INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
MOC Products Company, Inc.
401(K) Profit Sharing Plan and Trust
Pacoima, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MOC Products Company, Inc. 401(K) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from February 15, 2020 to December 31, 2020, and that Transamerica Financial Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2019 and for the period January 1, 2020 to February 14, 2020. The Plan Administrator has obtained certifications from the trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of: 1) Schedule H, line 4i-Schedule of Assets (Held At End of Year) and 2) Schedule H, line 4a-Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2020, are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MOC PRODUCTS COMPANY, INC.
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MOC Products Company, Inc. 401(K) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established in 1999 and is a profit sharing and deferred compensation plan which covers substantially all employees of MOC Products Company, Inc. (the "Company"), sponsor of the Plan, and provides for retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective February 15, 2020 the Company terminated its contract with Transamerica Financial Life Insurance Company and transferred all of its assets for Fidelity Management Trust Company.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law and, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to Plan Participants under the CARES Act and implemented the following provisions:

- Special coronavirus distributions up to $100,000 beginning on or after January 1, 2020, and before December 31, 2020
- Increased the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance through September 23, 2020
- Extended the period for loan repayments, if applicable, up to one year
- Temporary waiver in processing Required Minimum Distributions for 2020

2. Eligibility

An employee becomes eligible for the Plan when he or she has attained age 18 and has completed six months of service with the Company. An employee may enroll on the first day of each month after becoming eligible.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, to the maximum extent allowed by law ($19,500 for 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make elective matching contributions equal to a discretionary percentage, to be determined by the Employer. For the Plan year ended December 31, 2020, the Company made no matching contributions.

4. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options held by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company as chosen by the Employer. Participants may change their investment options daily.

5. Participant Accounts

Each participant's account is credited with the participant's contribution, employee rollovers, Employer matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Vesting

Participant contributions, rollovers, Company qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of the Company's matching contributions, non-elective contributions, and actual earnings on such contributions are based upon the participant's years of service with the Company as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Benefit Payments

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance.

8. Forfeitures

Forfeited accounts are used to reduce administrative expenses and the remainder to reduce Employer contributions. As of December 31, 2020 and 2019, outstanding forfeitures available totaled $0 and $4,517, respectively, and are included in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be paid back within five years of the date of issuance and shall bear interest equal to the Prime rate plus 1% per annum. Loans for the purchase of a principal residence may be paid back over a reasonable period of time that may exceed five years, as determined at the time of the loan. The maximum number of loans a participant may have outstanding is one. In addition, under certain circumstances participants may obtain loans and defer loan repayments under the CARES Act (see Note A.1).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Plan Administration

The Company is the Plan Sponsor and the Plan Administrator. The Plan Sponsor is responsible for carrying out the duties imposed under ERISA, which includes oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid.

5. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note D for discussion of fair value measurements.

Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

8. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020. There we no excess contributions payable for the year ended December 31, 2020.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. Risks and Uncertainties (Continued)

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. In December 2020, the U.S. Food and Drug Administration approved the distribution of COVID-19 vaccines that, once widely adopted and utilized, may materially reduce the impact of COVID-19 going forward, although the impact of the virus including certain new strains remain uncertain. The impact, scope and duration of any new strains of the virus, and the ability to successfully distribute the vaccines, remain largely unknown. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the full impact of the COVID-19 outbreak that will be recognized in subsequent periods cannot be determined at this time.

10. New Accounting Standards

During 2020, the Plan adopted Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the elimination, modification to, and addition of certain disclosures. This standard was adopted retrospectively and had no impact on the Plan's financial statements.

NOTE C - INVESTMENTS AND CERTIFICATION BY THE TRUSTEES

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules.

- Investments held and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net investment income and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected in the schedule of assets (held at end of year)

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued using the quoted prices in active markets of the underlying asset. Investments directly investing in fixed maturity securities are based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also sue alternative observable pricing inputs. These investments can be redeemed daily at the net asset value provided by Transamerica and there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value heirarchy				
Mutual funds	$ 9,194,340	$ -	$ -	$ 9,194,340
Total investments at fair value	$ 9,194,340	$ -	$ -	$ 9,194,340

Assets at Fair Value as of December 31, 2019

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value heirarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				8,457,252
Total investments at fair value				$ 8,457,252

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments.

2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ -	None	Daily	None

2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 8,457,252	None	Daily	None

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The source of contract value is the invested principal plus accrued interest on investment contracts and balances invested overnight. The following represents the traditional investment contract held by the Plan:

	December 31, 2020	December 31, 2019
Stable Value Fund	$ 1,908,422	$ 567,519

The traditional investment contract is a stable value fund. The Morley Stable Value Fund is a collective investment fund of investment contracts issued by insurance companies, or other institutions (collectively referred to as Stable Assets) that are designed for stability of principal.

Principal Global Investors Trust Company is trustee and investment manager for the Fund. There is no minimum guaranteed interest rate. Plan participants generally may withdraw assets from the stable value fund without restrictions. Principal Global Investors Trust Company may impose a hold period, up to 12 months, at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

There is not a set interest rate for the Fund, since it owns several investment contracts with varying rates.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The trustees are parties-in-interest with respect to the Plan. All investments are held with the trustees. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions.

NOTE G - TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the IRS on march 31, 2014 and on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator and the Plan's Advisors believe that the Plan is currently designed and operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – SUBSEQUENT EVENTS

Effective June 21, 2021, the Plan was amended and restated in order to comply with regulatory and legislative changes.

Plan Management has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
MOC Products Company, Inc.
401(K) Profit Sharing Plan and Trust
Pacoima, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MOC Products Company, Inc. 401(K) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from February 15, 2020 to December 31, 2020, and that Transamerica Financial Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2019 and for the period January 1, 2020 to February 14, 2020. The Plan Administrator has obtained certifications from the trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of: 1) Schedule H, line 4i-Schedule of Assets (Held At End of Year) and 2) Schedule H, line 4a-Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2020, are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MOC PRODUCTS COMPANY, INC.
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MOC Products Company, Inc. 401(K) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established in 1999 and is a profit sharing and deferred compensation plan which covers substantially all employees of MOC Products Company, Inc. (the "Company"), sponsor of the Plan, and provides for retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective February 15, 2020 the Company terminated its contract with Transamerica Financial Life Insurance Company and transferred all of its assets for Fidelity Management Trust Company.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law and, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to Plan Participants under the CARES Act and implemented the following provisions:

- Special coronavirus distributions up to $100,000 beginning on or after January 1, 2020, and before December 31, 2020
- Increased the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance through September 23, 2020
- Extended the period for loan repayments, if applicable, up to one year
- Temporary waiver in processing Required Minimum Distributions for 2020

2. Eligibility

An employee becomes eligible for the Plan when he or she has attained age 18 and has completed six months of service with the Company. An employee may enroll on the first day of each month after becoming eligible.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, to the maximum extent allowed by law ($19,500 for 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make elective matching contributions equal to a discretionary percentage, to be determined by the Employer. For the Plan year ended December 31, 2020, the Company made no matching contributions.

4. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options held by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company as chosen by the Employer. Participants may change their investment options daily.

5. Participant Accounts

Each participant's account is credited with the participant's contribution, employee rollovers, Employer matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Vesting

Participant contributions, rollovers, Company qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of the Company's matching contributions, non-elective contributions, and actual earnings on such contributions are based upon the participant's years of service with the Company as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Benefit Payments

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance.

8. Forfeitures

Forfeited accounts are used to reduce administrative expenses and the remainder to reduce Employer contributions. As of December 31, 2020 and 2019, outstanding forfeitures available totaled $0 and $4,517, respectively, and are included in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be paid back within five years of the date of issuance and shall bear interest equal to the Prime rate plus 1% per annum. Loans for the purchase of a principal residence may be paid back over a reasonable period of time that may exceed five years, as determined at the time of the loan. The maximum number of loans a participant may have outstanding is one. In addition, under certain circumstances participants may obtain loans and defer loan repayments under the CARES Act (see Note A.1).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Plan Administration

The Company is the Plan Sponsor and the Plan Administrator. The Plan Sponsor is responsible for carrying out the duties imposed under ERISA, which includes oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid.

5. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note D for discussion of fair value measurements.

Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

8. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020. There we no excess contributions payable for the year ended December 31, 2020.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. Risks and Uncertainties (Continued)

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. In December 2020, the U.S. Food and Drug Administration approved the distribution of COVID-19 vaccines that, once widely adopted and utilized, may materially reduce the impact of COVID-19 going forward, although the impact of the virus including certain new strains remain uncertain. The impact, scope and duration of any new strains of the virus, and the ability to successfully distribute the vaccines, remain largely unknown. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the full impact of the COVID-19 outbreak that will be recognized in subsequent periods cannot be determined at this time.

10. New Accounting Standards

During 2020, the Plan adopted Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the elimination, modification to, and addition of certain disclosures. This standard was adopted retrospectively and had no impact on the Plan's financial statements.

NOTE C - INVESTMENTS AND CERTIFICATION BY THE TRUSTEES

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules.

- Investments held and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net investment income and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected in the schedule of assets (held at end of year)

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued using the quoted prices in active markets of the underlying asset. Investments directly investing in fixed maturity securities are based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also sue alternative observable pricing inputs. These investments can be redeemed daily at the net asset value provided by Transamerica and there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value heirarchy				
Mutual funds	$ 9,194,340	$ -	$ -	$ 9,194,340
Total investments at fair value	$ 9,194,340	$ -	$ -	$ 9,194,340

Assets at Fair Value as of December 31, 2019

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value heirarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				8,457,252
Total investments at fair value				$ 8,457,252

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments.

2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ -	None	Daily	None

2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 8,457,252	None	Daily	None

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The source of contract value is the invested principal plus accrued interest on investment contracts and balances invested overnight. The following represents the traditional investment contract held by the Plan:

	December 31, 2020	December 31, 2019
Stable Value Fund	$ 1,908,422	$ 567,519

The traditional investment contract is a stable value fund. The Morley Stable Value Fund is a collective investment fund of investment contracts issued by insurance companies, or other institutions (collectively referred to as Stable Assets) that are designed for stability of principal.

Principal Global Investors Trust Company is trustee and investment manager for the Fund. There is no minimum guaranteed interest rate. Plan participants generally may withdraw assets from the stable value fund without restrictions. Principal Global Investors Trust Company may impose a hold period, up to 12 months, at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

There is not a set interest rate for the Fund, since it owns several investment contracts with varying rates.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The trustees are parties-in-interest with respect to the Plan. All investments are held with the trustees. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions.

NOTE G - TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the IRS on march 31, 2014 and on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator and the Plan's Advisors believe that the Plan is currently designed and operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – SUBSEQUENT EVENTS

Effective June 21, 2021, the Plan was amended and restated in order to comply with regulatory and legislative changes.

Plan Management has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
MOC Products Company, Inc.
401(K) Profit Sharing Plan and Trust
Pacoima, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MOC Products Company, Inc. 401(K) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from February 15, 2020 to December 31, 2020, and that Transamerica Financial Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2019 and for the period January 1, 2020 to February 14, 2020. The Plan Administrator has obtained certifications from the trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of: 1) Schedule H, line 4i-Schedule of Assets (Held At End of Year) and 2) Schedule H, line 4a-Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2020, are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MOC PRODUCTS COMPANY, INC.
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MOC Products Company, Inc. 401(K) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established in 1999 and is a profit sharing and deferred compensation plan which covers substantially all employees of MOC Products Company, Inc. (the "Company"), sponsor of the Plan, and provides for retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective February 15, 2020 the Company terminated its contract with Transamerica Financial Life Insurance Company and transferred all of its assets for Fidelity Management Trust Company.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law and, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to Plan Participants under the CARES Act and implemented the following provisions:

- Special coronavirus distributions up to $100,000 beginning on or after January 1, 2020, and before December 31, 2020
- Increased the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance through September 23, 2020
- Extended the period for loan repayments, if applicable, up to one year
- Temporary waiver in processing Required Minimum Distributions for 2020

2. Eligibility

An employee becomes eligible for the Plan when he or she has attained age 18 and has completed six months of service with the Company. An employee may enroll on the first day of each month after becoming eligible.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, to the maximum extent allowed by law ($19,500 for 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make elective matching contributions equal to a discretionary percentage, to be determined by the Employer. For the Plan year ended December 31, 2020, the Company made no matching contributions.

4. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options held by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company as chosen by the Employer. Participants may change their investment options daily.

5. Participant Accounts

Each participant's account is credited with the participant's contribution, employee rollovers, Employer matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Vesting

Participant contributions, rollovers, Company qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of the Company's matching contributions, non-elective contributions, and actual earnings on such contributions are based upon the participant's years of service with the Company as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Benefit Payments

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance.

8. Forfeitures

Forfeited accounts are used to reduce administrative expenses and the remainder to reduce Employer contributions. As of December 31, 2020 and 2019, outstanding forfeitures available totaled $0 and $4,517, respectively, and are included in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be paid back within five years of the date of issuance and shall bear interest equal to the Prime rate plus 1% per annum. Loans for the purchase of a principal residence may be paid back over a reasonable period of time that may exceed five years, as determined at the time of the loan. The maximum number of loans a participant may have outstanding is one. In addition, under certain circumstances participants may obtain loans and defer loan repayments under the CARES Act (see Note A.1).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Plan Administration

The Company is the Plan Sponsor and the Plan Administrator. The Plan Sponsor is responsible for carrying out the duties imposed under ERISA, which includes oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid.

5. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note D for discussion of fair value measurements.

Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

8. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020. There we no excess contributions payable for the year ended December 31, 2020.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. Risks and Uncertainties (Continued)

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. In December 2020, the U.S. Food and Drug Administration approved the distribution of COVID-19 vaccines that, once widely adopted and utilized, may materially reduce the impact of COVID-19 going forward, although the impact of the virus including certain new strains remain uncertain. The impact, scope and duration of any new strains of the virus, and the ability to successfully distribute the vaccines, remain largely unknown. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the full impact of the COVID-19 outbreak that will be recognized in subsequent periods cannot be determined at this time.

10. New Accounting Standards

During 2020, the Plan adopted Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the elimination, modification to, and addition of certain disclosures. This standard was adopted retrospectively and had no impact on the Plan's financial statements.

NOTE C - INVESTMENTS AND CERTIFICATION BY THE TRUSTEES

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica Financial Life Insurance Company and Fidelity Management Trust Company, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules.

- Investments held and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net investment income and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected in the schedule of assets (held at end of year)

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued using the quoted prices in active markets of the underlying asset. Investments directly investing in fixed maturity securities are based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also sue alternative observable pricing inputs. These investments can be redeemed daily at the net asset value provided by Transamerica and there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value heirarchy				
Mutual funds	$ 9,194,340	$ -	$ -	$ 9,194,340
Total investments at fair value	$ 9,194,340	$ -	$ -	$ 9,194,340

Assets at Fair Value as of December 31, 2019

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value heirarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				8,457,252
Total investments at fair value				$ 8,457,252

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments.

2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ -	None	Daily	None

2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 8,457,252	None	Daily	None

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The source of contract value is the invested principal plus accrued interest on investment contracts and balances invested overnight. The following represents the traditional investment contract held by the Plan:

	December 31, 2020	December 31, 2019
Stable Value Fund	$ 1,908,422	$ 567,519

The traditional investment contract is a stable value fund. The Morley Stable Value Fund is a collective investment fund of investment contracts issued by insurance companies, or other institutions (collectively referred to as Stable Assets) that are designed for stability of principal.

Principal Global Investors Trust Company is trustee and investment manager for the Fund. There is no minimum guaranteed interest rate. Plan participants generally may withdraw assets from the stable value fund without restrictions. Principal Global Investors Trust Company may impose a hold period, up to 12 months, at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

There is not a set interest rate for the Fund, since it owns several investment contracts with varying rates.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The trustees are parties-in-interest with respect to the Plan. All investments are held with the trustees. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions.

NOTE G - TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the IRS on march 31, 2014 and on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator and the Plan's Advisors believe that the Plan is currently designed and operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – SUBSEQUENT EVENTS

Effective June 21, 2021, the Plan was amended and restated in order to comply with regulatory and legislative changes.

Plan Management has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.
