PROSPECT MOLD AND DIE COMPANY THRIFT INCENTIVE PLAN

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Prospect Mold and Die Company Thrift Incentive Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan which was formed for the purpose of providing retirement benefits to all employees of Prospect Mold and Die Company (the Company). Employees become eligible to participate in the Plan upon reaching age 21 and completing two months of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance in accordance with the Plan's investment policy.

Contributions - Each year, participants may elect to contribute up to 50% of their pre-tax annual compensation, or make Roth contributions, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans, as defined (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. The Company may, at its discretion, make matching contributions. Matching contributions equal to 25% of the first 4% of the compensation that a participant contributes to the Plan were made for the year ended December 31, 2020. At the discretion of the Company's Board of Directors, additional discretionary profit sharing contributions may be authorized for the related year. These contributions are funded in the year subsequent to their authorization. Allocations of the Company's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. No discretionary profit sharing contributions were authorized for 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options - Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time. In addition, participants have the option of a self-directed brokerage account that allows participants to invest in any publicly traded security.

PROSPECT MOLD AND DIE COMPANY THRIFT INCENTIVE PLAN

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of service, as defined. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at 1% above the Prime Rate (prime rate 4.75% and 5.50% at December 31, 2020 and 2019, respectively), as defined, in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, death, disability, or retirement, a participant can receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or defer receipt of their account balance until age 70 1/2 if their vested balance is greater than \$5,000. Upon termination of service for reasons other than death, disability or retirement, a participant with an account balance under \$5,000 will automatically receive a payout equal to the value of the participant's vested interest; however, if the terminated employee's account balance is more than \$1,000 and the Plan does not receive a distribution election form from the terminated employee, the Plan will distribute the proceeds into an Individual Retirement Account (IRA) in the name of the employee. Furthermore, participants, upon a hardship (as defined by the Plan) or upon attaining age 59 1/2, may elect to withdraw a portion of their account.

Forfeited Accounts - Forfeited non-vested accounts are used to pay administrative expenses or to reduce future employer contributions. During the plan years ended December 31, 2020 and 2019 total forfeitures from non-vested accounts totaled \$4,575 and \$4,713, respectively, which were used to offset the Company's matching contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Expenses of maintaining the Plan, including participant recordkeeping, are paid by the Company and are excluded from these financial statements. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events - The Administrative Committee has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC (Great-West), the trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: * quoted prices for similar assets or liabilities in active markets; * quoted prices for identical or similar assets or liabilities in inactive markets; * inputs other than quoted prices that are observable for the asset or liability; or * inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued at the appraised values of the underlying individual assets within the brokerage accounts. The brokerage accounts primarily include mutual funds and individual equities which are traded on an active market.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust fund. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2020:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$11,634,886	\$ -	\$ -	\$11,634,886
Self-directed brokerage accounts	<u>51,664</u>	<u>-</u>	<u>-</u>	<u>51,664</u>
Total assets in the fair value hierarchy	<u>\$11,686,550</u>	<u>\$ -</u>	<u>\$ -</u>	\$11,686,550
Investment measured using NAV as a practical expedient ^(a)				<u>2,352,577</u>
Investments at fair value				<u>\$14,039,127</u>

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2019:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$12,304,028	\$ -	\$ -	\$12,304,028
Self-directed brokerage accounts	<u>49,314</u>	<u>-</u>	<u>-</u>	<u>49,314</u>
Total assets in the fair value hierarchy	<u>\$12,353,342</u>	<u>\$ -</u>	<u>\$ -</u>	\$12,353,342
Investment measured using NAV as a practical expedient ^(a)				<u>1,629,735</u>
Investments at fair value				<u>\$13,983,077</u>

a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West. Great-West is the trustee and Empower Retirement is the record-keeper as defined by the Plan and, therefore, such transactions and associated administrative expenses qualify as party-in-interest transactions.

Great-West provides certain administrative services to the Plan pursuant to an Administrative Services Agreement (ASA) between the Company and Great-West. Great-West receives revenue from mutual fund and collective trust fund service providers for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan.

If the revenue received by Great-West from such mutual fund or collective trust fund service providers exceeds the amount owed under the ASA, Great-West remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020 and 2019, there were \$30,607 and \$32,163, respectively, of such excess amounts which is reported in the accompanying statement of changes in net assets available for benefits as other income. The Plan or the Company may make a payment to Great-West for administrative expenses not covered by revenue sharing.

Additionally, the Plan holds party-in-interest receivables of \$208,847 and \$240,329 as of December 31, 2020 and 2019, respectively, in the form of participant loans.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

Great-West, sponsor of the non-standardized 401(k) plan document, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan sponsor adopted this restated prototype plan document on October 6, 2015. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of the 2019 Novel Coronavirus (COVID-19) a pandemic. COVID-19 continues to affect the business environment in general. In connection therewith, the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020 contained provisions to benefit certain eligible individuals impacted by the pandemic including easing the hardship withdrawal and loan rules. The Act also offered relief pertaining to required minimum distributions.
