MoLo Solutions 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 (Audited) and 2019 (Compiled)

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MoLo Solutions 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of MoLo Solutions, LLC (f/k/a DJM Logistics, LLC) (the Company). Employees are eligible to participate as soon as they complete one month of service and attain the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary pre-tax and Roth contributions of participants and discretionary matching (Note H) and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made discretionary matching contributions of \$150,193 to the Plan for year ended December 31, 2020. There were no profit sharing contributions to the Plan for the year ending December 31, 2020.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment options made available and determined by the Investment Committee. Participants may change their investment options at any time.

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. Effective January 1, 2020, the portion of the participants' accounts attributable to the Company's contributions becomes 25% vested after one year of service and continues to vest at the rate of 25% for each successive year until 100% vested after four years of service (Note H). In the event of death or disability, participants become fully vested.

Prior to January 1, 2020, the portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service.

6. Payment of Benefits

On termination of service, included death/disability and normal retirement, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, or a direct rollover distribution. In service withdrawals are permitted to participants who have reached age 59 1/2 and hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Forfeitures

At December 31, 2020 and 2019 (Compiled), there were no unallocated plan assets resulting from forfeited nonvested accounts. These accounts are used to reduce future discretionary Company contributions, reallocate to participants or to pay reasonable Plan expenses. Forfeitures of \$2,161 were used to reduce discretionary Company contributions related to the Plan year ended December 31, 2020.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include the following: <ul style="list-style-type: none">* Quoted prices for similar assets or liabilities in active markets;* Quoted prices for identical or similar assets or liabilities in inactive markets;* Inputs other than quoted prices that are observable for the asset or liability;* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

December 31, 2020 (Audited) and 2019 (Compiled)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019 (Compiled).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019 (Compiled). Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Plan Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,120,230	\$ -	\$ -	\$ 1,120,230

2. Fair Value Measurements (Continued)

	Plan Investments at Fair Value as of December 31, 2019 (Compiled)			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>283,507</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>283,507</u>
Investments, at fair value	\$ <u><u>283,507</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>283,507</u></u>

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 (Audited) and 2019 (Compiled)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019 (Compiled), and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental information. The asset information as of December 31, 2020 and for the year ended December 31, 2020 was prepared by or derived from information provided by Reliance Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 20 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	<u>2020</u>	<u>(Compiled)</u> <u>2019</u>
Investments, at fair value		
Mutual funds	\$ 1,120,230	\$ 283,507
Notes receivable from participants	<u>3,723</u>	<u>771</u>
	<u>\$ 1,123,953</u>	<u>\$ 284,278</u>

The trustee also certified the completeness and accuracy of \$135,842 of net appreciation in fair value of investments, \$34,625 of interest and dividends related to the aforementioned investments, and \$47 of interest from notes receivable from participants for the year ended December 31, 2020.

MoLo Solutions 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 (Audited) and 2019 (Compiled)

NOTE D - INCOME TAX STATUS

Effective January 1, 2017, the Plan adopted a standardized form of a volume submitter plan sponsored by Reliance Trust Company. Effective January 1, 2020, the Plan adopted a standardized restated form of a volume submitter plan sponsored by Reliance Trust Company (Note H). The volume submitter plans have received opinion letters from the Internal Revenue Service as to each volume submitter plan's qualified status. The volume submitter plan opinion letters have been relied upon by this Plan. The Plan Administrator believes that the Plan is currently and was previously designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The direct and indirect future impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the future effects on the Plan.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 (Audited) and 2019 (Compiled)

NOTE H - PLAN AMENDMENT AND RESTATEMENT

Effective January 1, 2020, the Plan was amended and restated to allow discretionary employer matching contributions. Prior to this change, only discretionary profit sharing were allowed under Plan provisions (Note A-2).

As a part of the same amendment and restatement, the Plan has been retroactively amended effective January 1, 2019 (Compiled), to incorporate provisions of the Bipartisan Budget Act (BB Act). Certain provisions of the BB Act have impacted the Plan for certain eligible participants. The BB Act has allowed for the availability of immediate participant contributions to the Plan following a hardship distribution. Interested parties should refer to the BB Act and related amendment and restatement for a more complete description of the provisions.

Significant provisions of the amended and restated plan document are consistent with those of the current plan document. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

NOTE I - TRANSFER ACTIVITY

As a part of the amendment and restatement (Note H), the Plan changed record keepers from Automatic Data Processing to T. Rowe Price. Total assets of \$284,278 were transferred between record keepers on January 1, 2020. The participants' vested account balances were equal to the vested account balances in this Plan upon the transfer. Interested parties should refer to the current Plan adoption agreement and plan document for a complete description of the plan.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 13, 2021, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
