1. DESCRIPTION OF PLAN

The following description of the CFP Fire Protection, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

General

The Plan is a defined contribution plan. The Plan covers all employees of CFP Fire Protection, Inc. (the "Company") who are 21 years old or older and have three months of full-time service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on March 1, 2005 and most recently amended on January 2, 2019.

Contributions

Participants' contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer lesser of 70% of their compensation or a fixed amount determined annually by the Internal Revenue Service. The Company makes Safe Harbor matching contributions of 100% of the first 3% of each participant's eligible wages, plus 50% of the next 2% of each participant's eligible wages. Safe Harbor matching contributions of $246,545 were made to the Plan for the year ended December 31, 2020. Additional discretionary profit-sharing amounts may be contributed at the option of the Company's board of directors. There were no additional discretionary profit-sharing contributions made to the Plan for the year ended December 31, 2020. Furthermore, rollover contributions from other qualified plans are accepted by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution; the Company's matching contribution, and an allocation of Plan earnings, and is reduced by withdrawals, forfeitures and administrative expenses. Allocations of plan earnings are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Administrative Expenses

Administrative expenses are shared by the Plan sponsor and the Plan participants. Certain administrative expenses associated with in-service withdrawals, payment of benefits, and participant loan initiations are charged directly against the participant's account. In addition, certain investment related expenses have been offset with investment income and are not readily determinable.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Loans to Participants fund. Loans must be repaid within 5 years, except in limited circumstances, such as the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates from 4.25% to 6.50%. These notes have maturities through September 2026. Principal and interest is paid ratably through either payroll deductions or participant payments.

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon, and the Company's Safe Harbor matching and profit-sharing contribution portion of their accounts plus actual earnings thereon.

Payment of Benefits
Upon reaching the retirement age of 65 or upon termination of service, a participant may receive a lump-sum payment equal to the vested value of his or her account.

The Plan allows participants to make early withdrawals for certain financial hardships. The Plan also allows in-service withdrawals by participants after they reach age 59½. Participants' age 59½ taking in-service withdrawals will be required to pay all applicable taxes on the withdrawals but will not be subject to penalty taxes for early withdrawals.

Investments
Each participant directs the allocation of his or her contribution, and employer matching and discretionary profit-sharing contributions to a variety of investment options offered by the Plan.

Forfeitures
Amounts forfeited from terminating participants' nonvested portion of the Company's contributions and earnings can be used to reduce future employer contributions or pay administrative expenses. At December 31, 2020 and 2019, unallocated forfeitures totaled $59 and $3,897, respectively. Forfeited amounts of $3,849 were used to reduce employer contributions or pay administrative expenses for the year ended December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has adversely affected and may continue to adversely affect economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of the adverse impact of the COVID-19 outbreak on the Plan participants' account balances cannot be predicted at this time.

Investment Valuation and Income Recognition
Investments are measured at quoted prices in an active market and have been certified complete and accurate by T. Rowe Price Trust Company, the Plan's trustee (Note 4). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events
The Plan evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019. There were no transfers between Levels 1, 2, and 3 for the periods presented.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following is a description of the valuation methodologies used for assets measured at Net Asset Value ("NAV") as the practical expedient to estimate fair value:

Common/Collective Trusts: Common/collective trusts ("CCT") are valued at NAV which is based on the fair value of the underlying investments of the CCT, less any liabilities. CCT are composed of a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily and the Plan has no unfunded commitments to the CCT. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 6,435,172	$ -	$ -	$ 6,435,172
Total assets in the fair value hierarchy	6,435,172	-	-	6,435,172
Investments measured at net asset value (a)	-	-	-	1,155,888
Total assets at fair value	$ 6,435,172	$ -	$ -	$ 7,591,060

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 5,993,533	$ -	$ -	$ 5,993,533
Total assets in the fair value hierarchy	5,993,533	-	-	5,993,533
Investments measured at net asset value (a)	-	-	-	574,011
Total assets at fair value	$ 5,993,533	$ -	$ -	$ 6,567,544

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustees, except for comparing such information with information reported in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible ad defined by ERISA, for the year ended December 31, 2020. The trustee has certified to the completeness and accuracy of:

- Investments and notes receivable to participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants and other (loss) reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

6. TAX STATUS

The Plan document is a volume submitter defined contribution plan provided by T. Rowe Price Retirement Plan Services, Inc. The volume submitter plan obtained its latest determination letter on August 2, 2017, in which the Internal Revenue Service stated that the plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Since receiving the opinion letter, the Plan has been amended. The Plan's management and trustee believe the amendments to the original Plan document will not adversely impact the Plan's compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by T. Rowe Price Trust Company, the trustee of the Plan. These transactions therefore qualify as party-in-interest transactions under ERISA. Additionally, notes receivables from participants are considered party-in-interest transactions.
