Additionally, the employer, at its discretion, may make profit-sharing contributions.

(See Independent Auditors' Report)

PARTICIPANT ACCOUNTS

An individual account is established for each participant and provides benefits that are based on (a) amounts the participant and Plan Sponsor contributed to a participant's account, (b) investment earnings (losses), and (c) any forfeiture allocated to the account, less any administrative expenses charged to the Plan. Investment income is allocated to each participant's account based on a pro-rata share of the participant's investment allocation. Terminated participants, who are not fully vested, forfeit the non-vested portion of the Plan Sponsor's contributions made to their accounts and any investment earnings on those contributions.

VESTING

Breakthru Beverage Group

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of service. For Plan years after December 31, 2006, participants become fully vested after three years of service for Sunbelt's matching contribution, non-elective contributions, and any earnings thereon.

Alliance Beverage Distributing Co., LLC

Participants are immediately vested in their contributions plus earnings thereon, along with all safe harbor contributions made by the employer. Vesting in the remainder of their accounts is based on years of service. For employer discretionary contributions and earnings, participants are 100% vested after three years of service. For employer matching contributions and earnings, participants are 100% vested after two years of service.

Breakthru Wirtz, LLC

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of service. For employer matching contributions, participants are 100% vested after six years of service.

Breakthru Beverage Illinois Belleville, LLC

Participants are immediately vested in their contributions and employer contributions equal to 3% of participants' compensation, plus earnings thereon. Vesting in the remainder of their accounts is based on years of service. For employer profit-sharing contributions, participants are 100% vested after six years of service.

(See Independent Auditors' Report)

FORFEITED ACCOUNTS

Forfeited non-vested accounts totaled approximately \$1,000 and \$13,000 as of December 31, 2020 and 2019, respectively. These amounts can be used to pay administrative expenses of the Plan. Any remaining forfeitures can be used to reduce employer contributions. For the year ended December 31, 2020, employer contributions were reduced by approximately \$85,000, and \$18,000 of administrative expenses was paid from forfeited non-vested accounts.

INVESTMENT OPTIONS

Plan assets are invested in various mutual funds and a money market fund as designated by participants.

NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are made at the sole discretion of the Plan Sponsor. As provided by the Plan Agreement, loans are available to all participants at a reasonable interest rate, with periodic repayment through payroll deductions over a reasonable period of time. Loans must be at least \$1,000 and are limited to the lesser of \$50,000 or 50% of the participant's vested account balance.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020.

PAYMENT OF BENEFITS

Generally, benefits are payable upon termination, death, turning 59½ years old, or earlier in the case of financial hardship, as defined by the Plan. Benefits are paid in a lump sum within 60 days after the end of the Plan year in which the benefit becomes payable. Benefits from the Plan for terminated participants whose vested account balance is \$1,000 or less and who do not make payment elections shall be payable in a lump sum. Benefits from the Plan for terminated participants whose vested account balance is greater than \$1,000 but not more than \$5,000 and who do not make payment elections shall be rolled over to an individual retirement account designated by the Plan Administrator.

Pursuant to the CARES Act, Plan participants were permitted to take coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the Plan with an optional repayment term of up to three years. The ability to request special coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

(See Independent Auditors' Report)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ACCOUNTING STANDARDS CODIFICATION

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

RISK AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

PLAN EXPENSES

Certain Plan expenses are paid by the Company.

VALUATION OF INVESTMENTS

Investments are stated at fair value. See Note 5 for a discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are carried at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement.

(See Independent Auditors' Report)

SUBSEQUENT EVENTS

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 11, 2021, the date the financial statements were available to be issued.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor can terminate the Plan at any time. Upon termination of the Plan, all interests of the participants not previously vested would become vested and nonforfeitable and the net assets available for benefits would be distributed to participants based upon their individual share of total net assets available for benefits.

NOTE 4 INFORMATION CERTIFIED BY THE TRUSTEES

The Plan's investments were held by the Trustees, Fidelity Management Trust Company and Reliance Trust Company, at December 31, 2020 and 2019. Financial information related to Plan investments is included in the accompanying financial statements based on information provided by the Trustees. That information, which was not audited by independent auditors, is summarized below:

	<u>2020</u>	<u>2019</u>
Money Market and Mutual Funds	\$ 302,520,594	\$ 465,348,348
Collective Trust	90,936,230	9,342,729
Guaranteed Interest Account	38,661,714	12,233,077

During the year ended December 31, 2020, certified investment income consisted of the following:

2020	\$ 20,323,710
Net Appreciation in Fair Value of Investments	77,643,133

NOTE 5 VALUATION OF INVESTMENTS

The Fair Value Measurements and Disclosures Topic of the Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

(See Independent Auditors' Report)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below are descriptions of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2020 and 2019.

Money Market and Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market. These assets are classified as Level 1 within the fair value hierarchy.

Collective Trust: Valued using NAV per unit. NAV is based on the value of the underlying investments owned by each fund, minus its liabilities, and then divided by the number of units outstanding. Participant-initiated transactions may occur daily at NAV. This asset is classified as Level 2 within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(See Independent Auditors' Report)

NOTE 6 INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan is invested in a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company with a contract value of \$38,661,714 at December 31, 2020. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The initial guaranteed interest rate is 0% and subject to change as declared by Massachusetts Mutual Life Insurance Company. The average yield for 2020 was approximately 3%. The guaranteed investment contract does not permit Massachusetts Mutual Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan Agreement (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer.

NOTE 7 **TAX STATUS**

The Plan received a determination letter dated October 22, 2015, wherein the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan was amended since receiving the determination letter; however, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes was included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator concluded that there were no uncertain tax positions taken as of December 31, 2020.

NOTE 8 **RELATED-PARTY TRANSACTIONS**

Certain Plan investments are managed by the Trustees of the Plan. These transactions qualify as party-in-interest transactions. The Plan pays investment management, administrative, and recordkeeping fees to parties in interest. The Plan paid approximately \$191,000 to parties in interest for the year ended December 31, 2020. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, administrative fees were paid indirectly through revenue sharing and are included in the net appreciation in fair value of investments.
