FIRSTSERVICE RESIDENTIAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the FirstService Residential 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of FirstService Residential, Inc. (the "Sponsor" or the "Company"). All employees, as defined by the Plan, are eligible to participate in the Plan upon the 1st day of the month after completing two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Lieberman Management Services Retirement Plan (the "Lieberman Plan") and the Condominium Concepts Management, Inc. 401(k) Plan merged with the Plan (the "Plan Mergers"). On December 31, 2019, in order to facilitate and implement the Plan Mergers effective on January 1, 2020, the transfer of all assets from these plans into the Plan was initiated. Assets totaling approximately \$6,280,000 and \$1,325,000, respectively, transferred as part of the Plan Mergers in the 2019 Plan year and is presented as Plan Assets in Transit at December 31, 2019 in the statements of net assets available for benefits. The participants in these became participants of the Plan on the Plan Mergers' effective date.

Beginning in April 2020, the Plan enacted several provisions from the CARES Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to \$100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarting in 2021. Additionally, the processing of minimum required distributions was suspended for 2020, except upon participant request and in cases where a participant's first minimum required distribution was for 2019, it was deferred until 2020.

Contributions

Each year, participants may contribute up to 75% of their pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company made matching contributions equal to 40% of the first 6% of compensation that a participant contributed to the Plan.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Sponsor's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants with 3 or more years of service shall be 100% vested in all accrued and future employer contributions.

Forfeitures

Forfeitures are those amounts of the Company's matching contributions in which a participant is not fully vested at the time of termination. These accounts are used to reduce future employer contributions or pay plan expenses. During 2020, \$230,395 of forfeited non-vested accounts were used to reduce employer contributions and pay Plan expenses. There were \$16,406 and \$57,614 of forfeited non-vested accounts at December 31, 2020 and 2019, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. The Plan allows participants to change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of \$500 up to a maximum equal to the lesser of 50% of a participant's vested account balance or \$50,000. Participants may only have up to one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus one percent, based on the loan application date. Principal and interest is paid ratably through payroll deductions.

Plan Administration

The Plan is administered by the Company. The Plan assets are maintained by its trustee, State Street Bank and Trust Company (State Street). Transamerica Retirement Solutions serves as the Plan's recordkeeper (Transamerica).

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance is greater than \$1,000, but such balance is \$5,000 or less at the date of death, disability, retirement or termination of employment, and the participant has failed to make a distribution election within 45 days, the participant's vested interest in his or her account will be automatically rolled over into an IRA. Also, if the participant's vested account balance is \$1,000 or less, and a timely distribution or rollover election is not made, the participant's vested account balance will be paid directly to the participant by check as a mandatory distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value, except for its common collective trust, which is stated at the net asset value as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments less its liabilities. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Plan Expenses

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, may be paid directly by the Company. Plan expenses are recorded when incurred.

An allocation of approximately 0.1 percent of plan earnings is deposited into the Plan's Expense Budget Account (EBA). The amount allocated to each participant is based upon the earnings and revenue sharing percentage of the funds selected. For the year ended December 31, 2020, participants were charged \$187,911. Funds from this account may not be used to offset employer contributions. At December 31, 2020 and 2019, the balance in the EBA account was \$224,178 and \$132,716, respectively, and \$96,449 of administrative and investment advisory expenses were paid during 2020.

Party-In-Interest Transactions

Certain Plan investments are units of a common collective trust managed by Transamerica, who is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan has a cash investment account managed by State Street, who is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also has notes receivable from participants that qualify as party-in-interest transactions.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

Concentrations

All of the Plan's investment assets are held by its trustee, State Street, located in North Quincy, Massachusetts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY STATE STREET (UNAUDITED)

The following information included in the accompanying financial statements was obtained from data that has been prepared by and certified as complete and accurate by State Street.

	2020	2019
Investments:		
Mutual funds	\$ 203,973,054	\$ 169,435,394
Common collective trust	8,010,732	5,475,357
Interest bearing cash	244,000	191,869
Notes receivable from participants	5,993,689	5,529,677
	<u>\$ 218,221,475</u>	<u>\$ 180,632,297</u>

For the year ended December 31, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the Plan year) appreciated in value by \$22,935,953.

In addition, during the year ended December 31, 2020, dividends related to the Plan's investments and interest on participant loans amounted to \$3,032,052 and \$320,043, respectively. At December 31, 2020 and 2019, the interest rate on participant loans ranged from 4.25% to 6.50%.

NOTE 4. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require the Plan to report its investments at fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follow:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies used for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2020 and 2019:

ASSETS, at fair value as of December 31, 2020	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 203,973,054	\$ -	\$ -	\$ 203,973,054
Interest bearing cash	244,000	-	-	244,000
Total investments in the fair value hierarchy	<u>\$ 204,217,054</u>	<u>\$ -</u>	<u>\$ -</u>	<u>204,217,054</u>
Common collective trusts, measured at NAV (a)				<u>8,010,732</u>
Total investments measured at fair value				<u>\$ 212,227,786</u>

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

ASSETS, at fair value as of December 31, 2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 169,435,394	\$ -	\$ -	\$ 169,435,394
Interest bearing cash	191,869	-	-	191,869
Total investments in the fair value hierarchy	<u>\$ 169,627,263</u>	<u>\$ -</u>	<u>\$ -</u>	169,627,263
Common collective trusts, measured at NAV (a)				<u>5,475,357</u>
Total investments measured at fair value				<u>\$ 175,102,620</u>

(a) Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The investments in common collective trusts are investments in a direct filing entity. There are no unfunded commitments or redemption restrictions related to this investment and participants may redeem units in the fund daily.

NOTE 5. REPORTABLE TRANSACTIONS

The Sponsor determined that certain eligible employees had not been timely offered the opportunity to participate in the Plan. Plan management had estimated the amount of missed opportunity to defer for years 2015 through 2017 totaled \$83,020, plus \$55,473 of employer matching contributions. At December 31, 2018, the Qualified Non-Elective Contribution (QNEC) related to this correction, including lost earnings, amounted to \$125,327 and was corrected in 2019.

NOTE 6. EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination test for the years ended December 31, 2020 and 2019 resulting in excess contributions amounting to \$658,234 and \$360,971, respectively, which are recorded as liabilities in the accompanying statements of net assets available for benefits. The excess contributions made during 2019 were reimbursed to participants during 2020.

NOTE 7. INCOME TAX STATUS

The Sponsor has adopted the Transamerica Retirement Solutions Corporation Volume Submitter Profit Sharing Plan for which obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with “Accounting for Uncertainties in Income Taxes” as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return’s due date or the date filed) that remain subject to examination by the Plan’s major tax jurisdictions.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.
