Notes to Financial Statements
December 31, 2020 and 2019

Note 1 - Plan Description

The following description of The Employer Retirement Savings Plan - Premier Health Partners (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan, established January 1, 2008, is a defined contribution plan covering certain eligible employees of Premier Health Partners (the Plan Sponsor) and several organizations that are affiliated with the Plan Sponsor (collectively, the Company or Employer). Eligible employees who have attained the age of 18 and one year of service, as defined, are eligible to participate in the Plan, subject to certain exclusions, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 23, 2019, all assets of the Atrium Health System 401(k) Savings Plan sponsored by an affiliated employer were merged into the Plan. The assets of $22,517,571 transferred to the Plan in April 2019.

Contributions – The Company makes matching contributions equal to 25 percent of the participants' pre-tax contributions into the Employee Retirement Savings Plan – Premier Health Partners up to 6 percent of compensation deferred into the Plan.

Newly eligible employees are automatically enrolled in the plan at a deferral rate of 3 percent of compensation. Employees may opt out of the automatic enrollment at any time.

Certain participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Participant Accounts – Each participant's account is credited with contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in the participant accounts are participant directed.

Vesting – Participants are immediately 100 percent vested in previously allowed employee salary and rollover contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in the Company's contributions after three years of service.

Participant Notes Receivable – Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code (IRC). Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Note 1 - Plan Description (Continued)

Benefits Payments – Upon termination of service or upon death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Account balances less than $1,000 are paid in a single lump sum upon termination without consent; however, participants always have the option, when applicable, to roll over their vested account balances into a qualified account and avoid any premature distribution penalties. Participants may also make withdrawals of vested account balances prior to termination upon attainment of age 59 ½ or in the event of financial hardship, as defined by the Plan.

Forfeitures – If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce Company contributions, pay administrative expenses of the Plan, or allocated to eligible participants in proportion to account balances. At December 31, 2020 and 2019, forfeited account balances totaled $131,406 and $162,799, respectively. During 2020, $160,000 and $3,527, respectively, were used to reduce Company contributions and to pay administrative expenses. During 2019, $183,653 and $33,672, respectively, were used to reduce Company contributions and to pay administrative expenses.

Party-in-interest Transactions – Certain plan assets are in investment funds managed by Fidelity Management Trust Company (Fidelity) or its affiliates. Fidelity is the recordkeeper for the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination – While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable – Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectable.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain administrative costs are paid by the Company and are excluded from these financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events – The financial statements and related disclosures include evaluation of events up through and including September 27, 2021, which is the date the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by Trustee

Fidelity Management Trust Company, the trustee of the Plan, holds the Plan's investments and participant notes receivable and executed all investment transactions as of and for the years ended December 31, 2020 and 2019. The investment balances and participant notes receivable balances and related income and losses included in the accompanying financial statements and schedule of assets (held at end of year) are based solely on information provided by and certified by the trustee.

Note 4 - Tax Status

The Plan adopted a Fidelity volume submitter plan effective April 17, 2019. The volume submitter plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. Following are the three levels of the fair value hierarchy:

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Participant directed brokerage accounts: The accounts hold primarily cash, common stocks, and mutual funds which are valued at daily closing prices and are deemed to be actively traded.

Collective trust fund: The collective trust fund is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019.

December 31, 2020	Level 1	Level 2	Level 3	Investments at NAV	Total
Asset in fair value hierarchy:

Investments at fair value	$ 82,096,431	$ -	$ -	$ -	$ 82,096,431

December 31, 2019	Level 1	Level 2	Level 3	Investments at NAV	Total
Asset in fair value hierarchy:					
Mutual funds	$ 71,291,237	$ -	$ -	$ -	$ 71,291,237

Investments at fair value	$ 71,688,243	$ -	$ -	$ 2,806,303	$ 74,494,546

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019.

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2019				
Collective trust fund	$ 2,806,303	N/A	Daily	Daily

Note 6 – Investment Contract

The Plan has a traditional fully benefit-responsive guaranteed investment contract with The Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in general accounts. The accounts are credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer but may not be less than 1.7 percent. The interest rate is reviewed on a periodic basis for resetting.

Note 6 – Investment Contract (Continued)

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the contract issuer to modify the contract without mutual consent from the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the guaranteed investment contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 7 - Reconciliation to Form 5500

Note 8 – Plan Operations

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available for benefits is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator has adopted distribution relief provisions, delayed loan payment, and temporary waiver of required minimum distributions provisions included in the CARES Act in the current year.

The distribution relief provision permitted qualified individuals to request a pre-approved coronavirus-related distribution, through participant self-certification of eligibility. The maximum amount that could be requested per participant was $100,000 through December 30, 2020.

The plan loan relief provision permitted qualified individuals to request a loan up to $100,000 and 100% of their vested balance, through participant self-certification of eligibility. Additionally, the Plan permitted participants impacted by COVID-19 to defer loan payments between March 27, 2020 and December 31, 2020 for one year.

The Company intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.

Note 9 – Subsequent Events

Effective March 1, 2021, the Plan was restated. The amendment provided for the addition of a new participating employer and the addition of Company non-elective contributions. Participants must meet a 1,000 hour service requirement and be employed on the last day of the year to be eligible for the non-elective contribution, as defined by the Plan. Participants become vested in non-elective contributions after three years of service. The amendment also added an annuity payment option for certain participants and provides for an in-service distribution option upon attainment of age 62 from certain contribution sources, as defined in the Plan.

Effective March 1, 2021, all assets of the CompuNet Clinical Laboratories Retirement & Profit Sharing Plan were merged into the Plan. Assets approximating $52,800,000 were transferred to the Plan in March 2021.

Certain participant balances of the MedAmerica Health Systems Corporation 401(k) Savings and Investment Plan were transferred into the Plan. Assets approximating $101,350,000 were transferred to the Plan in March 2021.
