To the Plan Administrator and Participants of
Ceres Environmental Services 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ceres Environmental Services 401(k) Profit Sharing Plan (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by American United Life Insurance Company, the Asset Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Asset Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Asset Custodian, as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the Asset Custodian is complete and accurate.

Baker Tilly US, LLP, trading as Baker Tilly, is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Report on Supplementary Information

The supplementary schedule of assets (held at end of year) as of December 31, 2020 and the schedule of delinquent participant contributions for the year ended December 31, 2020 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the Asset Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Ceres Environmental Services 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Ceres Environmental Services, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Companies participating in the Plan include Ceres Environmental Services, Inc., Vesta Equity, LLC, The Ground Up, LLC, Ceres New Zealand, LLC, Ceres Environmental, Inc. (effective January 4, 2020), and Soteria Group, LLC (effective August 28, 2020) (collectively the Company). The Company pays certain costs of administrating the Plan. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options within the Plan.

Effective January 1, 2020, Ceres New Zealand, LLC terminated its participation in the Plan.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The provisions of the CARES Act affecting employer-sponsored retirement plans were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Coronavirus-related distributions - Qualified individuals, as defined in the CARES Act, were permitted to take a coronavirus-related distribution of up to the lesser of $100,000 or 100 percent of their vested account from the Plan, without incurring a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken until December 30, 2020. Distributions may be repaid to an eligible retirement plan within three years or a participant may elect to include these distributions in taxable income on a pro rata basis over three years.

- Participant loans - Qualified individuals with loans outstanding were permitted to suspend 2020 loan repayments through December 31, 2020. Additionally, qualified individuals were eligible to borrow up to a maximum equal to the lesser of $100,000 or 100 percent of their vested account balance during 2020 (an increase from $50,000 and from 50 percent of their vested account balance previously permitted), with repayments suspended until 2021.

Eligibility

Non-union, qualified employees of the Company (other than those certain classes of employees excluded from the Plan as defined in the Plan document), who have completed at least two months of service with the Company are eligible to participate in the 401(k) portion of the plan upon reaching the age of 21.

Non-union, qualified employees of the Company are eligible to participate in the employer matching and profit sharing portion of the plan upon reaching the age of 21, and completion of one year of service (1,000 hours of service credited during a plan year).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation (salary reduction contributions) and up to 15 percent of any bonus compensation, up to the Internal Revenue Service (IRS) limit, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions) and Roth contributions. Participants 50 years of age or older may elect to defer additional catch-up contributions not to exceed $6,500 for the year ended December 31, 2020. The Company matches 100 percent of employee contributions for contributions up to 5 percent of the participant's compensation up to a total of $5,500 per year. Additionally, the Company may elect to make a discretionary profit-sharing contribution. In order to receive an allocation of the employer matching and profit sharing contributions, participating employees must be employed on the last day of the Plan year or have completed 500 hours of service during the plan year. No discretionary profit sharing contributions were made for the year ended December 31, 2020. The employer matching contribution totaled $353,930 for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's salary reduction, catch-up, Roth, and rollover contributions, the Company's matching contributions, an allocation of the Company's discretionary profit sharing contributions, and Plan earnings (net of investment and administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction, catch-up, Roth, and rollover contributions, plus earnings thereon. Vesting in the Company's profit sharing and matching contribution portion of participant accounts, plus earnings thereon, is based on years of continuous service. To earn a year of service, an employee must be credited with at least 1,000 hours of service during a plan year. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100 percent vested. Company matching and profit sharing contributions and earnings thereon vest as follows:

Years of Service	Percentage
Less than 3	0 %
3 or more	100 %

Notes Receivable from Participants

Participants may borrow from their accounts, subject to certain IRS and Department of Labor regulations. Loans must be a minimum of $1,000 and may not exceed the lesser of 50 percent of the participant's vested account balance at the date of origination or $50,000. These loans are secured by the balance in the participant's account. Interest on loans is fixed at inception of the loan. The interest rate on participant loans ranged from 3.25 to 5.50 percent as of December 31, 2020 and 2019. Principal and interest is paid ratably through payroll deductions.

As previously described in the CARES Act footnote above, CARES Act loan provisions allowed qualified individuals to suspend their loan repayments through December 31, 2020, and temporarily increased the maximum amount allowed for borrowing.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance may only be distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan, or upon attaining age 59 1/2, as defined in the Plan document. Upon termination from employment, participants with vested account balances greater than $1,000 but less than $5,000, will have their account balances automatically rolled into an IRA. Vested account balances less than $1,000 will be distributed to the participant in a lump-sum payment.

Forfeitures

Employees who are not 100 percent vested in the profit-sharing and matching contribution portions of their accounts will forfeit the nonvested amount upon termination of employment. Forfeitures will be used to reduce future Company contributions or to pay Plan expenses. As of both December 31, 2020 and 2019, forfeited nonvested amounts were $0. Forfeitures used to reduce Company contributions for the year ended December 31, 2020 were $18,188.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the investment consultant and asset custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for investment related services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2021, the date that the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

These investments are classified as Level 2 as the separate account is not itself traded on an established market, although it may invest in open ended mutual funds, available to contract holders of group or individual variable annuities, or money market instruments. If the mutual funds or money market instruments included in the separate account are valued based on quoted market prices (such as the case with these funds), those investments can be classified as Level 2 according to the fair value hierarchy. Participants may execute transfers between the available investment options once per business day without limitation or notice period. If a participant redeems $5,000 or more from any American fund, they will be precluded from investing in that fund until 30 calendar days have elapsed since the date of the redemption transaction.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Total	**Level 1**	**Level 2**	**Level 3**
Pooled separate accounts	$ 4,390,085	$ -	$ 4,390,085	$ -
Total investments at fair value	$ 4,390,085	$ -	$ 4,390,085	$ -

	December 31, 2019			
	Total	**Level 1**	**Level 2**	**Level 3**
Pooled separate accounts	$ 3,336,732	$ -	$ 3,336,732	$ -
Total investments at fair value	$ 3,336,732	$ -	$ 3,336,732	$ -

4. Fully Benefit Responsive Investment Contract

The Plan holds a traditional investment contract (AUL Fixed Account) that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the desegregation of contract value between types of investment contracts held by the Plan.

	2020	**2019**
Traditional investment contract	$ 1,075,307	$ 1,046,735

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Participants may transfer any amount from the AUL Fixed Account, but may not transfer funds to the AUL Fixed Account until 90 days have elapsed since the date of the participant's last transfer from the AUL Fixed Account.

The Plan's ability to receive amounts in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition of competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact a contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts and a fixed account managed by the Asset Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are with the Asset Custodian and thus qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

7. Tax Status

The Plan uses a prototype plan document which received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype plan was designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits in future periods.

As of December 31, 2020 and 2019, the Plan had investments of $1,598,562 and $1,534,552, respectively, that were concentrated in 1 pooled separate account and 1 fixed account.

9. Administration of Plan Assets

The Plan's assets are administered under a contract with AUL, the Asset Custodian of the Plan. The Asset Custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

10. Information Certified by Asset Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, American United Life Insurance Company (AUL), the Asset Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 and the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

11. Delinquent Participant Contributions

For the year ended December 31, 2019, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor’s Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions totaled $1,442. The contributions were corrected outside the Department of Labor Fiduciary Correction Program in 2020, and the Company compensated participants for lost earnings resulting from the delay in remitting contributions.
