1. DESCRIPTION OF PLAN: The following description of the Floral Agency, LLC Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan that was established on January 1, 2015 to provide benefits to eligible employees. The Plan covers all full-time employees of Floral Agency, LLC (the Company) except for union employees and employees who are non-resident aliens, or whose employment is governed by a collective bargaining agreement to which retirement benefits were the subject of good faith bargaining. To be eligible, an employee must have completed one year of eligibility service and be age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions
Each year, participants may contribute pre-tax or after-tax annual compensation, as defined in the plan document, subject to certain Plan and IRS limitations. Participants who have obtained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Safe Harbor 401(k) Plan
For 2020, the Plan elected to be a Safe Harbor 401(k) Plan. A Safe Harbor 401(k) Plan is not subject to the complex annual nondiscrimination tests that apply to traditional 401(k) plans. In accordance with the safe harbor election, the Plan provided matching contributions equal to the sum of (a) 100% of an eligible participant's 401(k) contributions that did not exceed 3% of his or her compensation for the period, plus (b) 50% of a participant's 401(k) contributions that were between 3% and 5% of his or her compensation for the period. Such matching contributions totaling $2,380 were fully vested when made.

Participant Accounts
Each participant's account is credited with the participant's contributions and the Company's matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. Participants are immediately vested in employer contributions made in accordance with a safe harbor election.

Notes Receivable from Participants
Participants may borrow from their fund accounts an amount ranging from a minimum of $1,000 up to a maximum of the lesser of one-half of the vested

DESCRIPTION OF PLAN (continued):

account balance or $50,000. Participants are permitted to have four outstanding loans from the Plan at any time. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the Prime Rate as defined in the plan document. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in annual installments. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59½ years of age. Hardship withdrawals are permitted under the Plan.

Forfeited Accounts

At December 31, 2020 and 2019, there were no forfeited nonvested accounts. Forfeited accounts can be used to pay plan expenses, reduce future employer contributions or as a non-elective contribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions based on the terms of the plan agreement. There were no outstanding loans as of December 31, 2020.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Various fees related to the administration of participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 15, 2021, the date which the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

FAIR VALUE MEASUREMENTS (continued):

Registered Investment Companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Total
Registered Investment Companies	$ 29,508	$ -	$ 29,508
Investments, at fair value	$ 29,508	$ -	$ 29,508

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Total
Registered Investment Companies	$ 20,682	$ -	$ 20,682
Investments, at fair value	$ 20,682	$ -	$ 20,682

Transfers between levels: For the year ended December 31, 2020 there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company of New York, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year):

As of December 31,	2020	2019
Investments, at fair value	$29,508	$20,682

For the Year Ended December 31,	2020
Net appreciation in the fair value of investments	$6,746

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain plan investments are managed by John Hancock Life Insurance Company of New York. John Hancock Life Insurance Company of New York is the trustee as defined by the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

6. PLAN TERMINATION: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the plan of any vested rights. In the event of plan termination, participants would become 100% vested in their accounts.

7. TAX STATUS: On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the relevant taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES: The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. CORONAVIRUS PANDEMIC: The COVID-19 pandemic (COVID-19) has resulted in significant volatility in the global economy and led to a dramatic reduction in economic activity worldwide. The pandemic could have a continued adverse impact on economic and market conditions, including business and financial services disruption. The full impact of COVID-19 on the Company's operations will depend on future developments, such as the ultimate duration and scope of the pandemic and how quickly normal economic conditions resume. Government-sponsored liquidity or stimulus programs in response to COVID-19 may not be available to the Company or may be insufficient to address the full impact of the pandemic. Accordingly, the ultimate impact on the Company's results of operations, financial condition and liquidity cannot be determined at this time.

Additionally, the risk of further spreading of COVID-19 has led to significant uncertainty and volatility in the financial markets and disruption to the global economy, the consequences of which are currently unpredictable. Certain of the Plan's investments are likely to have exposure to businesses that, as a result of COVID-19, experience a slowdown or temporary suspension in business activities. These factors, as well as any restrictive measures instituted in order to prevent or control a pandemic or other public health crisis, such as the one posed by COVID-19, could have a material and adverse effect on the Plan's investments.
