Note 1 - Description of Plan

The Winco Mfg LLC 401(k) Profit Sharing Plan and Trust (the "Plan") is organized as a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers substantially all eligible employees of Winco Mfg., LLC and as of November 14, 2019, substantially all eligible employees of Chair-A-Medics, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by a trustee appointed by the Board of Directors of the Company. The Plan was established effective October 1, 2010. The Plan has been restated and amended throughout the years, with the most recent restatements effective January 1, 2020 and December 11, 2020. The following is provided only for general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Eligibility

Employees who have completed at least two months of employment are eligible to participate in the Plan. Certain classes of employees may be excluded from the Plan. Beginning January 1, 2019, employees were automatically enrolled with a contribution rate of 3% unless they opted out.

Contributions

Each year, participants may contribute up to the maximum amount allowable not to exceed the limits of Internal Revenue Code Sections 401(k), 402(g), 404 and 415. Additional profit sharing or matching amounts may be contributed at the option of the Company's Board of Directors. Participants direct the investment of contributions into various investment options offered by the Plan. For 2020, the Company elected to match 100% of employee contributions up to the first 4% of the participant's compensation, and 50% of employee contributions up to an additional 2% of compensation. For 2019, the Company elected to match 100% of employee contributions up to the first 6% of the participant's compensation. The Company did not elect to make a 2020 or 2019 profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary contribution and Plan earnings and may be charged with an allocation of administration expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 - Description of Plan, (Continued)

Vesting, (Continued)

Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

Years of Service	Percentage
Less than 2	0%
2	100%

A participant will also be 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

In the event a participant's employment is terminated for reasons other than retirement, disability or death, such participant is entitled to a termination of employment benefit in an amount equal to his vested interest as of the date of distribution of his benefit.

In the event of a termination of the Plan, the participants shall have fully vested interests in the amounts credited to their respective accounts at the time of such termination.

Forfeitures

The nonvested portion of a participant's account is forfeited upon termination of their employment with the Company. Forfeitures will be used to reduce the Plan's administrative expenses. Any remaining forfeitures will be used to reduce employer contributions. At December 31, 2020 and 2019, there was $0 and $401 in forfeited nonvested accounts, respectively.

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's account. Upon termination for any reason other than death, disability, or retirement a participant shall receive the value of the vested interest in his or her account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000, 95% of one-half their vested account balance or 95% of their total vested account balance excluding their Roth Elective Deferral balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. All loans are to be repaid within 54 months except for loans to purchase a primary residence. In 2020, the Plan opted to follow CARES Act provisions regarding participant loans, which permitted an increase in the maximum loan amount to 100% of a participant's vested balance or $100,000 and allowed participants to defer repayments up to one year for any loans issued between March 27 and September 23, 2020. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The custodian sets aside and invests the assets attributable to the investments, which consist of various publicly traded mutual funds. The Plan's investments are stated at fair market value at December 31, 2020 and 2019 as determined by Mid Atlantic Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. Defaulted participant loans are included in benefit payments when the loan is deemed to be in default.

Plan Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. The Company has paid most of the general expenses of the administration of the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were available to be issued, or October 14, 2021.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which included numerous employee benefit plan provisions to assist plan sponsors and participants. The Plan elected in 2020 to opt into the CARES Act provisions and expects to formally amend the Plan by December 2022.

In March 2021, Winco Mfg., LLC was acquired by Champion Manufacturing, Inc. (Champion), a privately held company. Management plans to continue to operate Winco Mfg., LLC as a separate entity. In October, 2021, the Company made the decision to change custodians before the end of the year, and management expects to merge the Plan with Champion's plan in 2022.

Other than as discussed above, no other subsequent events have been recognized or disclosed.

Note 3 - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified by the custodian of the Plan as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $3,444,904 and $3,290,199 and notes receivable from participants of $62,293 and $75,675 at December 31, 2020 and 2019 respectively, and related gains of $457,727 for the year ending December 31, 2020.

The related gains of $457,727 consist of the appreciation in fair value of the investments of $350,565, interest income of $3,342, and dividend income of $103,820.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Note 4 - Fair Value Measurements, (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,444,904	$ 0	$ 0	$ 3,444,904
Total assets at fair value	$ 3,444,904	$ 0	$ 0	$ 3,444,904

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,290,199	$ 0	$ 0	$ 3,290,199
Total assets at fair value	$ 3,290,199	$ 0	$ 0	$ 3,290,199

The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstances that caused the transfer. For the years ending December 31, 2020 and 2019, there were no significant transfers into or out of levels 1, 2, or 3.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts. The Plan expects to merge with Champion's 401(k) Plan in 2022 (See Note 2).

Note 6 - Tax Status

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter to comply with regulations required by law. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7 - Risks and Uncertainties

The Plan invests in a variety of publicly traded funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8 - Related Party and Parties-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties. Transactions during the year with parties-in-interest included the following:

The employer, Winco Mfg., LLC, provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Mid Atlantic Trust Company held the Plan investments and Paychex provided recordkeeping services to the Plan. Administrative fees paid by the Plan were $19,320 and $18,038 for 2020 and 2019, respectively.

Note 9 - Reconciliation of Financial Statements to Federal Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements to the Federal Form 5500, Annual Return/Report of Employee Benefit Plan, as of December 31, 2020 and 2019:

	2020	2019

Net Assets Available for Benefits per Form 5500	$ 3,507,197	$ 3,365,874

The following is a reconciliation of the Statement of Changes in Net Assets Available for Benefits per the financial statements to the Form 5500 for 2020:

Less: Current year contributions receivable not included on 2020 Form 5500 as participant and employer contributions	41,947
Net Increase on Statement of Changes in Net Assets Available for Benefits per Form 5500	$ 141,323

Note 10 - COVID-19 Pandemic

In March 2020, the World Health Organization characterized the spread of the novel coronavirus (COVID-19) as a global pandemic. Multiple jurisdictions in the U.S. have declared a state of emergency, which caused business disruptions in numerous industries. The impacts of the virus are expected to continue for some time, and its impact on the Plan and its operations are unknown.
