Independent Auditors' Report

To the Participants and Administrator of
Meritronics, Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Meritronics, Inc. Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and the related statements of changes in net assets available for benefits from December 1, 2020, the Plan's date of inception, till December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by John Hancock Life Insurance Company (U.S.A.), the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the period ended December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

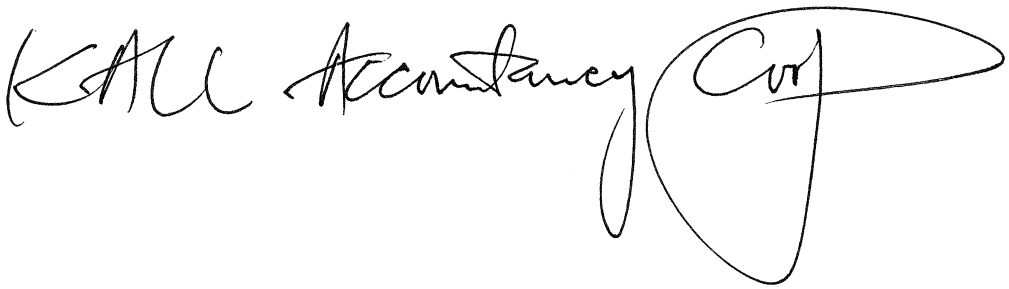

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of or for the period ended December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MERITRONICS, INC. RETIREMENT PLAN
Notes to Financial Statements

1. Description of the Plan

The following description of the Meritronics, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsors of the Plan are Meritronics, Inc., Leadman Electronics USA Inc., Actineon Inc., Meritronics NV, and Reliable Company (the "Companies"). The Companies are in the semiconductor and other electronic component manufacturing industry. Plan was established on December 1, 2020.

General

Effective December 1, 2020, the Companies established the Plan for eligible employees of the Company. Employees of the Companies are eligible to participate in the Plan immediately following the date the employee completes 12 months service with the completion of 1,000 hours worked and attainment of age 21. Entries dates are the first day of 1st, 4th, 7th, or 10th month of the plan year on or next following eligibility satisfaction.

The Plan is a defined contribution plan covering all full-time employees of the Company with the exception of any employee (1) who is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, or (2) who is a non-resident alien who does not receive any earned income, or (3) employees who become employees due to an asset or stock acquisition, merger, or similar transaction involving a change in the employer of a trade or business. The Plan is subject to the provisions of the Employee retirement Income security Act of 1974 ("ERISA").

One of the sponsors Leadman Electronics USA Inc. used to have its own retirement plan. However, the plan was terminated on November 30, 2020, and all the assets, including receivables, with a total value of $1,052,139 were transferred to this new Plan on December 1, 2020.

The Plan had entered into a custodial agreement with John Hancock Life Insurance Company (U.S.A.) ("JH") on September 18, 2020. JH maintains the Plan's assets in these fund accounts, which are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

Contributions

Participants may make voluntary contributions in the form of salary deferrals. The maximum salary deferral for any plan year is the amount set by Secretary of US Treasury. The Company matches 100% on the first 3% of the employees' deferrals and then 50% of the next 2%, i.e., a maximum of 4%.

Investment Elections

The investments of the Plan are self-directed by the participants. Investment elections may be changed at any time.

MERITRONICS, INC. RETIREMENT PLAN
Notes to Financial Statements

1. Description of the Plan, continued

Participant Accounts

Each Participant's account is credited with the participant's and Company contributions and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting and Forfeited Accounts

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution of their accounts is based on years of continuous service. In the first year vesting is 0% and then it is 20% per year.

A participant will become 100 percent vested in the portion of their individual account derived from matching contributions after six years of credit service. 1000 hours of service is required to constitute a Year of Vesting Service.

Forfeitures

In the event that a participant terminates employment prior to 100% vesting, the portion of Company's contributions, if any, which is not vested is forfeited at that time. The forfeited amounts may first be applied to the payment of the Plan's administrative expenses and any remaining amounts will be applied to reduce Company's contribution. There was no forfeiture credit during 2020 and the balance for the forfeiture account was $0 as of December 31, 2020.

Payment of Benefits

Upon termination of service, a participant will receive benefits via a distribution in a lump sum if individual account balance is $5,000 or less. Terminated participants with vested account balances greater than $5,000 may elect to maintain their balance in the Plan or to receive the value of their vested interest in the form of lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are recorded based upon the Company non-elective contribution as defined in the Plan agreement.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2020 and the reported amounts of additions to and deductions from net assets for the period ended December 31, 2020. Actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments in the registered investment company accounts are valued at fair value as reported to the Plan by John Hancock Life Insurance Company (U.S.A.). The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2020 and the reported amounts of additions to and deductions from net assets for the period ended December 31, 2020. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Date of Management's Review

Subsequent events were evaluated through October 14, 2021, which is the date the financial statements were available to be issued.

3. Investments

Investments are held in custodial capacity by John Hancock Life Insurance Company (U.S.A.), the trustee of the plan. Individual Plan participants direct the transactions that take place in their accounts. Participants may direct contributions to the purchase of shares of registered investment companies. Allocations of gains (losses) are at the individual contract level.

During the period ended December 31, 2020, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold as well as held during the period) appreciated (depreciated) in value by $21,391.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from, or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Pooled Separate Accounts: The fair value of the plan's investment in the pooled separate accounts is based on the underlying unit value reported by John Hancock Life Insurance (U.S.A.) valued at NAV. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The pooled separate account NAV is not a publicly quoted price in an active market but its calculation is in accordance with the AICPA Audit and Accounting Guide, Investment Companies. Based upon these facts, FASB ASC 820 allows the use of NAV as a practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

Assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 1,109,073	$ -	$ 1,109,073

5. Value of Funds Held in Insurance Company General Account

The amount represents a distribution check issued in 2017 for a participant who never cashed the check.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Information Prepared and Certified by Trustees (Unaudited)

The following unaudited information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2020
Investments, at fair value:	
Pooled separate accounts	$ 1,109,073
Value of funds held in insurance company general account	2,670
Net investment gain (loss)	21,391

8. Income Tax Status

The Company has adopted a prototype plan which has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by the Plan trustee, and therefore, these transactions qualify as exempt party-in-interest transactions. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA.

10. Operating Expenses

Certain costs associated with administration of the Plan are borne by the Plan. For the period ended December 31, 2020, $461 of administrative expenses were paid by the Plan.

11. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that

11. Risk and Uncertainties, continued

changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. Impact of Coronavirus

In March 2020, the Worth Health Organization declared a novel strain of coronavirus disease ("COVID-19") a global pandemic. The global and domestic response to the COVID-19 continues to evolve rapidly and is causing volatility in the global and domestic financial markets. While the ultimate disruption that may be caused by the outbreak is uncertain, it may have an adverse impact on the investments which the Plan has invested. Possible effects may include, but not limited to, rapid decline in market values and the inability of bond issuers to make payments when they are due.
