NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Moldex-Metric, Inc. Profit Sharing Plan & Tax Sheltered 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established in 1974 by Moldex-Metric, Inc. (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company ("Fidelity") to act as the trustee and a third-party administrator affiliated with Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. A participant's deferral percentage is subject to an annual limit of 75% of the participant's eligible compensation, up to the maximum annual limit determined by the IRC. Individuals age 50 or over by the end of the Plan year are allowed to make additional contributions.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

The Company may make discretionary non-elective matching contributions as defined in the Plan. During the year ended December 31, 2020, the Employer made the following contributions to eligible employees:

Group A: Consisted of one employee which received a discretionary contribution of $25,000, subject to limitations under the IRC.

Group B: Consisted of five employees which each received a discretionary contribution of $10,000, subject to limitations under the IRC.

Group C: Consisted of all other eligible participants which received discretionary contributions equal to 4.17% of eligible compensation.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Eligibility
Employees of the Company are eligible to participate on the first entry date following the completion of 1,000 service hours.

Vesting
Participants are immediately vested in their contributions, including actual earnings thereon. Employer discretionary contributions are subject to a five-year vesting schedule vesting at 20% per year.

Participant Accounts
Each participant's account is credited with the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses.

Investment Options
Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by the trustee.

Payment of Benefits
Upon termination of service, death, disability or retirement, the participants or beneficiaries may elect to leave their account balances in the Plan or receive their total benefits in a lump sum amount equal to the value of the participant's interest in his or her account or in the form of an annuity. The Plan allows for the automatic cash-out of participant account balances that do not exceed $1,000. Additionally, the Plan allows for an automatic rollover provision for any balances between $1,000 and $5,000 into an Individual Retirement Account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Financial Hardship Distributions
The Plan allows hardship withdrawals in accordance with the Internal Revenue Service (IRS) regulations. Among other restrictions, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Forfeitures
Forfeitures shall first be used to pay administrative expenses under the Plan, if so directed by the Employer. To the extent that forfeitures are not used to pay Plan administrative expenses, as directed by the Employer, forfeitures shall be applied to reduce the employer contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $17,443 and $8,837, respectively. From the forfeited non-vested account balances, $17,000 were applied to reduce the 2020 employer discretionary contributions funded in April 2021.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance. The minimum principal balance of any loan is $1,000. The notes are secured by the participant's account balance. Such notes bear interest at a rate commensurate with the local prevailing rate as determined by the Plan Administrator. The notes receivable from participants must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence, in which case the maximum repayment period may be longer. A participant can only have one outstanding loan. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable at December 31, 2020 and 2019, carry interest rates at 6.50% and mature through 2025.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased or sold as well as held during the year.

Management fees charged to the Plan for investments in registered investment companies are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. For the year ended December 31, 2020, there were no deemed distributions. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Benefit Payments
Benefit payments are recorded when paid.

Income Taxes
The Plan has adopted a non-standardized form of a volume submitter plan sponsored by Fidelity. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Uncertain Tax Positions
U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties (Continued)
The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was signed into law on March 27, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The Plan has not yet been amended to implement the provisions available under the CARES Act. COVID-19 distributions amounted to $290,311 for the year ended December 31, 2020.

Uncertain Tax Positions
U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

Subsequent Events
The Plan has evaluated subsequent events through October 11, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. According, Fidelity, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019;

- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020;

- Assets reflected on the Supplemental Schedule H, Line 4i - Schedule of assets (Held at End of Year) as of December 31, 2020.

NOTE 4 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Common collective trust
Units held in common collective trusts (CCT) are valued using the net asset value practical expedient (NAV practical expedient) of the CCT, as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CCT is calculated based on a compilation of primarily observable market information. The CCTs have daily redemption frequency, no redemption period or restrictions, and no unfunded commitments. Withdrawals directed by the plan sponsor must be preceded by a twelve-month written notice to the trustee; provided, however, that the trustee may, in its discretion, complete any such plan-level withdrawals before the expiration of such twelve-month period.

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

Registered investment companies (mutual funds)
Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended registered investment companies that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2020 and 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

Investments measured at NAV (practical expedient) (Common collective trust)				4,177,056
				$26,583,246

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments and notes receivable from participants and the related interest income are managed and held by an affiliate of Fidelity, the trustee of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and is subject to the provisions of ERISA. Upon termination of the Plan, contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
