NOTE 1 DESCRIPTION OF PLAN

The following description of the Yellowstone Landscape, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan was adopted effective January 1, 2010 and last restated October 30, 2020.

General – The Plan is a defined contribution plan covering all full-time employees of Yellowstone Landscape, Inc. (the Company) who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions – Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company makes a Safe Harbor matching contribution on behalf of each participant equal to 100% of the employee's elective deferrals up to 4% of compensation. The Company may also make annual profit sharing contributions on behalf of eligible participants. During 2020, no profit sharing contributions were made by the Company. Participants direct the investment of their accounts into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions, as well as allocations of the Company's safe harbor nonelective and profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's remaining contribution portion of their account is based on years of continuous service. A participant begins to vest after one year of service (20%) and increases ratably until fully vested after five years.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined as loans are requested, is set at the prime rate plus 2%, as defined. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits – Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial withdrawal of the participant's vested interest.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Forfeited Accounts – At December 31, 2020 and 2019, forfeited nonvested accounts totaled $18,428 and $12,998, respectively. These accounts will be used to reduce future employer contributions. During 2020, forfeitures of $13,044 were used to reduce employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and certain disclosures. Accordingly, results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in the net appreciation of fair value of investments.

Recently Adopted Accounting Standards – In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The primary focus of ASU 2018-13 is to improve the effectiveness of the disclosure requirements for fair value measurements. The amendments in ASU 2018-13 apply to all entities that are required, under existing U.S. GAAP, to make disclosures about recurring or nonrecurring fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Certain of the disclosures that are required by the amendments in ASU 2018-13 are not required for nonpublic entities. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. ASU 2018-13 was adopted by the Plan on January 1, 2020 and did not have a material impact on the Plan's financial statements.

Reclassification – Certain amounts in the 2019 financial statements have been reclassified to conform to the 2020 presentation.

Subsequent Events – The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

NOTE 3 CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest, dividends and other income for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Ascensus Trust Company (Ascensus) as of December 31, 2019 and for the period from January 1, 2020 to November 6, 2020, and by the Great-West Trust Company, LLC (Great-West), as of December 31, 2020 and for the period from November 7, 2020 to December 31, 2020.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common/collective trusts: Valued at the net asset value (NAV) of units of a financial institution collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market account: Valued based on the quoted prices in active markets for identical assets.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market account and mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,543,251	$ -	$ -	$ 4,543,251
Total assets in the fair value hierarchy	4,543,251	-	-	4,543,251
Investments measured at net asset value	-	-	-	11,430,625
Investments at fair value	$ 4,543,251	$ -	$ -	$ 15,973,876

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Money market account	$ 24,181	$ -	$ -	$ 24,181
Mutual funds	9,463,587	-	-	9,463,587
Investments at fair value	$ 9,487,768	$ -	$ -	$ 9,487,768

Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Effective November 7, 2020, certain Plan investments are managed by Great-West. Prior to November 7, 2020, Ascensus provided certain administrative services to the Plan; therefore, these transactions qualify as party-in-interest transactions.

Great-West and Ascensus (the trustees) provide certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and the trustees. The trustees receive revenue from mutual fund and collective trust fund service providers for services the trustees provide to these funds. This revenue is used to offset certain amounts owed to the trustees for their administrative services to the Plan.

If the revenue received by the trustees from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, the trustees remit the excess to the Plan's trust. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2020 , there were no excess amounts. The Plan or Company may make a payment for administrative expenses not covered by revenue sharing.

During the year ended December 31, 2020, the Company failed to remit employee contributions and loan payments of $14,476 in a timely manner. In addition, the Company has failed to remit 2019 employee contributions of $7,695.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has a right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contribution portion of their account.

NOTE 7 TAX STATUS

The Plan has been formed utilizing the *Prototype Non-standardized Profit Sharing Plan with CODA* sponsored by Great-West. The prototype plan sponsor, Great-West, obtained a favorable determination letter dated March 31, 2014; however, such letter is only applicable to Great-West. The Plan administrator has adopted all Plan provisions within the prototype document and believes that the Plan and related trust are designed and are currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500, as of December 31:
