## NOTE 1. DESCRIPTION OF PLAN

Higgs, Fletcher & Mack 401(k) Profit Sharing Plan (the “Plan”) is sponsored by Higgs, Fletcher & Mack LLP (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

### General

The Plan, which became effective on January 1, 1984, is a defined contribution plan covering all eligible employees of the Company. The Plan's trustee and custodian is Fidelity Management Trust Company (the “custodian" or “Fidelity"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

### Eligibility

Employees who are at least 21 years of age are generally eligible to participate in the Plan and may enroll in the Plan on the first day of the month coincident with or next following their hire date. To be eligible for any employer matching contributions, an employee must (i) be at least 21 years of age, and (ii) have completed a year of service where the employee is credited with at least 1,000 hours of service. Employees enroll in the Plan for employer contribution purposes on the first day of the plan year (January 1) or seventh month of the Plan year (July 1) after having met the eligibility requirements for employer contributions. To be eligible for any employer non-elective contributions, an employee must meet the eligibility requirements to receive employer matching contributions and must be employed on the last day of the Plan year.

### Participant Contributions

Participants may elect to contribute to the Plan up to 60% of their compensation each year, subject to certain statutory limitations, and may designate their contributions as either pre-tax or Roth amounts, as defined. Effective April 10, 2015, employees who have not made an affirmative contribution election will be automatically enrolled in the Plan with an initial deferral rate equal to 6% of their compensation, with additional annual increases of 1%. Participants may also contribute amounts representing rollover distributions from other qualified sources.

### Employer Contributions

The Plan includes provisions for discretionary employer matching contributions as well as discretionary non-elective contributions. For 2020, the discretionary employer matching contribution is equal to 25% of a participant’s deferral contributions up to 6% of the participant’s eligible compensation during the Plan year. For the year ended December 31, 2020, the Plan Sponsor made discretionary non-elective contributions totaling $200,000, which is included in employer contributions receivable in the accompanying statement of net assets available for benefits as of December 31, 2020.

**NOTE 1. DESCRIPTION OF PLAN (Continued)**

Participants are vested immediately in the portion of their accounts related to their contributions (including earnings or losses thereon). Participants vest in the portion of their accounts related to employer contributions (including earnings thereon) based on years of service as follows:

| Years of Service | Vested Interest |
|---|---|
| 1 | 25% |
| 2 | 50% |
| 3 | 75% |
| 4 or more | 100% |

In addition, upon reaching normal retirement age (65), or in the event of death, or disability, employed participants become 100% vested in their accounts.

**Participant Accounts and Investment Options**

Each participant's account is credited with the participant's contributions, any employer matching contributions, and allocations of (i) any employer non-elective contributions, (ii) Plan earnings or losses, and (iii) any administrative expenses. Allocations are based on participant contributions, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

**Payment of Benefits**

Upon disability, death, termination, or attaining age 59½ or normal retirement age (65), participants (or, if applicable, their beneficiaries) may elect to receive a distribution of their vested account balance in a lump sum, or defer distribution if their vested account balance exceeds $5,000. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

In addition, the Plan allows participants who are also employees of the Company to take hardship distributions under certain conditions as defined in the Plan. The Plan was amended effective January 1, 2019 to, among other things, remove the requirements for participants to have an outstanding loan prior to taking a hardship distribution, and to remove the requirement that participants be suspended from contributing to the Plan for six months following a hardship distribution.

## NOTE 1. DESCRIPTION OF PLAN (Continued)

### Payment of Benefits (Continued)

Upon termination of employment, if a participant's vested account balance is between $1,000 and $5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA separately managed and maintained by a trust company engaged by the Plan. Also at its discretion, the Plan may elect to distribute vested account balances of less than $1,000.

In April 2020, the Plan operationally implemented the following provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 9) for CARES Act related distributions: (i) participants may withdraw up to $100,000 without a 10% early distribution penalty, (ii) such distributions can be repaid within three years of the date of distribution, and (iii) required minimum distributions were temporarily suspended for 2020.

### Forfeitures

Forfeitures of terminated participants' accounts are held in an unallocated asset account. These amounts may be used to pay Plan administrative expenses or reduce employer contributions. During 2020, $41 was added to the forfeitures account for investment gains, no amounts were used toward employer contributions or Plan expenses, and $2,807 was added for amounts forfeited from participant accounts. As of December 31, 2020 and 2019, the forfeitures account balance was $18,630 and $15,782, respectively.

### Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000 or 50% of their vested account balance. Loans bear interest at a reasonable rate as determined by the Plan administrator at the time of application, and are generally secured by the participant's vested account balance. Participants are permitted to have only one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years unless the loan is used toward the acquisition of the participant's principal residence, in which case the loan term may be longer. As of December 31, 2020, the interest rates on outstanding loans ranged from 4.25% to 6.50%.

As permitted by the CARES Act (Note 9), effective April 2020, participants requesting relief were permitted (i) an increased loan limit to the lesser of $100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

### Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### Payment of Benefits

Benefits are recorded when paid.

### Recently Issued Accounting Standards Update

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 simplifies and improves the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan's financial statements.

### Administrative Expenses

The Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company, except for certain distribution and loan fee expenses, which are paid by the transacting participants.

### Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

## NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments were held by Fidelity, the custodian of the Plan as of December 31, 2020 and 2019. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments as well as noninterest bearing cash held at December 31, 2020 and 2019, and net realized and unrealized appreciation in fair value of investments, and dividend and interest income for the year ended December 31, 2020, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity.

## NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2020 and 2019. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Mutual Funds (including Money Market Funds):* Valued at the daily closing price as reported by the fund. Mutual funds including money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

*Self-Directed Brokerage Accounts:* Accounts consist primarily of money market funds, publicly-traded mutual funds, exchange traded funds, and common stocks that are valued on the basis of readily determinable market prices for identical assets. Additionally, accounts include certificates of deposit that are valued based on market prices for identical or similar assets in secondary markets and are categorized in Level 2 of the fair value hierarchy.

## NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

| | December 31, 2020 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Self-directed brokerage accounts | $ 5,762,321 | $ 1,406,373 | $ - | $ 7,168,694 |
| Mutual funds | 35,910,413 | - | - | 35,910,413 |
| Total investments at fair value | $ 41,672,734 | $ 1,406,373 | $ - | $ 43,079,107 |

| | December 31, 2019 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Self-directed brokerage accounts | $ 5,582,314 | $ - | $ - | $ 5,582,314 |
| Mutual funds | 33,024,151 | - | - | 33,024,151 |
| Total investments at fair value | $ 38,606,465 | $ - | $ - | $ 38,606,465 |

## NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan, and provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by Fidelity and/or affiliates of Fidelity, the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions.

## NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

## NOTE 7. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter's opinion letter from the Internal Revenue Service ("IRS") which states that the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

## NOTE 7. TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

## NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

## NOTE 9. COVID-19

In December 2019, a novel strain of coronavirus was reported to have surfaced in China. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The spread of this virus beyond China and within the United States of America caused business disruption throughout 2020 as well as significant economic uncertainty and volatility in financial markets. The effects of the pandemic are ongoing, and considerable uncertainty remains, including the continuing necessity for restrictions and the long-term effectiveness of vaccines. As such, Plan management is unable to estimate the impacts, if any, of the pandemic on the Plan's future operations. The financial statements contain no adjustments relating to the potential future effects of the pandemic.

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2022.
