Independent Auditors' Report

To the Plan Administrator of the
EP Wealth Advisors LLC 401(k) Plan
Torrance, California

Report on the Financial Statements

We have audited the accompanying financial statements of the EP Wealth Advisors LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the EP Wealth Advisors LLC 401(k) Plan as of December 31, 2020, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held at End of Year) as of December 31, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of Plan

General

The following description of the EP Wealth Advisors LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was established effective March 26, 1997, for all eligible employees of EP Wealth Advisors, LLC (the "Company"). During 2019, Plan assets were transferred to a different Plan maintained by the Company's former Professional Employee Organization ("PEO"). The Plan was amended and restated effective January 1, 2020 and the assets were transferred back from the plan maintained by the former PEO to this Plan in January of 2020.

The Plan is a defined contribution plan covering all employees of the Company as defined in the Plan agreement. The Plan covers all regular (full-time or part-time) employees (excluding employees covered by a collective bargaining agreement, leased employees, nonresident aliens and any employees acquired in a Code Section 410(b)(6)(C) transaction) who are at least 20 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

SECURE Act

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law. The SECURE Act includes provisions which allow for participation by part-time employees, increases the age of required minimum distributions ("RMDs") to 72, and allows for distributions for the birth or adoption of a child, amongst other provisions. The Plan has not been formally amended to reflect any of these changes but must be amended by December 31, 2022 if these provisions are to be adopted.

CARES Act

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was enacted on March 27, 2020. The CARES Act, among other benefits, provides certain relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions allow qualifying participants to borrow up to the lesser of $100,000 or 100% of the vested balance, delay loan principal repayments that would otherwise have been due between March 27, 2020 and December 31, 2020, and also provides for qualified Coronavirus related distributions from the Plan up to $100,000.

The provisions of the CARES Act may be effective and operationalized immediately, prior to formally amending the Plan document. The Plan Administrator has not yet formally amended the plan to adopt these provisions; such amendments must be made by December 31, 2022.

1. Description of Plan (Continued)

Plan Administration

The Company acts as the Plan Administrator. The Plan also has a 401(k) Committee comprised of the Company's President, the Company's Chief Financial Officer ("CFO"), the Company's Managing Director of Investments, the Company's Managing Director of Portfolio Strategy and the Company's Manager of Retirement Services. Fidelity Investments ("Fidelity" or "Custodian") is the custodian of the Plan's investments and PCS Retirement, LLC is the record-keeper and the Company's CFO serves as the Plan Trustee.

Contributions

Participants may contribute a portion of their eligible pre-tax annual wages up to the maximum amount allowed by the Internal Revenue Code (the "Code"), totaling $19,500 for 2020. A participant may also make "Roth" deferrals as well as pre-tax elective deferrals. Except for the fact that Roth deferrals are made on an after-tax basis, they are treated in all other respects as elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans (e.g. rollover contributions). Participants who have attained age fifty prior to the end of a plan year are eligible to make catch-up contributions to the Plan up to $6,500 in 2020.

The Plan provides for safe harbor employer contributions to be made by the Company in an amount not less than 3% of compensation. All participants are eligible for the safe harbor employer contributions. For the Plan year ended December 31, 2020, the Company has contributed 3% of each participants' base compensation for a total of $644,438.

The Company may, at its sole discretion, make an employer matching contribution in an amount determined by the Company. The Plan also provides for discretionary profit sharing contributions to be made by the Company. In order to qualify for the profit sharing contribution, each participant must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year. The Company has elected not to make a contribution for the Plan year ended December 31, 2020.

Participants' Accounts

An account is maintained for each participant and is credited with the participant's contributions, rollovers, the Company's contributions, and an allocation of earnings and losses, net of certain investment management fees and certain other expenses. The Company's safe harbor contribution is allocated among the funds within each participant account in the same manner as the employee's contribution. Investment income is allocated daily among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interests in that investment. A participant is entitled to the benefit provided from their account.

1. Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in any of the investment options managed by the Custodian, which may be changed directly by the participant at any time. The Plan also allows for the Trustee to establish self-directed brokerage accounts, in which the participant may direct employer and employee contributions in any of the investment options that the participant chooses, which may be changed directly by the participant at any time.

Vesting

Participants are immediately vested in their contributions and earnings thereon. The participants are also immediately vested in the Company's safe harbor employer contributions plus actual earnings thereon. Vesting on the Company's discretionary matching and profit sharing contributions is based on the participant's years of service and follows a two to six year graded vesting schedule (20% per year starting with two year of vesting service). Only whole years of service are counted.

Forfeitures

Forfeitures can be used to pay any administrative expenses or to reduce the contributions in accordance with the provisions of the Plan. During the year ended December 31, 2020, there were no forfeitures of unallocated account balances and no forfeitures were used to pay plan expenses.

Notes Receivable from Participants

The Plan allows for loans to its participants, up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum amount of any loan is $1,000. Participants may not have more than one loan at a time. The loans are secured by the participant's vested account balance and bear interest at a rate of prime plus 1%. Loans are to be paid back over a period not to exceed five years, unless such proceeds are used for the purchase or repair of a principle residence, which must be paid back over a period not to exceed ten years. Repayments are made through payroll deductions during the loan term, subject to a right of voluntary prepayment in full. As noted above, participants were able to benefit from temporary CARES Act provisions for Covid-19 related loans during 2020.

Payment of Benefits

As defined by the Plan, participants may take in-service disbursements from their account upon reaching age 59 ½ or normal retirement at age 65. Upon termination of employment, death, disability, or retirement, a participant may elect to receive a lump-sum payment, in an amount equal to the value of the participant's vested interest in his or her account.. If, upon termination, a participant has not elected to receive or rollover their vested account balance, not to exceed $5,000, the Plan will follow its mandatory cash-out provisions.

1. Description of Plan (Continued)

Withdrawals by Participants

Withdrawals prior to a participant's termination of employment (in-service withdrawals) may be made in accordance with the provisions of the Plan. The Plan also provides for hardship distributions subject to the qualifications and limitations prescribed by the IRC and as defined in the Plan document.

CARES Act Related Distributions

In conjunction with the immediately effective CARES Act provisions as noted above, participants could make COVID-19 related withdrawals of up to $100,000 against their entire vested account balance, without penalty, for withdrawals before December 31, 2020. The COVID-19 withdrawals will be included in the participant's taxable income over a three-year period, unless the participant elects to have it taxed in the year of distribution. Repayment of withdrawal is permitted if the repayment occurs within three years of distribution. There were no distributions made under this program in 2020.

Income Tax Status

The Volume Submitter Profit Sharing Plan with cash or deferred arrangement ("CODA") on which the Plan is based received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Therefore, no provision for federal or state income taxes has been recorded in the accompanying financial statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Plan Termination

The Company expects to continue the Plan but is free to terminate the Plan or discontinue contributions at any time. In the event of such termination or discontinuance, Plan benefits will become vested and paid in accordance with the terms of the Plan and the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Concentration of Credit Risk

The Plan's investments include registered investment company mutual funds, money markets and participant directed investments that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

The Plan's exposure to credit loss in the event of non-performance of investments managed by the custodian is limited to the carrying value of such investments. The Plan's concentrations of credit risk are dictated by the Plan's provisions as well as those of ERISA and the participant's investment preference.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and money markets and includes the option for participant directed investments. Investment securities are exposed to various risks, such as interest rate, market and credit.

Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, a global pandemic was declared related to the outbreak of a novel strain of coronavirus, COVID-19. The pandemic has had an unprecedented impact on the U.S. economy, which has created significant uncertainties. As the situation continues to change, there may be a material adverse impact on the Plan's assets and potentially on the Sponsor's operations. The ultimate impact of the pandemic on the Plan cannot be reasonably estimated at this time.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal amount plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions in accordance with provisions of the Plan. During the year ended December 31, 2020, deemed distributions amounted to $1,054 and are included in benefits paid to participants.

Contributions

Participant contributions are recorded by the Plan in the year withheld from participant earnings. Contributions to the Plan by the Company are recorded in the year which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan can be paid out of Plan assets, including forfeitures; however, the Company typically pays for such expenses (see Note 5). Certain management fees and transaction costs associated with the investment options may be included by the trustee in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

Authoritative guidance establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

3. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Under the guidance, the three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan based upon quoted market prices at year-end.

Money market funds: Money market funds are classified in Level 1 of the fair value hierarchy as fair value is based on quoted prices in active markets for identical securities.

Participant directed investments: Consist of investments in money market funds, mutual funds, exchange traded funds, common stocks, preferred stocks and bonds, all of which are classified in Level 1 of the fair value hierarchy as fair value is based on quoted prices in active markets for identical securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,139,155	$ -	$ -	$ 15,139,155
Participant directed investments	5,246,130			5,246,130
Money market funds	662,488			662,488
Investments measured at net asset value	-	-	-	-
Investments at fair value	$ 21,047,773	$ -	$ -	$ 21,047,773

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and the net assets of the Plan will be allocated among the participants in accordance with the terms of the Plan and ERISA.

5. Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are shares of mutual funds managed by the Custodian of the Plan. The Plan issues loans to participants, which are secured by the balances in the participant's account.

The Company pays certain administrative expenses of the Plan, primarily advisor and audit fees, however, no such fees were paid during 2020. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

6. Subsequent Events

Subsequent to year-end, all employees of the Company were transitioned over to a newly formed administrative Company, EP Wealth Advisors Admin, LLC ("Admin Co"). The Plan document was amended and restated effective January 1, 2021 to reflect this change.

In providing the disclosures contained in this note, Plan management evaluated events occurring between the end of the plan year and October 13, 2021, the date the accompanying financial statements became available to be issued. There were no subsequent events to report which would require recognition or disclosure in the financial statements.
