The Bank of San Antonio 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1: Description of the Plan

General

The following description of The Bank of San Antonio 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by The Bank of San Antonio (Plan Sponsor) and certain participating employers for the benefit of their employees who have at least one month of service and are age 18 or older. The Plan Sponsor and these participating employers are collectively referred to as the Company (Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

During 2019, the Plan permitted eligible employees through a salary deferral election to have the Company make annual contributions of up to 100 percent of their eligible compensation. Employee rollover contributions were also permitted. Participants who had attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. The Company made safe harbor matching contributions of 100 percent of employee salary deferral amounts on the first 3 percent of employee compensation and 50 percent of employee salary deferral amounts on the next 2 percent of employee compensation. Company profit sharing contributions were discretionary as determined by the Company's board of directors.

Effective January 1, 2020, the Plan permits eligible employees through a salary deferral election or a nondeductible after-tax election to have the Company make annual contributions of up to 100 percent of their eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. The Company makes discretionary matching contributions to the Plan. Matching contributions are 100 percent match of employee salary deferral amounts on the first 3 percent of employee compensation and a 50 percent match of employee salary deferral amounts on the next 4 percent of employee compensation.

Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of their eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 5 percent.

Participant Accounts

Each participant account is credited with the participant's contributions, the Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

During 2019, participants were immediately vested in their voluntary contributions and safe harbor matching employer contributions, plus earnings thereon. Effective January 1, 2020, vesting in the Company's matching contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after three years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum the lesser of one-half of the vested account balance or $50,000 reduced by the highest outstanding loan balance in the account during the prior 12-month period. All of the loans from plans maintained by the employer or a related employer will be considered for purposes of determining the maximum amount of the loan. Up to 50 percent of the vested account balance may be used as collateral for any loan. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2 percent above the prime rate, as defined. Principal and interest are paid ratably through semi-monthly payroll deductions.

In March 2020, the *Coronavirus Aid, Relief and Economic Security Act* (CARES Act) was signed into law. The Plan Sponsor adopted the CARES Act provision for loan relief to delay certain required loan repayments for one year. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans were re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Participants are entitled to receive benefit payments at the normal retirement age of 65 or upon their death or disability. If distributions are made in the event of termination of employment with the Company for any other reason, participants are only entitled to the vested portion of their account.

If the participant's vested account balance is $1,000 or less, the funds will be distributed in the form of a lump-sum distribution; if the vested account balance is greater than $1,000 but less than $5,000, the distribution will be paid in the form of a direct rollover to an individual retirement plan designated by the plan administrator (unless the participant directs otherwise). For benefits over $5,000, benefits may be paid by any of the other methods noted above.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial distribution of the participant vested interest.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In March 2020, the CARES Act was signed into law. The Plan Sponsor implemented the CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to $100,000 from the Plan. Participants who took a CRD had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $20,406 and $0, respectively. These accounts will be used to reduce future employer contributions/reallocated to participants in the same manner as employer contributions. No forfeitures were used to offset employer contributions during the years ended December 31, 2020 and 2019.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment company funds are valued at quoted prices in active markets for identical assets at the measurement date and represent the net asset value (NAV) of shares held by the Plan at year end.

Purchases and sales of shares of registered investment company funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2020 and 2019.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are registered investment company funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan Sponsor paid certain professional and administrative fees related to the Plan during the years ended December 31, 2020 and 2019.

Note 5: Plan Amendments

Effective January 1, 2019, the Plan was amended and restated (Plan Amendment) to change the contribution period for purposes of calculating the amount of matching employer contributions from each payroll period to each plan year.

Effective August 26, 2019, the Plan was amended and restated (Plan Amendment) and Texas Express Funding, LLC was added as a new participating employer.

Effective January 1, 2020, the Plan was amended and restated. Below is a summary of some of the significant changes impacting the Plan:

- The Company match will increase to 100 percent on the first 3 percent of employee deferral and 50 percent on the next 4 percent of employee deferral. The maximum employer compensation will be 5 percent of compensation.
- Employer match contributions made after January 1, 2020, will now be subject to a three-year vesting based on original hire date.
- The Plan will accept voluntary after-tax contributions.
- Participant loans will be limited to allowing only one loan outstanding loan at any time. Those currently maintaining two loans will be grandfathered but a new loan cannot be made until all previous loans prior are paid off.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019:

	December 31, 2020 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Registered investment company funds	$ 12,396,462	$ 12,396,462	$ -	$ -
Investments at fair value	$ 12,396,462	$ 12,396,462	$ -	$ -

	December 31, 2019 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Registered investment company funds	$ 10,028,097	$ 10,028,097	$ -	$ -
Investments at fair value	$ 10,028,097	$ 10,028,097	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019. The Plan has no liabilities measured at fair value on a recurring basis. In addition, the Plan has no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include registered investment company funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 2 or Level 3 investments.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the employer's discretionary contributions.

Note 8: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a volume submitter 401(k) profit sharing plan and trust sponsored by Fidelity Management Trust Company. This document has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the document constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving that opinion letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Note 9: Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefit.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 14, 2021, which is the date the financial statements were available to be issued.

Effective July 29, 2021, the Plan's name was changed to Texas Partners Bank 401(k) and the Plan sponsor became Texas Partners Bank.
