Note 1 Description of Plan

The following description of the Concrete Holdings & Services, LLC (the "Company") C & C Concrete 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2019, is a defined contribution 401(k) profit sharing plan covering employees of the Company who have completed six months of service and are over the age of twenty-one years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan oversight is performed by the Plan Sponsor, who is the CEO of the Company, and The Aimpoint Group, LLC, the third-party administrator ("TPA"). Voya Retirement Insurance and Annuity Company ("Custodian") receives and invests the contributions and Plan earnings as directed by the participants.

Contributions to the Plan

The Plan allows participants to make tax-deferred contributions (compensation deferrals) up to the maximum limits imposed by the Internal Revenue Code. The Company provides a discretionary amount and percentage of matched employee contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. For the year ended December 31, 2020, the Company's match is based on 10% of participant's eligible wages and will match participant's elective deferrals up to 4%.

Rollovers

The Plan permits participant designated rollover contributions into plan. At December 31, 2020, there was no participant directed rollovers.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(This space has been intentionally left blank)

Note 1 Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Forfeited Accounts

Forfeitures of non-vested participant account balances can be used to pay administrative expenses of the Plan and/or to reduce contributions otherwise required of the employer. At December 31, 2020, there were no unallocated forfeited accounts. As of December 31, 2020, no plan expenses were accrued that were expected to be paid with forfeitures.

Distribution of Benefits

Participants or their beneficiaries are eligible to receive distributions from their account upon retirement, permanent and total disability, death, or financial hardship, as defined. Employees who terminate employment prior to the occurrence of one of the above events have 60 days from the date of their account distribution to invest the funds in a qualified tax deferred investment without taxation or penalty.

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted by the U.S. government as an emergency economic stimulus package. The CARES Act includes, among other things, relief provisions to tax-qualified retirement plans and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act were effective immediately, prior to amending the plan document. The Plan complied with the temporary relief provisions available to plan participants under the CARES Act and no plan amendments were required to the Plan as a result of the CARES Act.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of 5.25%, which is commensurate with rate as determined by Plan Sponsor. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are considered parties-in-interest transactions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses was considered necessary as of December 31, 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Note 3 Information Prepared and Certified by Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020, and net appreciation in fair value of investments for the year then ended was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

Note 4 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% percent vested in their employer contributions.

Note 5 Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 Fair Value Measurements

Accounting Standards Codification ("ASC") 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: * quoted prices for similar assets or liabilities in active markets; * quoted prices for identical or similar assets or liabilities in inactive markets; * inputs other than quoted prices that are observable for the asset or liability; * inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 6 Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded ("Level 1").

The preceding methods described, may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 466,207	$ -	$ -	$ 466,207
Total assets at fair value	$ 466,207	$ -	$ -	$ 466,207

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the current outbreak of the novel strain of coronavirus ("COVID-19") was declared a pandemic by the World Health Organization. The COVID-19 pandemic has caused significant volatility in financial markets and the global economy, which has affected and may continue to affect the market value of the Plan's investments. The COVID-19 pandemic continues to evolve and the impact to the financial markets remains uncertain. The ongoing extent of the impact of the COVID-19 pandemic is currently unknown and cannot be reasonably estimated at this time.

Note 8 Related Party Transactions and Parties in Interest Transactions

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company Voya Retirement Insurance and Annuity Company is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Voya Retirement Insurance and Annuity Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and Voya Retirement Insurance and Annuity Company.

Voya Retirement Insurance and Annuity Company receives revenue from mutual fund service providers for services Voya Retirement Insurance and Annuity Company provides to the funds. This revenue is used to offset certain amounts owed to Voya Retirement Insurance and Annuity Company for its administrative services to the Plan.

If the revenue received by Voya Retirement Insurance and Annuity Company from such mutual fund service providers exceeds the amount owed under the MSA, Voya Retirement Insurance and Annuity Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, there was no excess amount. The Plan or Plan Sponsor may make a payment to Voya Retirement Insurance and Annuity Company for administrative expenses not covered by revenue sharing.

Note 9 Delinquent Participant Contributions

During the year ended December 31, 2020, the Plan had delinquent participant contributions of $13,225, which have been corrected as of the date of the financial statements.

Note 10 Subsequent Events

The Plan has evaluated subsequent events through October 5, 2021, the date the financial statements were available to be issued and determined no additional items required disclosures.
