General - The Plan was established January 1, 1977 as a defined contribution plan and was revised effective July 1, 1984 to include a 401(k) feature. Lonza America LLC (the “Company”) is the sponsor of the Plan. The Plan also includes employees who are covered under separate collective bargaining agreements. The Plan provides for immediate participation upon hire or rehire for all eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2019, the Company executed a restatement of the Plan Document to include the former participants of the Capsugel Savings Plan (“Capsugel”), which was effectively merged with and into the Plan on January 1, 2019.

Effective as of February 28, 2019, the Company executed an amendment of the Plan to designate Innovative Water Care, LLC (“IWC”) as a participating employer under the Plan and to provide for eligibility for employer profit-sharing contributions for eligible employees of IWC. However, effective as of August 1, 2019, IWC established a separate legal retirement plan and its employees were no longer eligible to participate in the Plan. The Plan reverted to a single employer plan as a result.

Effective May 26, 2020, Lonza America LLC transferred sponsorship of the Plan to Lonza USA Inc. to be effective on end of day May 31, 2020. Lonza USA Inc. accepted the transfer by Consent of the Board of Directors.

Automatic Enrollment - An eligible employee hired or rehired on or after January 1, 2016 shall automatically be enrolled in the Plan forty-five days after they met the eligibility requirements at a default pre-tax contribution percentage of 3% unless the employee affirmatively elects a contribution percentage of his own choice from 0% to 50% of eligible earnings. Each April thereafter, the automatic enrollment contribution percentage shall automatically escalate in 2% increments up to a maximum of 9%. For eligible employees hired or rehired on or after January 1, 2019, the default pre-tax contribution percentage shall be 6%, with an automatic escalation in 2% increments up to a maximum of 12% each April thereafter. If, at any point after a participant is automatically enrolled, such participant makes a contribution election of his own choosing, such participant shall be removed from the automatic escalation program and the automatic increases will cease.

Contributions - All participant contributions to the Plan are voluntary. Participants are limited to a maximum contribution percentage of 50% of eligible compensation. Non-highly compensated employees may contribute up to 50% of their annual compensation on a pretax or after-tax basis, or a combination of both pretax and after-tax contributions not to exceed 50% of eligible earnings in total. Highly compensated employees may contribute up to 50% of their annual compensation on a pretax basis, up to 6% of their annual compensation on an after-tax basis, or any combination of both pretax and after-tax not to exceed 50% of eligible earnings in total.

The Company makes “safe harbor” matching contributions each payroll period for all eligible participants in an amount equal to 100% of the participant’s contributions which do not exceed 6% of their eligible compensation.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan provides for an additional profit-sharing contribution for each eligible employee. Effective January 1, 2019, this profit-sharing contribution was increased from 1% to 1.5% of eligible earnings for all participants except those covered by the separate collective bargaining agreement of the United Steelworkers of America, Local No. 4907 who remain at 1% of eligible earnings contributed each pay period. This Company profit-sharing contribution is contingent upon the employee remaining an active employee on the last day of the Plan Year or having terminated employment by reason of death, disability, retirement or after the age of 55 and completion of at least 10 years of credit service during the Plan Year. This Company profit-sharing contribution is not contingent upon the employee contributing to the Plan.

The employer matching contributions are recalculated as soon as practicable following the end of each Plan Year and each participant receives a “true-up” employer matching contribution. This “true-up” contribution is equal to the difference between the employer matching contributions actually received by the participant during the applicable Plan Year and the maximum amount of employer contribution the participant is eligible to receive. The maximum amount of match (whether regular match or true-up match) is equal to 100% of up to 6% of eligible compensation contributed during any Plan Year.

With respect to participant contributions and Company contributions made on their behalf, individual participants may elect to invest such contributions entirely in any of the Plan’s available investment funds or partially in more than one investment fund. Participants may change their investment elections for future contributions and reallocate past contributions on any business day.

Investments - Investment allocations are participant-directed and consist of separate investment funds. The Plan also utilizes the age appropriate Target Date Fund as a temporary investment account for funds prior to allocation of participant investments and for any Plan forfeitures. A participant may direct employee contributions in 1% increments in any of the investment funds provided by the Plan.

Participants’ Accounts - Individual accounts are established for each plan participant. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, (b) Plan earnings/losses, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - All active eligible employees are always immediately 100% vested in all their contributions as well as any Company “safe harbor” and matching “true-up” contributions plus actual earnings thereon. All employees are immediately 100% vested in any Company profit-sharing contributions made for Plan Years prior to January 1, 2019, plus actual earnings thereon, as well. Effective January 1, 2019, participants with less than three years of service with the Company as of December 31, 2018 or those hired or rehired on or after January 1, 2019, will vest 100% in the Company’s profit-sharing contributions made for the 2019 Plan Year or later, plus actual earnings thereon, upon attaining three years of service.

Payment of Benefits - Upon termination of employment with the Company, or upon death, disability, or retirement a participant, or their designated beneficiary, may request a full distribution of their vested account balance. While actively employed by the Company, a participant may request up to two in-service withdrawals in any calendar year. Such withdrawals may be any combination of hardship or regular in-service withdrawals, to the extent amounts are available for a particular withdrawal type when requested. In the event a participant requests a hardship withdrawal, the withdrawal must meet the criteria for financial hardship and the hardship must be due to one of the permissible reasons set forth under the Plan.

During 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020. A CARES Act Coronavirus Related Distribution (“CRD”) allows the Plan’s qualified participants, as defined, to take a COVID-19

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

related distribution up to a maximum of \$100,000, or the participant's vested and non-forfeitable account balance, from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The qualified participant, at any time during the 3-year period after the receipt of the CRD, may make one or more rollover contributions to the Plan as repayment of the distribution.

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act will cease on December 31, 2020.

Forfeitures - At December 31, 2020 and 2019, forfeited nonvested accounts and other income accounts totaled \$221,526 and \$90,443, respectively. These accounts will be used to reduce future employer contributions to the maximum extent permitted by ERISA, and expenses incurred in connection with the administration and management of the Plan and trust fund. Forfeitures of \$5,662 were utilized during 2020 to reduce the employer contribution.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent net assets available for plan benefits at the date of the financial statements and the reported amounts of additions and deductions from the trust fund during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investments advisors trustee, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Hardship Withdrawals - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service ("IRS") rules and regulations.

Effective January 1, 2019, the Plan early adopted changes contained in Bipartisan Budget Act of 2018 ("Act") regarding hardship distributions. These changes include the removal of the required six month suspension of employee contributions deferrals.

Administrative Expenses - Eligible expenses (as defined), to the extent not paid by the Plan sponsor, are paid by the Plan. Participant accounts are charged with quarterly administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, withdrawals, recordkeeping fees, and asset fees are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Cash and Equivalents - Cash and equivalents include a money market fund and other highly liquid short-term investments purchased with maturities of three months or less.

Recently Adopted Accounting Pronouncements - Effective January 1, 2020, the Plan adopted Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement, which eliminates and modifies certain disclosure requirements for fair value measurements. While the adoption of this guidance required adjustments to the Plan's fair value disclosures, it did not have a material impact on the Plan's disclosures within the notes to financial statements.

Note 3 - Information Certified by the Trustee:

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Reliance Trust Company, the Trustee, has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- b) Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
- c) Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements:

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Cash and equivalents: Initially valued at transaction price. Carrying value approximates fair value as maturities are less than three months.
- Mutual funds: Valued at the closing price reported on the active market.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

THE LONZA U.S. SAVINGS PLAN

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2020 and 2019, there were no significant transfers in or out of levels 1, 2, or 3.

Note 5 - Risks and Uncertainties of Investment Risk:

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may have investments in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan's investment in one fund comprised approximately 12% of total investments at December 31, 2020 and 2019, respectively.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The full impact of the COVID-19 outbreak continues to evolve as of the date the financial statements were available to be issued. This pandemic has adversely affected global economic activity and greatly contributed to deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity, cannot be determined at this time.

Note 6 - Tax Status:

The Plan obtained a favorable determination letter from the IRS dated April 12, 2018, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the favorable determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the trust is exempt from Federal income taxes under Section 501(a) of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date, thus, no provision for Federal income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 7 - Party-in-Interest:

Certain Plan investments are managed by the Trustee. Services provided by the Trustee include investment management, recordkeeping, and administrative services to the Plan. The fees associated with these services qualify as party-in-interest. Fees paid for such services totaled \$249,614 for the year ended December 31, 2020. Fees paid by the Plan for investment advisory services amounted to \$99,375 for the year ended December 31, 2020.

Note 8 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become fully vested in their accounts. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 9 - Notes Receivable from Participants:

The amount available for loan withdrawals is 50% of the vested balance less the participant's highest outstanding loan balance during the 12 months prior to the effective date of the new loan. The minimum loan granted is \$1,000 and the maximum is \$50,000. The interest rate for loans granted prior to January 1, 2019 was the prime rate of interest charged by the Federal Reserve at the time the loan was requested. The interest rate for loans granted after January 1, 2019 is the prime rate of interest plus one percent. The rate in effect at the beginning of the loan remains constant over the life of the loan. Effective January 1, 2019, the Plan was amended to allow a maximum of only two loans outstanding at any one time.

THE LONZA U.S. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Participants may request a loan repayment term of up to five years for a general loan, and up to fifteen years for a loan used to purchase the participant's primary residence. Full prepayment of the outstanding balance is permitted. Loans are generally repaid through payroll deduction with principal and interest being credited to the participant's account and invested in the investment funds elected by the participant at the time of the repayment. Plan participants are required to pay a loan initiation fee which is deducted directly from their account at the onset of the loan.

During 2020, the Plan adopted the COVID-19 related loans provision of the CARES Act, which allowed Plan participants to request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. Additionally, the maximum amount of allowable outstanding loans at any one time was increased to three through December 31, 2020. On January 1, 2021, this number reverted to a maximum of two outstanding loans.

Note 10 - Subsequent Events:

The Plan Administrator has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

On May 28, 2021, Lonza USA Inc. consented to a spinoff of all assets of active employees of the Lonza Specialty Ingredients business ("LSI") effective as of July 1, 2021. The companies under the LSI organization were removed as participating employers as of June 30, 2021, and effective on July 1, 2021 a spinoff plan was established (The LSI US Savings Plan) and all active employees of LSI were transferred, along with their accounts, to the spinoff plan. Included with such participating employers were all employees who had been covered by collective bargaining agreements (Note 1). This action did not create a partial plan termination for the Plan.
