Anderton Group II, Ltd. 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of Plan

The following description of the Anderton Group II, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a 401(k) salary reduction profit sharing plan covering substantially all employees of Anderton Group II, Ltd. (the "Company") who have completed six months of service and have reached 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

(b) Contributions

Contributions to the Plan may consist of funds contributed by the Company, employees, and rollover contributions. Participants may contribute up to the maximum statutory amount of pretax annual compensation as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly hired eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Company may make matching contributions, up to 50% of the first 6% of the participant's compensation, but the match is discretionary and determined by the Company. The Company may also make a discretionary profit sharing contribution. No profit sharing contribution was made during 2020 and 2019. Contributions are subject to certain limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contributions, and an allocation of the Company's profit sharing contribution and Plan earnings. Participant accounts are also charged with an allocation of

(c) Participant Accounts (continued)

administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions are 20% vested to the participant for each year of service and 100% vested after 5 years. Participants become 100% vested in all accounts upon reaching normal retirement age of 59½, death, or disability while employed with the Company.

(e) Notes Receivable from Participants

Participants may borrow from the vested portion of their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates from 4.25% to 6.50%, which is commensurate with the local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably by payroll deductions.

(f) Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may elect to take partial distributions or periodic installments at the discretion of the Plan Administrator.

(g) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

(1) Description of Plan (continued)

(h) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(i) Forfeited Accounts

Net assets available for benefits at December 31, 2020 and 2019, include certain forfeited nonvested accounts. As of December 31, 2020 and 2019, the amounts in the forfeited nonvested accounts totaled $6,306 and $7,383, respectively. These accounts will be used to pay Plan expenses or reduce future employer contributions. Forfeitures of $4,298 were used to reduce employer contributions in 2020 and $930 were used to pay administrative expenses in 2019.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Investments

The Plan provides for self-directed investment programs for individual participants. Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to Financial Statements
(Continued)

(2) Summary of Significant Accounting Policies (continued)

(b) Investments (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs.

(f) Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(3) Investments

The pooled separate accounts invest exclusively in underlying mutual funds traded on an established market. The pooled separate accounts are valued daily at the net asset value ("NAV") of units in the account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the account. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The ability to exchange units of a pooled separate account may be restricted in the event that the Plan or participant engages in trading patterns which are detrimental to the account or the underlying investments. Trading restrictions apply to transfers into an investment fund; transfers out of a pooled separate account are allowed at any time.

There is no fair value hierarchy classification for investments using NAV as a practical expedient.

The unallocated contract is a cash account with John Hancock Life Insurance Company. This cash account is not, by definition, an investment contract, but rather is utilized by the custodian for forfeited nonvested accounts. See Note 1(i) for information on forfeited accounts.

(4) Information Certified by the Custodian

The financial information included in the financial statements, except for employer's and participants' contributions receivable, contributions, benefits paid to participants, and administrative expenses, have been derived from information certified as complete and accurate by the custodian of the Plan in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(5) Tax Status

The Plan is using a standardized prototype profit-sharing plan document. In a letter dated June 30, 2020, the Internal Revenue Service ("IRS") indicated the standardized form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the "Code"). The opinion of the IRS on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under Code section 401(a). The Plan has been amended since receiving this acceptability letter. However, the Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

(7) Party-In-Interest Transactions

The Plan invests in pooled separate accounts and a cash account with John Hancock Life Insurance Company, custodian of the Plan. John Hancock Retirement Plan Services, a marketing unit of John Hancock Life Insurance Company, provides administration services to the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party-in-interest transactions.

(8) Delinquent Participant Contributions

Participant contributions totaling $8,585 were withheld from participants' wages during 2020, but through oversight, were not remitted to the Plan within the time frame required by the Department of Labor under the Plan asset rules. This constitutes a loan from the Plan to the Company. The Company remitted the contributions of $8,585, plus earnings of $12, to the Plan in 2020.

(9) Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 12, 2021, the date at which the financial statements were available to be issued, and determined there are no items to disclose.
