(1) Description of plan

The following description of the Cosmetic Solutions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Cosmetic Solutions, LLC (the "Company") for the benefit of its full-time employees who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustees, who are employees of the Company, have overall responsibility for the operation and administration of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Effective January 1, 2019, as a result of the Bipartisan Budget Act of 2018, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE Act") was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act, among other things, includes several temporary relief provisions available to tax-qualified retirement plans and their participants. The Plan's management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following temporary provisions for qualified individuals, as defined in the Plan:

- Special coronavirus distributions up to $100,000;
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.

During 2020, the following changes were made to the Plan document:

- Effective January 1, 2020 Cosmetic Solutions Parent Holdings, LLC, the parent of the sponsor, adopted the Plan as an additional participating employer.
- Effective April 27, 2020, the Plan sponsor suspended the Safe Harbor Basic Matching Contributions made to the Plan.
- Effective May 6, 2020, number of allowed outstanding notes at any time
- Effective, August 17, 2020, the Plan added a discretionary employer match.
- Effective January 1, 2021, the Plan will resume the Safe Harbor Basic Matching Contributions.

(1) Description of plan (continued)

Plan administration - Nationwide Trust Company and Nationwide Life Insurance Company ("Nationwide") are the custodians of the Plan and The Benefit Practice serves as the Plan's third party administrator.

Contributions - Participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan are allowed to make catch-up contributions, as defined in the Plan document. The Company made safe harbor matching contributions of 100% of the first 3% of eligible compensation plus 50% of the amount between 3% and 5% of eligible compensation that a participant contributes to the Plan through April 27, 2020, when they were suspended under the CARES Act. Participants are eligible for an employer match after a year of service. The Company may also make discretionary matching contributions to the Plan. The Company implemented a discretionary contribution effective August 17, 2020 using the same formula as the safe harbor matching contributions. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions and the Company's contributions, plus actual earnings thereon.

Forfeited accounts - Forfeited non-vested balances are retained in the Plan and may be used to reduce the Company's contributions or to pay the Plan's administrative expenses. There were no forfeited nonvested accounts at December 31, 2020 and December 31, 2019.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate at the time of the loan was taken plus 1%. Principal and interest are paid ratably through payroll deductions. Participants may have no more than one note outstanding at any one time. Under the provisions of the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extended the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, disability, retirement, termination of employment, or other reasons as outlined in the Plan document, or qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), participants may elect to receive distributions from the Plan. Participants may also receive in-service distributions upon reaching 55 years of age. Distributions may be made in the form of a lump sum payment, installments, or as a rollover into another qualified plan or an individual retirement account, as defined in the Plan document.

Under the provisions of the CARES Act, eligible participants were permitted to request special penalty-free distributions of up to $100,000 for qualifying coronavirus related reasons. These reasons included the participant, spouse, or dependent being diagnosed with COVID-19, or adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus related distributions waived the 10% early withdrawal penalty and were allowed to be taken between January 1, 2020 and December 31, 2020.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the general account which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(2) Summary of significant accounting policies (continued)

New accounting pronouncement - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *"Fair Value Measurement – Disclosure Framework (Topic 820)"*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. Management does not expect the adoption of ASU 2018-13 to have a material impact on the Plan's financial statements.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and December 31, 2019.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable and distributions are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company and Nationwide Life Insurance Company, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments:

- Investments, at fair value and contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,858,618	$ -	$ -	$ 3,858,618

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,468,157	$ -	$ -	$ 3,468,157

(5) Fully benefit-responsive investment contract

The Plan has a fully benefit-responsive guaranteed investment contract with Nationwide. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate was 1.75% and 2.00% at December 31, 2020 and 2019, respectively. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the entire contract balance being paid out.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(6) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Nationwide Trust Company. Nationwide Life Insurance Company manages the fully benefit responsive contract. Nationwide is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to Nationwide and its third party administrator of approximately $39,400 and $6,300, respectively, for the year ended December 31, 2020 which was not covered by revenue sharing. The Plan also made direct payments to Nationwide and its third party administrator of approximately $36,000 and $1,500, respectively, for the year ended December 31, 2019. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Tax status

The IRS has determined that the Volume Submitter Profit Sharing Plan with CODA provided by Sungard Business Systems, LLC is designed in accordance with the applicable sections of the Code and informed Sungard Business Systems, LLC of such in a letter dated March 31, 2014. Although the Plan has been amended since the date of this letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

(9) Risks, uncertainties, and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2020, approximately 11% of the Plan's investments were invested in one fund.

(9) Risks, uncertainties, and concentrations (continued)

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statements of changes in net assets available for benefits.

(10) Delinquent participant contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company has remitted all participant contributions to the Plan, contributions totaling $119,287 were not remitted within the required time period during the year ended December 31, 2020. The Company is in the process of calculating and remitting lost earnings as a result of these delinquent participant contributions.

Additionally, participant contributions aggregating $84,077 were not remitted within the required time period during the year ended December 31, 2019. In October 2020, the Company remitted lost earnings to the Plan on behalf of affected participants.

(11) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2020 and 2019 to Schedule H of Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 4,071,781	$ 3,508,766
Excess contributions refundable	35,275	-
Net assets available for benefits per Schedule H of the Form 5500	$ 4,107,056	$ 3,508,766

(11) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2020 and 2019 to Schedule H of Form 5500:

	Years Ended December 31,	
	2020	2019
Net increase per the financial statements	$ 563,015	$ 947,030
Add: current year excess constributions refundable	35,275	-
Net increase per Schedule H of the Form 5500	$ 598,290	$ 947,030

Additionally, investments line items along with certain income and expense line items reported on Schedule H of Form 5500 for the years ended December 31, 2020 and 2019 have been reclassified in the financial statements. These reclassifications have no impact on net assets available for benefits at December 31, 2020 and 2019, or changes in net assets available for benefits for the years then ended.

(12) Refundable contributions

As a result of certain Internal Revenue Code required discrimination test results, participant contributions totaling $26,863 and employer contributions totaling $8,412 are refundable to participants. The total of $35,275 is reported as excess contributions refundable in the statement of net assets available at December 31, 2020.

(13) Subsequent events

The Plan has evaluated subsequent events through October 14, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
