To the Retirement Plan Committee and Management
Hattie Larlham 403(b) Retirement Savings Plan

We have audited the financial statements of Hattie Larlham 403(b) Retirement Savings Plan (the "Plan") as of and for the year ended December 31, 2020 and have issued our report thereon dated July 27, 2021. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated May 5, 2021, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on April 4, 2021 and follow-up letter dated June 16, 2021.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No significant new accounting policies were adopted, and the application of existing policies was not changed during 2020.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 27, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a second opinion on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Other Information Provided for Your Consideration

Timely Use of Forfeitures

Plan forfeitures represent the part of an employee's qualified retirement account balance that is lost when the employee terminates from employment prior to becoming fully vested. Based on IRS guidance, forfeitures may be used to (1) provide additional contributions to participants, (2) pay for reasonable plan expenses, or (3) reduce employer contributions. The plan document should clearly define how plan forfeitures will be used. Treasury regulations state that forfeitures must be used as soon as possible; the IRS has interpreted "as soon as possible" to require the plan sponsor to use forfeitures in the same plan year in which they were incurred.

Recently, the DOL has taken the position that, when a plan document permits forfeitures to be used to pay plan expenses and the plan sponsor does not timely use forfeitures, if the plan pays expenses out of other plan assets (i.e., expenses were allocated to participants), the plan sponsor may be considered to have breached its fiduciary duties.

Although it is not always feasible to use forfeitures in the year in which they occur, the general recommendation is that plan sponsors should adopt procedures to deplete the forfeiture account at least once a year. Improper handling of plan forfeitures, if uncorrected, may cause a plan to lose its qualified status and may be considered a breach of fiduciary duties.

Timely Deposit of Employee Deferrals

A Department of Labor (DOL) regulation requires that benefit plans remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. In no case can this amount of time exceed 15 business days after the end of the month in which the amounts were withheld. The 15-business-day rule, however, is not a safe harbor. The general rule has been interpreted as being as little as zero days for entities with more than 100 employees. The DOL also looks at the consistency of timing and holds employers to the least number of days for deposits when determining if contributions are timely.

July 27, 2021

The DOL has indicated that employee deferrals should be segregated from company assets directly after each pay period. Complying with this regulation may increase plan administration expenses if the custodian/record-keeper charges for each allocation of contributions. A less costly option is for the company to make the deposit into the plan's money market account immediately after each pay period, with allocations to the participant accounts monthly. We recommend discussing alternatives with the Plan's custodian/record-keeper that allow for compliance with DOL requirements while controlling costs.

This information is intended solely for the use of the retirement plan committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Hattie Larlham 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1 - Plan Description

The following description of Hattie Larlham 403(b) Retirement Savings Plan (the "Plan"), formerly known as Hattie Larlham Care Group 403(b) Retirement Savings Plan, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Hattie Larlham Center for Children with Disabilities dba Hattie Larlham, formerly known as Hattie Larlham Care Group (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 403(b) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover from another qualified plan.

The Plan provides for discretionary employer matching contributions to the participants' accounts, as determined by the Company's board of directors. Effective April 1, 2019, the plan sponsor made matching contributions of 50 percent of the first 6 percent of compensation deferred by the participant up to 3 percent of eligible compensation.

The plan sponsor may also make discretionary nonmatching contributions to participants' accounts, as determined periodically by the plan sponsor's board of directors. The plan sponsor did not make any discretionary nonmatching contributions during 2020.

Vesting

Participants who entered the Plan prior to January 1, 2017 are immediately 100 percent vested in employee salary, rollover, and employer contributions and any income or loss thereon.

Participants who entered the Plan after January 1, 2017 are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. These participants vest in employer contributions based on a two-year graded schedule starting with 50 percent after one year of service and 100 percent after two years of service, at which time the participant is fully vested.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. Forfeitures that have not been used to reduce future company contributions or pay administration expenses as of the end of the plan year are allocated to participants based on the participants' compensation, as defined. Allocations of forfeitures are considered additional company contributions and are subject to the vesting provisions of company contributions.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a life annuity and installment annuity (for retirement distributions only) or lump-sum payment (all distribution types) equal to the vested balance of a participant's account. Effective September 1, 2019, the Plan was amended to remove life annuities from the eligible distribution types.

Hardship Withdrawals

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Existing notes receivable are collateralized by the participant's account balance and bear interest at a market rate. As of January 1, 2017, the plan document was amended to no longer allow participants to borrow additional funds from their accounts.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company) and its affiliates. Principal Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except for the fully benefit-responsive unallocated contract, which is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Actual results may differ from those estimates.

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 27, 2021, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Principal Trust Company (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

December 31, 2020 and 2019

Note 5 - Fair Value Measurements (Continued)

The following valuation methodology has been used to value the Plan's investments at December 31, 2020 and 2019:

Mutual Funds

The Plan's investments valued at fair value consist solely of mutual funds valued at closing quoted prices reported in active markets and classified in Level 1 of the valuation hierarchy.

Note 6 - Unallocated Contract

The Plan has a benefit-responsive guaranteed investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Auditors:

We are providing this letter in connection with your limited scope audit of the financial statements and supplemental schedules, if any, (collectively, the "Financial Statements") Hattie Larlham 403(b) Retirement Savings Plan (the "Plan") as of December 31, 2020 and 2019 and for the year ended December 31, 2020 for the purpose of expressing an opinion as to whether the form and content of the information included in the Financial Statements, other than that derived from the certified information, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). We accept responsibility for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and for the fair presentation of the accompanying supplemental information in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

We acknowledge our responsibility for the completeness of the financial statements, and design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatement, whether due to fraud or error and for the design, implementation, and maintenance of internal control to prevent and detect fraud. We have disclosed to you the results of our assessment of the risk that the Financial Statements may be materially misstated as a result of fraud. We also acknowledge our responsibility for providing you with all relevant information and access.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

For purposes of disclosure in this letter, individual matters related to financial amounts and disclosures should be considered material if in excess of \$56,000. However, materiality limits do not apply to representations that are not directly related to amounts included in the Financial Statements or to any item regarding fraud by management or employees who have significant roles in internal control.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, as of the date of this letter, the following representations made to you during your audit.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated May 5, 2021, for the preparation and fair presentation of the Financial Statements in accordance with U.S. GAAP.
2. We are unaware of any violations of U.S. GAAP in the Plan's accounting principles and the practices and methods followed in applying them.

3. All events subsequent to the date of the Financial Statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
4. There have been no significant changes during the year in the Plan's accounting principles and practices or in the methods of applying them.
5. Methods of measurement or presentation of the supplemental information have not changed from those used in the prior period.
6. We have reviewed and accept the information related to the Plan's investment assets and investment transactions provided to the Plan and certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust Company") and have no knowledge or belief that their certification is inappropriate in the circumstances.
7. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, we have instructed you not to perform any auditing procedures with respect to the information related to the Plan's investment assets and investment transactions certified by Principal Trust Company, except for comparing such information with the related information included in the Financial Statements.
8. We have no plans or intentions that may materially affect the fair value or classification of assets and liabilities. Further, there is no intention to terminate the Plan.
9. We recognize that we are responsible for maintaining the Plan's compliance with Internal Revenue Code and Department of Labor Regulations in order to maintain the Plan's tax exempt status. The plan sponsor has operated the Plan and trust or insurance contract in a manner that did not jeopardize this tax status.
10. There are no:
 - a. Related party or party-in-interest transactions and related amounts receivable or payable, including sales, purchases, loans, transfers, leasing agreements and guarantees, except for investments in funds held by Principal Trust Company during the year and for certain administrative fees paid by the Company.
 - b. Nonexempt transactions/prohibited transactions with parties in interest, as defined in ERISA Section 3 (14) and regulations under that section.
 - c. Guarantees, whether written or oral, under which the Plan is contingently liable.

11. The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the plan.
12. There are no leases, loans, or investments in default or considered to be uncollectible.
13. There are no reportable transactions, as defined in ERISA Section 103 (b)(3)(H) and regulations under that section.

We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.

16. Financial instruments with off-balance-sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the Financial Statements.
17. Adequate provision has been made to cover possible losses that may result from the collection of receivables, including participant notes receivable.

24. The Plan has complied with the fidelity bonding requirements of ERISA.

To the Retirement Plan Committee and Management
Hattie Larlham 403(b) Retirement Savings Plan

We have audited the financial statements of Hattie Larlham 403(b) Retirement Savings Plan (the "Plan") as of and for the year ended December 31, 2020 and have issued our report thereon dated July 27, 2021. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated May 5, 2021, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on April 4, 2021 and follow-up letter dated June 16, 2021.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No significant new accounting policies were adopted, and the application of existing policies was not changed during 2020.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

July 27, 2021

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 27, 2021.
