Note 1 - Description of the plan

The following description of Jerry Leigh of California, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 1998, covering substantially all full-time employees of Jerry Leigh of California, Inc. (the "Company" or "Plan Sponsor") who have completed three months of service and are age 21 or older. Participants may enter the Plan on the first day of any month following satisfaction of the eligibility requirements. The Plan excludes employees covered by a union collective bargaining agreement and who are non-resident aliens and who have no earned income from within the United States.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is administered by the Administrative Committee which is appointed by the Company's Board of Directors and consists of officers of the Company. The Administrative Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CARES Act

During the year, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Under the CARES Act, the Plan has elected to allow qualified individuals, as defined, to apply for coronavirus-related distributions ("CRDs") up to $100,000, apply for loans with increased limits up to $100,000 or 100% of a participant's vested balance, allow participants to defer repayment of loans for up to one year, and waives any required minimum distributions during 2020. The Plan has until December 31, 2022 to formally amend the Plan for these CARES Act provisions.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. However, such contributions are subject to certain limitations specified by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for an automatic deferral feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

The Company may make discretionary matching contributions based on a percentage of employee deferral as well as discretionary profit sharing contributions to the Plan subject to limitations imposed by applicable provisions of the IRC. Participants are eligible to receive discretionary employer contributions upon Plan entry and are eligible to receive employer profit sharing contributions after completing at least 1,000 hours of service during the Plan year and being actively employed on the last day of the Plan year. For the year ended December 31, 2020, matching contributions of 25% of employee elective deferrals up to 1% of compensation were made. There were no profit sharing contributions for the year ended December 31, 2020.

Participant accounts
Each participant's account is credited with the participant's contributions, employer contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of service. Participants earn one year of service upon completion of 1,000 hours of service in the Plan year. A participant is 20% vested in employer contributions after two years of service and then vests 20% for each of the next four years of service until fully vested after six years of continuous service.

Notes receivable from participants
Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum loan amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' account. The loan interest rate is set at the prime rate, as defined, plus 1% on the first business day of the month the loan is originated. Principal and interest are paid ratably through regular payroll deductions. Any outstanding loan will become due and payable upon termination of employment.

Pursuant to the CARES Act, effective March 27, 2020, the maximum loan limit for coronavirus-related loans was increased to the lesser of $100,000 or 100% of the eligible participant's vested balance, effective for 180 days from March 27, 2020. Loan payments due between March 27, 2020 and December 31, 2020 can be delayed for one year, inclusive of loans that predate the CARES Act. Any subsequent repayments must be adjusted to reflect the delay and interest accrued during the delay.

Payment of benefits
On termination of service due to death, disability or retirement, the participant or the participant's beneficiaries are automatically 100% vested and are entitled to receive the entire contents of the account. For termination of service for other reasons, a participant may receive only the value of the vested interest in his or her account. Accounts with values greater than $5,000 can be distributed in a lump-sum distribution or installment payments. Accounts with values less than $5,000 but greater than $1,000 are automatically rolled into a Vanguard Individual Retirement Rollover Account, unless the participant elects to receive a distribution or roll over into an eligible retirement plan. Accounts with values of $1,000 or less are automatically distributed to participants.

Pursuant to the CARES Act, effective March 27, 2020, the required minimum distributions are not required to be taken in 2020. CRDs can be withdrawn from participant-vested account balances up to a maximum of $100,000 until December 31, 2020. Early withdrawal penalties will be waived and participants have up to three years to either pay the federal income tax owed on the CRD or to repay the amount of the CRD.

Forfeited accounts
At December 31, 2020 and 2019, forfeited nonvested accounts totaled $2,775 and $28,040, respectively. These accounts will be used to reduce future employer contributions and/or pay administrative fees. For the year ended December 31, 2020, $32,238 from forfeited nonvested accounts was used to pay administration fees.

Note 2 - Summary of significant accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
The Plan's investments are reported at fair value or net asset value ("NAV") as determined by Ascensus Trust Company ("Ascensus"), based on factors such as quoted market prices in active markets and prevailing interest rates. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 12, 2021, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2020			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 723,027	$ -	$ -	$ 723,027
Mutual funds	12,198,723	-	-	12,198,723
Total investments at fair value	$ 12,921,750	$ -	$ -	$ 12,921,750

	2019			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 717,586	$ -	$ -	$ 717,586
Mutual funds	10,741,861	-	-	10,741,861
Total investments at fair value	$ 11,459,447	$ -	$ -	$ 11,459,447

For the years ended December 31, 2020 and 2019, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4 - Related party transactions and party-in-interest transactions

The Plan's investments were invested in funds managed by Ascensus. Ascensus is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Ascensus provides certain administrative services to the Plan pursuant to a service agreement between the Company and Vanguard Group, Inc. ("Vanguard"). Vanguard, through Vanguard Retirement Plan Services, has retained Ascensus as a subcontractor to provide the services under the service agreement on behalf of Vanguard. Vanguard receives revenue from the mutual fund service providers for services Ascensus provides to the funds. This revenue is used to offset certain amounts to Ascensus for its administrative services to the Plan.

The Plan or Plan Sponsor may make a payment to Ascensus for administrative expenses not covered by revenue sharing.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Internal Revenue Service ("IRS") has determined and informed the trustee by a letter March 31, 2014, that the prototype plan used to establish the Plan is in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believes the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the CARES Act was enacted in 2020. Portions of the CARES Act make changes to existing law including relating to the amount and circumstances permitting penalty-free distributions. Plan management adopted the eligible provisions of the CARES Act and made changes to the Plan as a result.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2020 and 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 9 - Partial plan termination

Management has determined that a partial plan termination occurred during 2020 due to a significant work force reduction. As a result, the affected terminated participants became 100% vested in their accounts and will receive their full account balance upon distribution.
