INTERNATIONAL AUTO PROCESSING, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the International Auto Processing, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

A. *General.* The Plan is a defined contribution profit sharing plan, effective September 1, 2014, covering all employees (other than union employees, lease employees, and nonresident aliens) of International Auto Processing, Inc. and other adopting commonly owned companies (in the aggregate the “Company” or the “Plan Sponsor”) who have attained the age of 21 and 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 28, 2020, all plan investments were liquidated and assets totaling \$10,542,744 were transferred from Ameritas Life Insurance Corp. to Great-West Life & Annuity Insurance Company (“GWL&A”) and Great-West Trust Company, LLC (“GWTC”), the new custodians of the Plan’s assets.

Coronavirus Aid, Relief, and Economic Security (CARES) Act. Congress passed the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act on March 27, 2020, in response to the Coronavirus worldwide pandemic. The Company adopted provisions of this Act and is in the process of amending the Plan, accordingly.

Under the CARES Act, qualifying participants are allowed to obtain “Coronavirus-related distributions” of up to \$100,000 through December 31, 2020, without an early withdrawal penalty and these withdrawals are not subject to mandatory federal tax withholdings. Qualifying participants receiving one of these Coronavirus-related distributions can spread federal income taxes associated with the distribution ratably over a three-year period. Repayment is allowed within a three-year period to avoid federal income tax consequences on the distribution. Additionally, required minimum distributions that were due in 2020 are not required for the 2020 plan year. The maximum loan amount has been increased from \$50,000 to \$100,000 (or 100% of the vested balance). The increase applies to loans borrowed through September 22, 2020. In addition, for eligible individuals, the CARES Act allows new or existing loan repayments which occur between March 27, 2020, and December 31, 2020, to be delayed by re-amortizing and extending the loan maturity date.

B. *Contributions.* The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pretax and Roth contributions to the Plan up to 100% of their annual compensation, subject to limitations under the IRC. New participants are auto-enrolled with deferrals equal to 6% of compensation. Participants who are age fifty and older are also allowed to make catch-up contributions. The Company contributes as a matching contribution an amount equal to 100% of the participant’s elective deferrals that are not to exceed 1% of compensation plus 50% of participant elective deferrals that exceed 1% of compensation but do not exceed 6% of compensation. For the year ended December 31, 2020, the Company made \$506,914 of safe harbor matching contributions to all eligible employees. The Company may elect to make a discretionary profit sharing contribution but did not in 2020.

Participants may also contribute amounts representing rollover distributions from other qualified plans.

C. *Participant Accounts.* Each participant account is credited with pretax, Roth, and rollover contributions made by the participant, Plan Sponsor contributions, and plan earnings. Earnings, expenses, gains, and losses on investments are allocated based on participant account balances, as defined in the plan agreement.

D. *Vesting.* Participants' vesting in their safe harbor matching and profit sharing contributions is based on years of continuous service during which an employee completes at least 1,000 hours of service with the Company. Participants become 100% vested in their safe harbor matching contributions after two years of service. Participants become 100% vested in their profit sharing contributions after five years of service.

Participants also become 100% vested upon termination of the Plan, upon total and permanent disability, or death of the participant.

Any portion of a participant's account balance attributable to salary deferrals including catch-up contributions and rollover contributions from another qualified plan are 100% vested at the time of contribution and not subject to forfeiture.

E. *Notes Receivable from Participants.* Participants may borrow from their account in any amount greater than \$1,000 but less than 50% of their vested account balance, not to exceed \$50,000. Loans are secured by the balance in the participant's account and bear interest at a fixed rate comparable to the rates currently charged by commercial loans under similar circumstances. At December 31, 2020 and 2019, the interest rate for outstanding loans was two percentage points over the prime interest rate. Principal and interest are paid ratably through payroll deductions.

F. *Payment of Benefits.* In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching age fifty-nine and one half.

Upon normal retirement at age sixty-five, permanent disability or death, the participant or beneficiary may receive the value of the account through a lump sum distribution.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, permanent disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, the Plan may, upon termination of service for any reason, automatically pay the benefits owed in a lump sum if the account balance is \$5,000 or less.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

G. *Forfeited Accounts.* As of December 31, 2020 and 2019, forfeited nonvested accounts totaled \$19,967 and \$2,434, respectively. Forfeited nonvested accounts are available to reduce future employer contributions, to pay plan expenses, and, for portions attributable to returned uncashed distribution checks, to pay claims for such payments by former participants. In 2020, forfeitures used to pay plan expenses totaled \$121.

2. Summary of Significant Accounting Policies

A. *Accounting Method.* The accounts of the plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis. Investment income is recognized when received, and disbursements are recognized when made. Additionally, securities

investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the plan in accordance with accounting principles generally accepted in the United States of America.

B. *Use of Accounting Estimates.* The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. *Investment Valuation and Income Recognition.* The Plan's investments are stated at fair value except for the fully-benefit responsive guaranteed investment contract, which is reported at contract value (see Note 6). The value of each pooled separate account and collective investment trust is determined at the close of each business day based on the market value of the underlying investment assets. The Plan Administrator determines the Plan's valuation policies utilizing information provided by its investment advisors and custodian (see Note 4).

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividends are recorded when received. The net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

D. *Notes Receivable from Participants.* Notes receivable from participants is measured at the unpaid principal balance with no allowance for credit balances. Interest is recorded when received. Delinquent notes are reclassified as distributions based on the terms of the plan documents.

E. *Benefit Payments.* Benefit payments to participants are recorded upon distribution.

F. *Expenses.* Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Ameritas Life Insurance Corp., the custodian of the Plan, held the Plan's investment assets and executed investment transactions as of December 31, 2019, and for the period from January 1, 2020 to January 28, 2020. Great-West Life & Annuity Insurance Company ("GWL&A") and Great-West Trust Company, LLC ("GWTC"), custodians of the Plan, held the Plan's investment assets and executed transactions as of December 31, 2020, and for the period from January 29, 2020 to December 31, 2020. Accordingly, they have certified to the completeness and accuracy of the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits – modified cash basis as of December 31, 2020 and 2019, the related investment activity and interest from notes receivable from participants reflected in the statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2020, and the investments and notes receivable on the schedule of assets (held at end of year) - modified cash basis as of December 31, 2020.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below.

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument.

Mutual Funds – The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets.

Money Market Funds - The money market funds are held as individual plan assets. The money market funds have publicly available prices that are quoted daily in active markets.

Pooled Separate Accounts - Investments in pooled separate accounts represent a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using net asset value (“NAV”) per share, as determined by the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. All investments of the Plan are pooled separate accounts and are valued using NAV.

Collective Investment Trusts - The Plan uses NAV per unit to value the collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Description	Assets at Fair Value as of December 31, 2020			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 11,173,464	\$ 11,173,464	\$ -	\$ -
Total investments in fair value hierarchy	<u>\$ 11,173,464</u>	<u>\$ 11,173,464</u>	<u>\$ -</u>	<u>\$ -</u>

Description	Assets at Fair Value as of December 31, 2019			
	Total	Level 1	Level 2	Level 3
Money market funds	\$ 17,089	\$ 17,089	\$ -	\$ -
Total investments in fair value hierarchy	17,089	<u>\$ 17,089</u>	<u>\$ -</u>	<u>\$ -</u>

Investments at NAV practical expedient:*

Collective investment trusts	5,891,021
Pooled separate accounts	<u>3,071,826</u>
Investments at fair value	<u>\$ 8,979,936</u>

* In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share.

As of December 31, 2020:					
Collective investment trusts	\$ -	\$ -	Daily	None	None
Pooled separate accounts	\$ -	\$ -	Daily	None	None
As of December 31, 2019:

5. Guaranteed Investment Contract with Ameritas Life Insurance Corp.

As of December 31, 2019, the Plan held a group annuity contract with Ameritas Life Insurance Corp. (“Ameritas”). The group annuity contract, Guaranteed Investment Account, is a fixed account that is part of the general account of Ameritas. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Ameritas, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average crediting rate for 2020 was 2.45%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan’s quarterly interest rates.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

The Ameritas group annuity contract was liquidated on January 28, 2020.

6. Guaranteed Investment Contract with Great-West Life & Annuity Insurance Company

As of December 31, 2020, the Plan held a group annuity contract with Great-West Life & Annuity Insurance Company (“GWL&A”) totaling \$1,040,169. The group annuity contract, Great-West Investments Fixed Account, is a fixed account that is part of the general account of GWL&A. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL&A, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average crediting rate for 2020 was 1.05%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

7. Related-Party and Party in Interest Transactions

During the year ended December 31, 2020, the Plan paid \$64,356 for expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of the ERISA. In the event of plan termination, all participants become fully vested and amounts in the individual participant accounts will be disbursed to the participants if no successor plan is established.

9. Tax Status

The Internal Revenue Service issued its latest opinion letter on March 31, 2014, which stated that the Plan qualified under the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risk and Uncertainties

The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The extent of the adverse impact of the COVID-19 outbreak on the amounts reported in the Statement of Net Assets Available for Benefits – modified cash basis as of December 31, 2020, cannot be predicted at this time.

12. Subsequent Events

Plan management has evaluated the need for disclosures or adjustments from subsequent events through October 13, 2021, the date the financial statements were available for issuance; no material events were identified which require disclosure in or adjustment to the financial statements.
