REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Oncology Associates of Oregon, P.C. Cash Balance Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2019, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Oncology Associates of Oregon, P.C. Cash Balance Plan's net assets available for benefits as of December 31, 2020 and 2019, and changes therein for the years then ended and its financial status as of December 31, 2019, and changes therein for the year then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT - CONTINUED

REPORT ON SUPPLEMENTAL INFORMATION

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year and reportable transactions as of December 31, 2020, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. ONCOLOGY ASSOCIATES OF OREGON, P.C. CASH BALANCE PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Oncology Associates of Oregon, P.C. Cash Balance Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan, which was established January 1, 2018, is a noncontributory cash balance plan covering all employees excluding leased employees, employees covered by a collective bargaining agreement, non-resident aliens, and members of excluded classes including, but not limited to, non-shareholder physicians, chief medical physicist, chief rad therapist, senior dosimetrist, managing clinical research, managing lab service, managing medical assistant, managing nursing services managing pharmacy services, as well as other job classes of Oncology Association of Oregon, P.C (the "Company") who have twelve months of services and are age twenty-one or older. It is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA").

Pension Benefits – Participants with three or more years of service are entitled to full accrued pension benefits at the later of normal retirement age of 62 or 5th anniversary of joining the plan. The Plan will credit the participant's hypothetical account with all or a portion of the participant's principal credit at the end of each Principal Credit Period based on the service requirements the participant completes, an amount equal to the Actuarial Present Value of an annual benefit, payable monthly as a single life annuity commencing at the participant's normal retirement date, equal to 0.5% of the participant's compensation for the plan year. The plan will credit the participant's hypothetical account with all or a portion of the participant's interest credit at the end of each Principal Credit Period with an interest rate equal to the lesser of the following rates: the actual rate of return on plan assets, or 5%. If participant terminates before rendering 3 years of service, they forfeit the right to receive their accumulated plan benefit. Employees may elect to receive the value of their accumulated plan benefits as a lumpsum payment, life annuity guaranteed for 10 years, annuity guaranteed for zero years or joint with 50%, 75% or 100% survivor benefit.

Death And Disability Benefits – If a vested participant dies before his or her annuity start date or after the age of 62 but before his or her annuity starting date, the participant's surviving spouse is generally entitled to receive reduced benefits. Active employees who become totally and permanently disabled receive normal retirement benefits computed as though they had been employed to normal retirement age upon reaching normal retirement age.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis Of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Use Of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation And Income Recognition – Investments in insured cash and registered investment companies are reported at fair value. Fair value is the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E – Fair Value Measurements for further discussion.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

DECEMBER 31, 2020 AND 2019

NOTE B - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Actuarial Present Value Of Accumulated Plan Benefits – The actuarial present value of accumulated plan benefits presented is based on an actuarial valuation as of January 1, 2020, prepared by the Plan's actuary using a hypothetical account balance method. Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered to date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on a formula using annual compensation, years of service, and covered compensation. The accumulated plan benefits for active employees are based on their actual compensation during the years ending on the date which the benefit information is presented (valuation date). Benefits payable under all circumstances including retirement, death, disability, and termination of employment, are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2020 and 2019 were as follows:

Life expectancy:	2020: 20E – 2020 Applicable Mortality Table for 41e (e) (unisex) 2019: 19E – 2019 Applicable Mortality Table for 41e (e) (unisex)
Interest rate:	2020: 5.00% 2019: 5.00%
Assumed retirement age:	62
Form of Payment:	100% lump sum

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment Of Benefits – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – A significant amount of plan expense are paid by the Company, outside of the Plan.

Cash And Insured Cash - The Plan maintains its cash and trust account with one financial institution. Account balances may exceed federally insured limits insured by the Federal Deposit Insurance Corporation (FDIC). The Organization has not had any losses related to FDIC limit exposure.

Subsequent Events – The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 12, 2021, the date the financial statements were available to be issued.

ONCOLOGY ASSOCIATES OF OREGON, P.C. CASH BALANCE PLAN

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2020 AND 2019

NOTE C - FUNDING POLICY

The Company's funding policy is to make quarterly contributions to the Plan in amounts that are at least equal to the amount required by the minimum funding standards of ERISA as computed by the Plan's independent actuary. No employee contributions are permitted. At December 31, 2020 and 2019, ERISA minimum funding requirements have been met. The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE D - PLAN TERMINATION

Benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). In the event the plan terminates, the net assets of the plan should be allocated among the participants and beneficiaries, in accordance with the priorities mandated by ERISA. Whether a particular participant's accumulated plan benefit will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided by the then existing assets and the PBGC guaranty, but other benefits may not be provided for at all.

A full description of the defined benefit plan termination priorities is available in the summary plan description.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan applies generally accepted accounting principles to establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 – inputs to the valuation methodology include quoted prices for identical or similar assets and liabilities in active or inactive markets; inputs that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. The Plan held no level 2 or 3 investments in 2020 or 2019.

Cash And Insured Cash – These cash accounts are valued at cost which equals fair value.

ONCOLOGY ASSOCIATES OF OREGON, P.C. CASH BALANCE PLAN

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2020 AND 2019

NOTE E - FAIR VALUE MEASUREMENTS – CONTINUED

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019, by caption on the Statements of Net Assets available for benefits within the valuation hierarchy.

<u>DECEMBER 31, 2020</u>	<u>TOTAL CARRYING VALUE IN THE STATEMENTS OF NET ASSETS AVAILABLE FOR BENEFITS</u>	<u>QUOTED MARKET PRICES IN ACTIVE MARKETS (LEVEL 1)</u>

NOTE F - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Preisz Financial which is a related party as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2020 AND 2019

NOTE G - TAX STATUS

The Plan has adopted a qualified (tax-exempt) prototype plan sponsored by Summit Benefit & Actuarial Services Inc. The Plan obtained its latest determination letter on March 30, 2018 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based upon certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions will occur in the near term, and the effects of such changes could be material to the financial statements.
