options at any time.

Payment of Benefits
On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions may be made to participants who have attained age 59 ½. Hardship withdrawals from employee pre-tax deferrals are also permitted by the Plan and are payable in one lump-sum. Participants that reach the age of 70 ½ prior to January 1, 2020 are required to take a minimum distribution from their account. Participants that reach the age of 70 ½ after January 1, 2020 are required to take a minimum distribution from their account upon reaching the age of 72.

Forfeited Accounts
Forfeitures of non-vested Company contributions are used to pay Plan expenses or reduce employer contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $4,885 and $2,821, respectively. During the year ended December 31, 2020, no forfeitures were used to pay Plan expenses or reduce employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements, in accordance with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements).

At December 31, 2019, the Plan was invested in the Guaranteed Interest Fund, a traditional investment contract through Great-West Life & Annuity Insurance Company (the insurance company). The primary objective of the Guaranteed Interest Fund is stability of principal. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed and re-set on a quarterly basis.

The Guaranteed Interest Fund is considered to be fully benefit-responsive. Benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the insurance company, represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) mergers, and (7) early retirement incentives. The Plan administrator does not believe that the occurrence of such events is probable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Excess Contributions Payable
The Plan is required to pass annual compliance tests. For those plans that do not pass the tests, options for corrections are available. For Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) purposes, the Plan has two options for correction of testing failures: return excess contributions to highly compensated employees, or make a qualified non-elective contribution to the non-highly compensated employees. At December 31, 2020 and 2019, the Plan did not pass the ADP and ACP tests and chose to return excess contributions to the highly compensated employees as the correction method.

Expenses
Certain expenses of administering the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated events and transactions occurring subsequent to December 31, 2020, as of October 11, 2021, which is the date the financial statements were available to be issued. No material events have occurred since December 31, 2020, that require recognition or disclosure in the financial statements.

Note 3 - Certification of Investment Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the auditor not to perform any auditing procedures with respect to the information certified by Great-West Trust Company, LLC, and Great-West Life & Annuity Insurance Company, the custodian and insurance company of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year). Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, net appreciation in fair value of investments and dividend and interest income for the year ended December 31, 2020, was obtained, or derived, from information supplied to the Plan administrator and certified as complete and accurate by the custodian and insurance company of the Plan.

Note 4 - Fair Value Measurements

The Plan measures and reports its financial assets and liabilities using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2020 and 2019.

Mutual Funds: Valued as determined by quoted market price, which represents the net asset value of shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements at Reporting Date Using		
December 31, 2020	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	$ 2,825,789	$ 2,825,789	$ -	$ -
Total Investments, at Fair Value	$ 2,825,789	$ 2,825,789	$ -	$ -

		Fair Value Measurements at Reporting Date Using		
December 31, 2019	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	$ 2,325,542	$ 2,325,542	$ -	$ -
Total Investments, at Fair Value	$ 2,325,542	$ 2,325,542	$ -	$ -

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their account balances.

Note 6 - Exempt Transactions with Parties-In-Interest

At December 31 2019, certain Plan investments were managed by the custodian and insurance company of the Plan and, therefore, these transactions qualify as party-in-interest transactions. These investments amounted to $17,984. Administrative fees paid to the Plan's custodian and financial advisor totaled $21,750 for the year ended December 31, 2020.

Note 7 - Tax Status

The prototype Plan sponsor has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization classified the novel coronavirus (COVID-19) outbreak as a pandemic. The effects of the COVID-19 pandemic have caused volatility in financial markets and may continue to affect the value of investments held by the Plan. Due to the uncertainty of the duration and the continued effects of this pandemic, the near and long-term financial effects cannot be reasonably estimated at this time.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2020 and 2019:

	December 31, 2020	December 31, 2019
Net Assets Available for Benefits Per the Financial Statements	$ 2,812,458	$ 2,335,805
