Report of Independent Auditors

To the Board of Trustees
The Everett Clinic Profit Sharing and
401(k) Employee Savings Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Everett Clinic Profit Sharing and 401(k) Employee Savings Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of August 31, 2021, December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the period ended August 31, 2021, and year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Charles Schwab Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of August 31, 2021, December 31, 2020 and 2019, and for the period ended August 31, 2021, and year ended December 31, 2020, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Trustees elected to terminate the Plan during 2020. This was approved and the Plan determined liquidation was imminent. As a result, the entity has changed the basis of accounting from the going concern basis used in presenting the December 31, 2019, financial statements to the liquidation basis used in presenting the August 31, 2021, and December 31, 2020, financial statements. Our opinion is not modified with respect to this matter.

Note 1 – Description of the Plan

The following description of The Everett Clinic Profit Sharing and 401(k) Employee Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of The Everett Clinic, PLLC and Everett MSO, Inc. (the Clinic) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Everett Clinic, PLLC is the Plan's sponsor and serves as Plan administrator. As discussed below, the Plan determined that liquidation was imminent in 2020, and therefore under ASC-250-30 applied the liquidation basis of accounting. There was no significant impact to the statements.

Plan freeze – As of December 31, 2017, the Plan was frozen. It continued to operate as a frozen Plan until the assets were in a form that could be readily liquidated and distributed. As of December 31, 2017, all participants in the Plan were 100% vested in their respective account balances, rollovers are no longer being accepted, and the Clinic will not make any further contributions to the Plan. As a result, there were no forfeitures applied in 2021 or 2020.

Plan termination/merge – As of December 31, 2020, the Plan was terminated. On March 31, 2021, all remaining Plan assets were liquidated and merged with OptumCare Management, LLC 401(k) Retirement Savings Plan, the Successor Plan, on April 1, 2021. Employed participants were given the option to request a distribution of their employer contributions in the Plan prior to the merge. Terminated participants had the option to request a distribution of their Plan assets during this same time.

Participant accounts – Each participant's account is credited with the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their historical contributions into various investment options offered by the Plan.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested accrued benefit. The loans are issued by the Plan and secured by the balance in the participant's account. Loans require repayment within five years through equal installments in the form of payroll deductions. Interest rates are established at loan inception based on the prime rate of interest as published in The Wall Street Journal plus 1%, commensurate with local prevailing rates. All notes receivable were transferred to the Successor Plan on April 1, 2021.

Payment of benefits – Participants may request a lump-sum payment of their vested profit sharing and 401(k) accounts due to separation of service, death, or disability. Participants entitled to distributions due to death or disability or those who have attained age 55 may request partial distributions from their vested retirement account. In-service distributions are available from profit sharing and 401(k) accounts after attainment of age 55 and 59½, respectively. Distributions are processed quarterly.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the liquidation method of accounting. Under the liquidation method of accounting, assets are stated at their estimated net realizable value and liabilities are stated at their estimated settlement amounts. The fair value of the Plan's assets is considered to approximate liquidation value, as the Plan completed an orderly liquidation of investments as participants accounts were paid out.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date (Note 3).

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized net appreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions upon the occurrence of a distributable event, based on the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Expenses – Administrative expenses related to operating and maintaining the Plan can be paid by the Plan or Clinic. Certain administrative, investment, and transaction fees are paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 13, 2021, which is the date the financial statements are available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Money market funds – A public investment vehicle valued using $1 for the NAV.

Limited partnerships – Interests are valued at the NAV practical expedient based on the Plan's percentage interest in the partnership or the number of shares for corporate investments using estimated fair value as provided by the investment fund based on quoted market values when available, cost of securities, prices of recent third-party transactions, subsequent developments concerning the companies to which the securities relate, and financial data and projections provided to the general partner. The Plan considers subscription and redemption rights, including any restrictions on the disposition of the interest, in its determination of fair value.

Note 3 – Fair Value Measurements (continued)

The Plan has established a valuation process for investments in limited partnerships and other corporate investments. This process includes a written investment policy and procedures to ensure that the investments are valued in a consistent and fair manner. The Plan receives statements from each investment on a monthly basis and accounts for the shares. The Plan Trustees are responsible to review the valuation of the investments on a quarterly basis.

Real estate – Valued at appraised value and certified by The Charles Schwab Bank (Charles Schwab), the custodian.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

Note 3 – Fair Value Measurements (continued)

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

	Real Estate
Balance, December 31, 2019	$ 20,800,000
Sale to Everett MSO, Inc., a related party	(20,800,000)
Balance, December 31, 2020	$ -

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements as of December 31, 2019, is as follows:

Name	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values (Weighted Average)
Real estate	$ 20,800,000	Market Comparable	Adjustment to appraisal value	N/A

The following tables show the fair value, unfunded commitments, and redemption restrictions for investments reported at the net asset value at December 31, 2019:

The OHA European Strategic Fund (Offshore) LP is a Cayman Island exempted limited partnership for the purpose of investing in distressed, stressed, and undervalued loans, bonds, equities, and other investments, predominantly in Western Europe.

Note 4 – Investments Certified by Plan Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of:

- Certain investments totaling $0, $299,311,697, and $291,864,609 are reflected on the accompanying statements of net assets available for benefits as of August 31, 2021, December 31, 2020 and 2019, respectively.

- Investment income reported in the accompanying statement of changes in net assets available for benefits for the period ended August 31, 2021, and year ended December 31, 2020.

- Certain investments reflected on the schedule of assets (held at end of year).

During 2020 and 2019, the Plan held alternative investments outside of The Charles Schwab Bank. These amounts were not certified by The Charles Schwab Trust Company. By the end of 2020, all alternative investments were liquidated. There were no significant gains or losses on noncertified assets during 2020.

Note 5 – Participant Directed Investments

The real estate in the Plan was sold in June 2020 and all remaining alternative assets in the Plan were liquidated in August 2020. This allowed for the quarterly valued non-participant directed assets to be converted to daily valued participant directed assets in September 2020. All assets of the Plan were participant directed assets at December 31, 2020.

Note 6 – Tax Status

The Internal Revenue Service has determined and informed the Clinic by a letter dated May 16, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-in-Interest Transactions

The Plan leases a medical office complex located at 3901-3909 Hoyt Avenue in Everett, Washington, (Property) to the Clinic under a prohibited transaction exemption granted by the Department of Labor (DOL), as published in the Federal Register. The lease agreement requires minimum monthly rental payments and the payment of all taxes, insurance, maintenance, and related expenses. The Clinic extended the lease terms on June 1, 2015, for an additional five-year period, beginning July 1, 2016, and expiring June 30, 2021. Rental income from this property in 2020 was $788,904. This investment was sold in June 2020.

Plan investments include shares of registered investment company funds managed by The Charles Schwab Trust Company, which is the custodian of the Plan and an affiliate of Charles Schwab Bank; therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodial services were $42,935 as of August 31, 2021, and $73,365 for the year ended December 31, 2020. The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions. The Plan stopped issuing loans on December 31, 2020. Loan paperwork requested from the recordkeeper prior to this date was honored.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the values of the investments in the near term could materially affect a participant’s account balance and the amounts reported in the financial statements.

Note 9 – Plan Termination

The Plan was terminated on December 31, 2020. Distribution of employer contributions for current employees was allowed until the merge of the Plan assets with the Successor Plan on April 1, 2021.
