Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2020 and 2019

1. Description of Plan

The following description of Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plans' provisions.

General

The Plan was established on January 1, 1982 and subsequently amended and restated at various times including January 1, 2020. The Plan is a defined contribution plan covering all employees of Ferrero U.S.A., Inc. and Subsidiaries (the "Company" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2020, the employees of Ferrero USA Inc. became eligible for the Plan.

Plan Merger

Effective January 1, 2020, the Fannie May Confections, Inc. 401(k) Plan was merged to participate in Plan.

Eligibility

Employees of the Company were eligible to participate in elective salary deferrals immediately upon completion of one month of service and the attainment of 21 years of age. Effective January 1, 2020, employees of the Company are eligible to participate in elective salary deferrals immediately with no minimum age requirement.

Employees were eligible to receive employer contributions beginning on January 1, April 1, July 1 or October 1 after completion of the first twelve consecutive months of employment in which 1,000 hours of service have been completed. Effective January 1, 2020, employees are eligible to receive employer contributions immediately with no minimum age requirement.

Participant Contributions

The Plan provides each employee with an opportunity to make elective salary deferral contributions to the Plan, subject to the limitations of the Internal Revenue Code. Employees were automatically enrolled with a 1% pre-tax deferral. Effective January 1, 2020, all eligible employees are enrolled automatically with a 3% pre-tax deferral rate which automatically increases by 1% annually, not to exceed 6% of Plan compensation, as defined. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate or type, or change their elections at any time. Participants may also contribute amounts representing eligible rollovers from other qualified plans (rollovers).

Safe Harbor Contributions

The Plan is required to make safe harbor contributions equal to 100% of the participants' salary deferral contributions up to the first 1%, plus 50% of the participants' salary deferral up to the next 5% of eligible compensation, as defined. Employees are eligible to receive safe harbor contributions upon meeting the eligibility requirements of the Plan. For the year ended December 31, 2020, the safe harbor contributions were \$3,669,959. Safe harbor contributions are calculated on a pay period basis.

Discretionary Match

The Plan can make a discretionary matching contribution equal to 100% of the participants' salary deferral contributions up to 6% of their eligible compensation limited to 4% of eligible compensation, as defined. Employees are eligible to receive discretionary matching contributions upon meeting the eligibility requirements of the Plan. For the year ended December 31, 2020, the Company did not make discretionary matching contributions. Discretionary matching contributions are calculated on a pay period basis.

Employer Profit Sharing Contributions

The Company, at its discretion, may make profit sharing contributions. All eligible, active participants who have worked at least 1,000 hours during the Plan year share in the contribution and are employed as of the end of the year. For the year ended December 31, 2020, the profit sharing contributions were \$322,056.

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their elective salary deferral and safe harbor contributions and earnings thereon. For employer profit sharing contributions, participants vest 20% after two years of service and an additional 20% each subsequent year until fully vested after completing six years of service.

Effective January 1, 2020, for employer profit sharing contributions, participants vest 20% after one year of service and an additional 20% each subsequent year until fully vested after completing five years of service. Effective January 1, 2020, participants are fully vested in safe harbor contributions and earnings thereon after two years of service.

Effective January 1, 2020 any account balance that was subject to the six-year graded vesting schedule will have the vesting accelerated to the five-year graded vesting schedule. Notwithstanding any other provision in the Plan to the contrary, effective as of January 1, 2020 the service crediting method for determining vesting for participants who participated in the Fannie May Confections Brands, Inc. 401 (k) Plan was amended. To ensure that service credited to an employee under the Plan will not be less than would have been credited under the Plan without regard to the amendment. Any participant in the Plan will be credited with the sum of the following for purposes of determining vesting service: (a) The number of years of service credited under the elapsed time method, as defined, immediately before the Plan year during which the change occurs; plus (b) one additional year of service if the employee is actively employed by the employer on the change date, as defined, or (c) one additional year of service if the employee terminated employment with the employer prior to the change date and has been credited with at least 1,000 hours of service for the Plan year that includes the change date. Subsequent service will be determined using the 1,000 hours method beginning with 2020 Plan year.

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. Plan participants' forfeitures are applied to reduce the Company's discretionary contributions for the plan year and, if applicable, any remaining amount shall be applied toward succeeding plan years until fully utilized. Forfeitures from employees, including earnings for the year ended December 31, 2020 were \$135,734. Plan forfeitures of \$73,857 were applied in conjunction with the payment of the employer contribution for the year ended December 31, 2020. At December 31, 2020 and 2019, the forfeiture balance was \$93,605 and \$31,728, respectively, which was available to be applied towards future employer contributions.

Participant Loans

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. A participant may have up to two loans outstanding at a time. Loan repayment terms are not to exceed five years; however, loans for the purchase of a primary residence can be repaid over a reasonable period of time that may be over five years. Loans are repaid through payroll deductions and are monitored by the plan administrator. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prevailing rate as determined by the plan administrator. As of December 31, 2020, the interest rates on the outstanding loans range from 5.25% to 7.50%.

Payment of Benefits

Upon termination, death, disability or retirement, vested plan benefits will be distributed to a participant or his/her beneficiary either in a lump-sum distribution or annuity payments. In addition, the Plan provides for participant withdrawals in the event of serious financial hardship.

Administrative Expenses

A portion of the expenses incurred in the administration of the Plan are paid by the Company.

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value or contract value as determined by Management (see notes 3 and 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The sales and purchases of investment securities, and gains and losses on the sale of investments, are recognized at the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Plan's Custodian

The following is a summary of the investment and notes receivable from participants information regarding the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by Massachusetts Mutual Life Insurance Company ("Mass Mutual"), the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate. Information related to assets held by the custodian at December 31, is as follows:

	2020	2019
Investments at contract value	\$ 43,483,893	\$ 26,492,794
Investments at fair value	50,340,085	29,307,480
Notes receivable from participants	905,136	346,229
	<u>\$ 94,729,114</u>	<u>\$ 56,146,503</u>

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan

The following was also certified by the custodian for the year ended December 31, 2020:

Net appreciation in fair value of investments	\$ 7,045,223
Interest income	\$ 1,129,616
Interest on notes receivable from participants	\$ 37,028

Investment Contract with Insurance Company

The guaranteed interest account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Mass Mutual. The contract is reflected in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully benefits-responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Mass Mutual. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest account does not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date.

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Significant unobservable inputs, including the Company's own assumptions in determining the fair value of investments.

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019:

- Pooled separate accounts are stated at the fair value based on the year-end market value of each unit held, which is based upon the market value of the underlying assets of the funds less management fees. The pooled separate accounts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2020 are as follows:

	Level 1	Level 2	Level 3	Total
Investments at fair value				
Pooled separate investment accounts	\$ -	\$ 50,340,085	\$ -	\$ 50,340,085

Investments at fair value at December 31, 2019 are as follows:

	Level 1	Level 2	Level 3	Total
Investments at fair value				
Pooled separate investment accounts	\$ -	\$ 29,307,480	\$ -	\$ 29,307,480

5. Related Party Transactions

The Plan's investments are managed by Mass Mutual, the custodian of the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Mass Mutual by the Plan for administrative services were \$30,592 for the year ended December 31, 2020.

6. Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that will require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Ferrero U.S.A., Inc. and Subsidiaries Profit Sharing and 401(k) Plan

8. Plan Termination

Although the Company has not expressed any intention to do so, it has the right to terminate the Plan in whole or in part at any time subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 ("ERISA"). Upon termination, partial termination or complete discontinuance of contributions under the Plan, all participants become fully vested in their individual accounts.

9. Reconciliation of Financial Statements to Form 5500

The Form 5500 was prepared on the cash basis for the years ended December 31, 2020 and 2019, and the financial statements were prepared on the accrual basis.
