NOTE 1 DESCRIPTION OF PLAN

The following description of the Experity 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective July 1, 2012. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2020. The Plan provides participants tax-deferred savings under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Plan was amended to change the Plan's name to Experity 401(k) Plan.

Eligibility

Employees of Experity, Inc. and TS Services Group, Inc. (effective January 1, 2020) (the Companies) are eligible to participate in the deferral component of the Plan upon reaching age 21 and completing 90 days of service. If these requirements are not met, employees are eligible to participate if 1,000 hours of service are completed. Employees are eligible to participate in the Companies contribution components of the Plan upon reaching age 21 and completing one year of service. Eligible employees may start to participate on the first day of the month following the date they become eligible.

Contributions

Participants may elect to contribute to the Plan a percentage of their eligible compensation up to a maximum amount as defined by the IRC. Should certain participants contribute more than allowable by the Plan; the excess contributions are timely refunded after year-end to the appropriate participants. The Plan allows participants to make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover distributions from other qualified retirement plans.

The Plan provides for the Companies to make safe harbor match contributions annually. For the years ended December 31, 2020 and 2019, the safe harbor match contribution is a contribution equal to 100% of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the participant's elective deferrals that exceed 3% up to a maximum of 5% of the participant's compensation. Employer safe harbor match contributions made in 2020 and 2019 totaled $1,154,238 and $568,962, respectively. Employer match and profit sharing contributions to the Plan are at the discretion of the Companies' Board of Directors; however, the total contributions may not exceed the maximum allowable by the IRC. The matching percentage will be determined each year and applied up to 4% of the participant's eligible compensation. The Companies did not make any match contributions or profit sharing contributions in 2020 and 2019.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's voluntary salary deferral contributions, the Companies' safe harbor match and Employer match contributions, and an allocation of: (a) the Companies' profit sharing contributions (if applicable), (b) the Plan's earnings or losses, (c) forfeitures and is reduced for certain administrative expenses paid by the Plan. The Companies' profit sharing contributions and forfeitures are allocated based on the participant's eligible compensation. Plan earnings or losses are allocated based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary tax-deferred and Roth contributions, Employer safe harbor match contributions, and earnings thereon. Participants are vested in the Employer matching and profit sharing contributions based on years of service. A participant becomes vested in the Employer matching and profit sharing contributions according to the following schedule:

Years of Service	Vesting Percentage
Less than 2 Years	0%
2 Years	20%
3 years	40%
4 years	60%
5 Years	80%
6 Years or More	100%

A participant must work at least 1,000 hours during a Plan year to increase the vested portion of the Companies' contributions. A participant is also 100% vested if termination is a result of death, disability, or retirement. Employees of DocuTap, Inc. through December 31, 2019, have a vesting schedule of 25% each year and fully vest after four years.

Investment Options

Participants must direct all contributions to selected investment models as made available and determined by the Plan administrator. Participants have the option to transfer monies between models and change allocations of their investment at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the vested balance of the participant's account or $50,000. Note terms cannot exceed five years unless they are for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest rate ranging from 4.25% to 6.50% at December 31, 2020 and 2019. Interest is the current prime rate plus 1% at the time the note is initiated. Principal and interest are paid through payroll deductions. If the participant terminates employment, the balance of the outstanding note will become due and payable immediately. In the event the note is not repaid, it will be treated as a taxable distribution to the participant.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump sum amount equal to the value of his/her account. Balances of less than $5,000 will be distributed to the participant. If the balance is more than $5,000, an election to receive the benefit must be made. Upon reaching 59½ years of age, a participant with a fully vested account may receive an in-service distribution prior to separation from service from all accounts except for the participant's voluntary tax-deferred and Roth contribution accounts. Hardship withdrawals are not permitted.

Forfeited Accounts

Forfeitures from less than 100% vested accounts are used to pay any administrative expenses or to reduce Companies' contributions. Excess forfeitures are used to provide additional Employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $101,072 and $663, respectively. Forfeitures used to pay administrative expenses were $-0- in 2020 and 2019. Forfeitures allocated as discretionary matching or profit sharing contributions were $-0- for the years ended December 31, 2020 and 2019. Forfeitures used to reduce Companies' contribution were $-0- for the years ended December 31, 2020 and 2019.

CARES Act

In April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Companies, as provided by the Plan document. Expenses paid directly by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest from participant notes, interest and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Common Collective Fund: Valued at the net asset value (NAV) of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 25,014,038	$ -	$ -	$ 25,014,038
Common Collective Fund:				
Stable Value Fund	-	571,516	-	571,516
Total Investments at Fair Value	$ 25,014,038	$ 571,516	$ -	$ 25,585,554

	2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,329,808	$ -	$ -	$ 10,329,808
Common Collective Fund:				
Stable Value Fund	-	467,595	-	467,595
Total Investments at Fair Value	$ 10,329,808	$ 467,595	$ -	$ 10,797,403

NOTE 5 RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the Internal Revenue Service (IRS) on the volume submitter plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore, not subject to tax under current income tax law. The volume submitter plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

A mutual fund held by the Plan is managed by Charles Schwab Bank. Charles Schwab Bank is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Certain administrative functions are performed by officers or employees of the Companies for which they receive no compensation from the Plan.

NOTE 9 PROHIBITED TRANSACTIONS

During 2019, the Plan Sponsor inadvertently failed to deposit participant deferrals within the required time frame as stated by the United States DOL. The DOL considers late deposits to be prohibited transactions. In 2020, the Plan Sponsor corrected the 2019 contributions through the Voluntary Fiduciary Correction Program (VFCP) which includes paying the applicable excise tax and lost earnings. The excise tax payments are made from the Plan Sponsor’s assets and not from the Plan’s assets.

NOTE 10 PLAN TRANSFERS

Effective, January 1, 2020, the Plan was amended to authorize the merger of assets into the Plan from DocuTap, Inc. 401(k) Plan. On February 12, 2020, assets in the amount of $11,592,926 were transferred into the Plan.

Effective, January 1, 2020, the Plan was amended to authorize the transfer of assets out of the Plan related to employees of Velocity Urgent Care, LLC. On January 9, 2020, assets in the amount of $2,742,873 were transferred out of the Plan.

NOTE 11 CORONAVIRUS

The coronavirus pandemic effects on the economy and financial markets in the future is uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.
