LSEGH, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020

1. Plan Description

The following description of the LSEGH, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of LSEGH, Inc. and adopting employers (FTSE Americas, Inc., MTS Markets International, Inc. (formerly Bonds.com Inc.), Frank Russell Company, LCH Clearnet Limited and LCG Clearnet, LLC) (the "Company" or "Employer") except for employees who: (1) are included in a unit of employees covered by a collective bargaining agreement; (2) are a nonresident alien or (3) leased employees. All participants must be 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to \$100,000 for Plan participants;
- Extend the period for loan repayments, if applicable, up to one year;
- Increase the limit of loans up to the lesser of \$100,000 or 100% of a participant's vested account balance; and
- Suspend required minimum distributions for 2020.

Contributions

Each year, participants may contribute up to 100% of their eligible annual compensation, in a pre-tax or Roth basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Upon completing the eligibility requirements, employees are automatically enrolled into the Plan at a rate of 3% for pre-tax deferrals unless they affirmatively opt out. The automatic enrollment amount will increase by 1% each year not to exceed 10% of eligible compensation. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution in an amount equal to 100% of a participant's elective deferrals up to 5% of their eligible compensation. The Company may also make discretionary matching contributions to the Plan. For the 2020 plan year, no discretionary matching contributions were made to the Plan.

During 2020, a contribution of approximately \$805,000 was made to the Plan. This amount represented a discretionary true-up contribution for the 2019 plan year, which was approved and made subsequent to issuance of the 2019 financial statements. This amount is included in Employer contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2020.

Notes to Financial Statements

1. Plan Description (*continued*)

Vesting

A participant is 100% vested in their contributions and safe harbor matching contributions including allocated earnings thereon at all times. A participant will vest in discretionary Employer matching contributions as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	25%
2	50%
3	75%
4	100%

Previously in 2017, employees were vested in discretionary Employer matching contributions at a rate of 20% per year of service with 100% vesting occurring in the fifth year of service.

Forfeitures

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$54,663 and \$115,490. These accounts may be used to reduce administrative expenses or Employer contributions. In 2020, forfeitures of \$58,440 were used to reduce Employer contributions and forfeitures of \$20,025 were used to reduce administrative expenses.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses) thereon. Allocations are based on a participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of 50% of a participant's vested account balance or \$50,000, subject to the approval of a loan application. Participants may not have more than one loan outstanding at any time. The interest rate is based on the prime interest rate plus 1% that is determined at the time of the loan. Loans are repaid through payroll deductions within a five-year period, unless the loan was made to acquire a primary residence, in which case the loan can be repaid over a fifteen-year period.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The mutual funds, exchange traded funds, and money market funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of these funds are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds are deemed to be actively traded. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan has self-directed brokerage accounts, which consist of: all of the Plan's exchange traded funds, certain mutual funds, and a money market fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (*continued*)

Expenses

Certain expenses of maintaining the Plan may be paid by the Company and are excluded from these financial statements. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 12, 2021.

Subsequently in October of 2021, the Plan is in the process of transferring its assets to Voya Retirement Insurance and Annuity Company.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2020			
	Level 1	Level 2	Other Investments Measured at NAV *	Total
Mutual funds and exchange traded funds	\$ 77,691,970	\$ -	\$ -	\$ 77,691,970

	Level 1	Level 2	Other Investments Measured at NAV *	Total

	<u>\$ 62,944,345</u>	<u>\$ -</u>	<u>\$ 443,797</u>	<u>\$ 63,388,142</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Common/Collective Trust

Participants have the option to invest in a stable value fund called the Putnam Stable Value Fund (the "Fund"), which was established and is maintained by Putnam Fiduciary Trust Company. The Fund invests in guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The Fund strives to maintain at least 5% of its assets in money market instruments, cash, cash equivalents, and stable value funds. The Fund is valued on a daily basis by Putnam Fiduciary Trust Company. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation.

6. Party-In-Interest Transactions

Certain investments of the Plan are managed by Fidelity. Fidelity is a trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

The Plan entered into a revenue credit agreement with Fidelity Management Trust Company. Revenue credits are earned when mutual funds in the Plan generate more revenue credits to the provider (Fidelity Management Trust Company) than the provider charges to administer the Plan. These credits are maintained in a nonparticipant directed account within the Plan and are used to offset Plan expenses or allocate to participants. At December 31, 2020 and 2019, the revenue credit account had a balance of \$20,901 and \$20,846. During 2020, the Plan did not use eligible credits to offset Plan expenses or allocate to participants. These transactions are considered allowable party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

LSEGH, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020

7. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated March 31, 2014 from the Internal Revenue Service ("IRS") stating that the Plan is designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

9. Prohibited Transactions

During the 2019 Plan year, the Company failed to transmit to the Plan certain participant's contributions totaling \$6,000 within the period described by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer has remitted the participants' contributions and applicable lost earnings to the Plan in July of 2020.

10. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
