MINTED, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the MINTED, LLC 401(k) PLAN (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2012 to provide retirement benefits for employees of Minted, LLC (the "Company"). The Plan is a defined contribution plan covering all eligible employees who have attained eighteen years of age, with the exception of part-time, temporary and seasonal employees who must attain 21 years of age, and whose regularly scheduled service is greater than 1,000 hours in the relevant eligibility computation period. All regular new hires are required to complete 3 months of service before becoming eligible to make employee deferrals and to receive employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code (the "IRC"). The Retirement Committee is responsible for oversight of the Plan which includes determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective December 1, 2020, the Plan document was amended and restated to incorporate all required amendments.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

In April 2020, the Plan implemented provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. These provisions were applicable for qualified Plan participants and included a new coronavirus-related distribution up to $100,000 in 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution ("RMD") to waive such distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). Written amendments to the Plan document to reflect these operational changes will be adopted as necessary prior to the December 31, 2022 deadline.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions – Participants may voluntarily contribute up to 100% of their annual compensation, with maximum contributions of $19,500 for 2020. Additionally, participants who have attained fifty years of age before the end of the Plan year are eligible to make catch up contributions of up to $6,500 for 2020. Participants may elect to have their contributions be either pre-tax or after-tax ("Roth") contributions and may also make rollover contributions from other qualified defined benefit or defined contribution plans.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the plan at a 4% contribution rate, unless the employee affirmatively elects to opt out. In October 2020, the Plan was amended, effective January 4, 2021, to increase the newly-eligible participants automatic enrollment contribution rate from 4% to 5%. In addition, at the effective date, any currently eligible employees who are not contributing into the Plan, will be automatically enrolled at a contribution rate of 5%. Active participants who are contributing into the Plan at a contribution rate less than 5% will have their contribution rate increased to 5%. In addition, this amendment also includes an auto-escalation feature whereby a participant's contribution rate will automatically be increased by 1% annually until it reaches 10%. Employees may make an affirmative election to opt out of these auto enrollment and auto-escalation features.

Employer Contributions – The Company may, at its discretion, elect to make employer matching contributions to the Plan subject to limitations imposed by applicable provisions of the IRC. Participants are required to be at least 18 years of age and must have completed 3 months of service to be eligible for any discretionary matching contributions. The Company may also make non-elective contributions to the Plan subject to limitations imposed by applicable provisions of the IRC. Participants are required to be at least 18 years of age and have completed 1 year of service to be eligible for any non-elective contributions. No such employer contributions were made for the year ended December 31, 2020.

Participant Accounts – Each participant's account is credited with the participant's contributions and employer matching and non-elective contributions and allocations of investment earnings or losses and is charged for administrative expenses. Allocations are based on participant contributions, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions, rollover contributions and any designated qualified matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and non-elective contributions and earnings thereon is based on the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options – The participants may direct the investment of their account balance into various mutual funds available through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates are based on the prevailing interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and are generally due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in a lump-sum payment, other amount of distribution or a rollover distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 70½ or the year in which the participant terminates employment. Terminated participants with account balances of $5,000 or greater may delay receipt of distribution. If the vested balance of a terminated participant's account is $5,000 or less, the balance will be directly rolled over into an individual retirement account ("IRA") if no distribution instructions are received. If the vested balance of a terminated participant's account is $1,000 or less, the balance will be distributed in a lump-sum payment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (continued) – The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions could waive the 2020 required minimum distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distribution in 2020 up to $100,000 with an option to repay it over a three year period.

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. Forfeitures may be used to pay Plan fees, and/or reduce future employer matching contributions. As of December 31, 2020 and 2019, the forfeited non-vested account amounted to $4,586 and $3,474, respectively. For the year ended December 31, 2020, no forfeitures were used to reduce administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payments of Benefits – Benefits are recorded when paid.

Concentrations – As of December 31, 2020 and 2019, investments in five individual fund options accounted for approximately 71% and 74%, respectively, of total investments. Additionally the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 65% and 66% of total investments as of December 31, 2020 and 2019, respectively.

Adoption of New Accounting Pronouncement – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13 on Topic 820, *Fair Value Measurement: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU remove and modify certain disclosure requirements for the fair value reporting of assets and liabilities. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 12,303,040	$ -	$ -	$ 12,303,040

	2019			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 10,315,035	$ -	$ -	$ 10,315,035

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants presented on the statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment income and interest income on notes receivable from participants presented in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 5 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan has adopted Fidelity's volume submitter plan that had received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in accordance with the applicable requirements of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the fair value of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Fidelity, which also serves as the trustee and recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the plan pursuant to a service agreement between the Plan and Fidelity. Fidelity receives revenue from most of the mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan and to pay the investment advisor. Because these fees are paid through this revenue sharing arrangement, rather than a direct payment, they are netted against (included in) the net appreciation (depreciation) in fair value of investments.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2020, there were unintentional delays by the Company in remitting certain employee deferrals to Fidelity amounting to $133,834 within the period prescribed by the Department of Labor's regulations. The Company is currently calculating the amount of lost earnings arising from the 2020 delays, which will be contributed to the accounts of the affected participants during the Plan year ended December 31, 2021.

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued.
