Note 1 – Description of the Plan

The following description of the Green Hills Software 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Green Hills Software LLC (the Company) and Integrity Security Services, Inc. Employees are eligible to participate in the Plan upon attaining age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 1, 2018, there was an amendment to include Integrity Global Security, LLC as a participating employer.

Effective January 1, 2019, there was an amendment to change the primary employer name to Green Hills Software LLC, to change the legal names of the participating employers to Green Hills Software LLC, Integrity Security Services, LLC and Integrity Global Security LLC and to change the Plan Administrator name to Green Hills Software LLC.

Contributions

Each year, participants may contribute up to 70 percent of annual compensation, as defined in the Plan document. These contributions are limited to a maximum, subject to IRS regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for calendar year 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan or through a self-directed brokerage account. The Company does not contribute to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of the lesser of (a) 50% of the participant's vested interest under the Plan, as determined on the date of the loan, or (b) $50,000 reduced by the highest outstanding loan balance during the prior twelve months. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at the prime rate plus one percent, as defined; interest rates range from 4.25% to 6.50%. Principal and interest is paid ratably through semi-monthly payroll deductions. There may be no more than two loans per person at any time. During 2020, the Plan implemented certain CARES Act provisions to allow for an increase in Plan loan amounts and deferral of loan payments.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants with vested account balances less than $5,000 will be automatically distributed in accordance with provisions under the Internal Revenue Code (IRC) section 401(a)(31)(B) and EGTRRA section 657. During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions and waiver of 2020 required minimum distributions.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. See Note 4 for discussion of fair value measurements.

Note 2 – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor, Green Hills Software LLC. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Upcoming Accounting Standards

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 did not have a material impact on the financial statements.

Note 3 – Information Certified by the Trustee

The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Bank of America, N.A., the Trustee of the Plan, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the assets in the Plan that were certified by Bank of America, N.A. as of December 31, 2020 and 2019:

	2020	2019
Investments:		
Registered investment companies	$ 84,607,705	$ 72,109,323
Self-directed accounts	2,140,238	1,254,646
Total investments	86,747,943	73,363,969
Notes receivable from participants	185,616	154,307
Total certified assets	$ 86,933,559	$ 73,518,276

Bank of America, N.A. also certified to the completeness and accuracy of $7,096,272 and $10,757,530 of appreciation in fair value of investments and $2,631,952 and $2,831,431 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2020 and 2019, respectively.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks/ETFs: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (Continued)

Note 5 – Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America Merrill Lynch. Bank of America Merrill Lynch is the custodian and recordkeeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Bank of America Merrill Lynch provides certain administrative services to the Plan and receives indirect revenue from mutual fund service providers.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Bank of America Merrill Lynch Retirement Group. The prototype plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. Although, the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

Note 9 – COVID Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Plan. The inherent risk and volatility of financial markets during the pandemic make it reasonably possible that the Plan is vulnerable to the risk of a near-term impact.

Note 10 – Subsequent Events

Subsequent events have been evaluated through October 8, 2021, the date that the financial statements were available to be issued**.**
