Carrier Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

For the period April 3, 2020 (inception) through December 31, 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Carrier Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Carrier Global Corporation ("Company" or "Employer") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was established April 3, 2020 as a result of the spin-off of the Company from United Technologies Corporation ("UTC"). Special rules apply to employees who were eligible participants of the United Technologies Corporation Employee Savings Plan or the United Technologies Corporation Represented Employee Savings Plan immediately before the spin-off and who were eligible Company employees on April 3, 2020. Employees are generally eligible to participate in the Plan as soon as administratively feasible after completing an hour of service.

Contributions

Each year participants may make pre-tax, Roth, and/or after-tax contributions of their eligible compensation, subject to applicable limits established by law. Under certain circumstances, an eligible participant may make a rollover contribution to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an automatic enrollment and deferral feature, except for collectively bargained employees. Accordingly, the Employer will automatically withhold certain percentages based on the type and age of the participant. The automatic contribution rate increases each payroll period, unless the participant opts out.

The Company makes a matching contribution of 60% of participant contributions up to 6% of eligible compensation or as defined in an applicable collective bargaining agreement. The Company also makes a retirement contribution for eligible employees, ranging from 3% to 8% of a participant's eligible compensation, contingent upon the assigned division and union affiliation. The retirement contribution is made irrespective of whether the Company recognizes a profit and whether the participant makes an elective or after-tax contribution. Company matching contributions were approximately \$18.2 million and Company retirement contributions were approximately \$30 million for the period ended December 31, 2020.

Participant Accounts

Participant accounts are credited with the participant contributions (elective deferral, after-tax, catch-up, Roth, and rollover) and allocations of the Company's contributions and Plan earnings or losses and charged with the participant's benefit payments and an allocation of administrative expenses. Allocations are based on the earnings and losses of the participant's investments or participant account balances, as defined. Income is allocated daily based on the number of shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Carrier Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the period April 3, 2020 (inception) through December 31, 2020

The participant investment options include core funds, a stable value fund, separately managed target date investment funds, and separately managed lifetime income strategy funds. The core fund investment options represent different investment classes. The stable value fund seeks to provide a secure rate of return with a low risk to invested principal. The target date retirement funds are premixed, diversified investment strategies that are designed to be a single investment solution with a mix of underlying investments that are generally appropriate for a given retirement date. The lifetime income strategy funds consist of bond portfolio, equity portfolio and secure income portfolio options.

Notes Receivable from Participants

Participants may borrow from their fund accounts from \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, excluding Company retirement contributions, whichever is less. Loan terms range from one to 60 months. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of the loan, generally 1% above prime. Principal and interest are paid ratably through payroll deductions. Only one loan per participant may be outstanding at a time.

Vesting

Participants' contributions are fully vested upon contribution. Company matching and retirement contributions are generally fully vested upon the completion of two years of participant service in any other savings plan of the Plan Sponsor or an affiliate, the participant obtaining a normal retirement age, early retirement, disability date, the participant's death, the participant being laid off, joining the military or the completion of three years of continuous service, whichever comes first.

Forfeitures

Forfeitures are used to reduce future Company contributions and to pay administrative expenses. The Company did not utilize forfeitures to reduce Employer contributions during the period ended December 31, 2020. At December 31, 2020, the Plan had unallocated forfeitures of \$49,000.

Payment of Benefits

Upon separation of employment due to termination of employment, death, disability or retirement, participants may, at their election, withdraw their benefits as a lump sum or partial payment or maintain their vested balance in the Plan. Terminated participants who are at least 55 years of age and who have five years of service may also choose annual, monthly, or quarterly installments for two to 20 years. Participants who invest in the lifetime income strategy investment option and who are at least age 60 and have terminated employment may elect a lifetime income benefit which is calculated as an age 65 single or joint life income benefit.

If the value of a separated participant's vested balance is less than \$1,000, vested portions will be distributed to the participant in a lump sum payment. Participants are permitted withdrawals from their Plan accounts for financial hardships and upon reaching age 59½.

Plan Termination

While the Plan Sponsor has not expressed any intent to discontinue the Plan, the Plan Sponsor reserves the right to amend or terminate the Plan at any time. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and were prepared using the accrual basis of accounting.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has affected, and may continue to affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak, the Plan experienced an increase in volatility in the fair value of the investments within the Plan. These economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments cannot be predicted at this time.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and change therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Reasonable expenses of the Plan, including, trustee, attorneys, advisors, actuaries, fiduciaries and service providers are to be paid by the Plan. Expenses paid by the Company are excluded from the financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Carrier Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the period April 3, 2020 (inception) through December 31, 2020

NOTE 3 - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust Company and AllianceBernstein Trust Company have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2020;
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period April 3, 2020 (inception) through December 31, 2020; and
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Carrier Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the period April 3, 2020 (inception) through December 31, 2020

The following is a description of the valuation methodologies used for the assets measured at fair value.

Collective Trusts and Pooled Separate Account - Valued at the net asset value ("NAV") of units held, based upon the fair value of the underlying investments less liabilities. The NAV is used as a practical expedient to estimate fair value. There are no unfunded commitments or redemption restrictions for the collective trusts, with the exception of the Alliance Bernstein collective trust which requires a 180 day notice prior to total withdrawal from the collective trust. The pooled separate account has a 30 day notice requirement prior to terminating the contract. The investment objective of the AB Balanced 60/40 Collective Trust is long-term growth of capital by investing in underlying collective trusts which represent a variety of asset classes and investment styles.

Self-Directed Brokerage Accounts - Consists of publicly traded common stock and mutual funds valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2020:

	2020			Total
	Level 1	Level 2	Level 3	
Self-directed brokerage accounts	\$ 233,830	\$ -	\$ -	\$ 233,830
Total assets in the fair value hierarchy	<u>\$ 233,830</u>	<u>\$ -</u>	<u>\$ -</u>	233,830
Separate account				18,249,678
Collective trusts				<u>159,384,439</u>
Investments at fair value				<u>\$177,867,947</u>

NOTE 5 - INCOME TAX STATUS

Management has applied for a determination letter with the Internal Revenue Service ("IRS") and believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by State Street Bank & Trust Company, the trustee of the Plan and AllianceBernstein Trust Company, trustee and investment advisor; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated the financial statements for subsequent events through October 12 2021, the date the financial statements were available to be issued.
