Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TransRe Retirement Accumulation Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 7, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2020 and 2019, and for the year ended December 31, 2020, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the TransRe Retirement Accumulation Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

(a) General

The Plan was originally established on January 1, 2010. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is designed in accordance with Internal Revenue Code ("IRC") section 401(a). The Plan is a profit sharing plan with a discretionary contribution and allocation formula. Participants in the Plan generally include any salaried U.S. employee of Transatlantic Holdings, Inc. ("THI") and certain of its subsidiaries (collectively, "TRH") who is age 18 or older. Effective January 1, 2020, the Plan was amended to exclude "highly compensated employees" from future eligibility for employer contributions. The exclusion of this group of employees was driven by compliance issues related to certain non-discrimination rules which are required to be followed by the Plan to ensure its tax-qualified status. The Plan is sponsored by THI and the trustee of the Plan is Vanguard Fiduciary Trust Company (the "Trustee").

(b) Contributions

TRH may at its discretion make contributions to the Plan on behalf of each participant for each plan year. The contributions are allocated to participant accounts following a formula outlined in the Plan. Participants are not permitted or required to make contributions to the Plan. TRH intends to make an annual contribution to the Plan account equal to 5% of the participant's eligible compensation subject to non-discrimination rules. Eligible compensation includes base pay, commission and any regular bonus the participant receives. The eligible compensation is capped at the IRS limit.

(c) Participant Accounts

A separate account is maintained for each participant. The account reflects the participant's share of TRH contributions and the income, realized gain or loss, and unrealized gain or loss attributable to the account. Participants are permitted to change the investments within their account on a daily basis, subject to certain limitations. All investments are participant directed. Effective January 1, 2019, former employees who remain participants following the end of their employment are charged a general administrative fee of $152 annually ($38 per calendar quarter) which is automatically deducted from their Plan account. No general administrative fee is charged to the Plan accounts of current employees.

(d) Vesting

Participants become 100% vested in their account upon completion of two years of service, attainment of age 65 or death or disability, as defined by the Plan, while employed by TRH. A participant who has not completed two years of service, attained age 65, died or become disabled as of their separation from TRH will forfeit their account balance.

(e) Payment of Benefits

Following the termination of employment with TRH, retirement from TRH, death or disability of a participant, or complete termination of the Plan, the participant's vested benefits will be distributed as a lump sum.

(f) Plan Termination

Although it has not expressed any intent to do so, THI has the right, under the Plan, to terminate the Plan at any time. In the event of termination, the accounts of the participants of the Plan would become fully vested and non-forfeitable.

(g) Forfeited Accounts

Forfeited nonvested accounts totaled $3,814 for the year ended December 31, 2020. As of December 31, 2020 and 2019, investments totaling $41,847 and $37,833, respectively, related to forfeited accounts. Investments related to forfeited accounts are being held by the Trustee pending instructions from the Plan.

(h) Reclassifications

Certain reclassifications and format changes may have been made to prior year amounts to conform to the current year presentation.

2. Summary of Accounting Policies

(a) Basis of Presentation

The accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits have been prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the U.S. ("GAAP").

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that affect the reported amounts and related disclosures as of the date of the financial statements and for the period covered by the financial statements. Actual results may differ materially from these estimates.

(c) Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. In 2019, common collective trusts are valued at net asset value ("NAV") as a practical expedient. In 2020, common collective trusts with readily determinable fair value are valued at NAV.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Administrative Expenses

TRH pays a portion of the general administrative expense of the Plan directly to Vanguard Group, Inc., an affiliate of the Trustee. See Note 1(c) for general administrative expenses charged to participant accounts.

(f) COVID-19

On March 11, 2020, the World Health Organization classified an outbreak of the novel strain of coronavirus ("COVID-19") a global pandemic, which has adversely impacted the global economy by disrupting supply chains, lowering equity market valuations, creating significant volatility and disruption in financial markets, and increasing unemployment levels. While the length and severity of this pandemic cannot be reasonably estimated, it has negatively impacted the value of Plan assets.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted certain Cares Act measures including allowing qualified participants to receive coronavirus-related withdrawals without penalty.

(g) Subsequent Events

The Plan has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.

(h) Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board ("FASB") issued guidance that changes the financial statement disclosure requirements for measuring fair value. With respect to financial instruments classified as "Level 3" in the fair value disclosure hierarchy, the guidance requires certain additional disclosures for public entities related to significant unobservable inputs used in the valuation, while removing disclosure requirements related to an entity's overall valuation processes. The guidance also removes certain disclosure requirements related to transfers between financial instruments classified as "Level 1" and "Level 2" and provides clarification on certain other existing disclosure requirements. This guidance is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted with respect to any eliminated or modified disclosures. The Plan adopted this guidance in the first quarter of 2020 and the implementation did not have a material impact on the Plan's financial statements.

In September 2018, the FASB amended the guidance over Defined Contribution Pension Plans for Investments. The intent of this amendment is to no longer imply that a stable value fund would always use the net asset per share practical expedient. Instead, each plan should evaluate whether a readily determinable fair value exists to determine whether a stable value fund may qualify for the practical expedient to measure at net asset value. The Plan adopted this guidance in the first quarter of 2020 and the implementation did not have a material impact on the Plan's financial statements.

In connection with the adoption, the Plan has prospectively included certain investments in common collective trusts in the fair value hierarchy disclosure that were previously excluded from such disclosure because those investments previously used the net asset value per share practical expedient.

3. Fair Value Measurements

(a) Fair Value Measurements on a Recurring Basis

The Plan measures the financial instruments included in its investment portfolio at fair value on a recurring basis. The fair value of a financial instrument is the amount that would be received to sell an asset in an orderly transaction between willing, able and knowledgeable market participants at the measurement date.

The degree of judgment used in measuring the fair value of financial instruments generally correlates with the level of pricing observability. Financial instruments with quoted prices in active markets generally have more pricing observability and less judgment is used in measuring fair value. Conversely, financial instruments traded in other-than-active markets or that do not have quoted prices have less observability and are measured at fair value using valuation models or other pricing techniques that require more judgment. An active market is one in which transactions for the asset being valued occurs with sufficient frequency and volume to provide pricing information on an ongoing basis. An other-than-active market is one for which there are few transactions, the prices are not current, price quotations vary substantially either over time or among market makers, or for which little information is released publicly for the asset being valued. Pricing observability is affected by a number of factors, including the type of financial instrument, whether the financial instrument is new to the market and not yet established, the characteristics specific to the instrument and general market conditions.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. Whenever available, the Plan obtains quoted prices in active markets for identical assets at the balance sheet date to measure fair value for investments in registered investment companies. Market price data generally are obtained from exchange or dealer markets.

(b) Fair Value Hierarchy

Assets recorded at fair value in the statement of net assets available for benefits are measured and classified in a hierarchy for disclosure purposes consisting of three levels based on the observability of inputs available in the marketplace used to measure the fair values as discussed below:

- Level 1: Fair value measurements that are quoted prices (unadjusted) in active markets that the Plan has the ability to access for identical assets. Market price data generally is obtained from exchange or dealer markets. Assets measured at fair value on a recurring basis and classified as Level 1 consist of investments in registered investment companies or common collective trusts with readily determinable fair values.

- Level 2: Fair value measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets in active markets and inputs other than quoted prices that are observable for the asset, such as interest rates and yield curves that are observable at commonly quoted intervals. No assets were measured at fair value on a recurring basis and classified as Level 2.

- Level 3: Fair value measurements based on valuation techniques that use significant inputs that are unobservable. These measurements may be made under circumstances in which there is little, if any, market activity for the asset. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment. In making the assessment, factors specific to the asset are considered. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. No assets were measured at fair value on a recurring basis and classified as Level 3.

The Vanguard Retirement Savings Trust ("VRST") invests solely in the Vanguard Retirement Savings Master Trust (the "Master Trust"). The VRST publishes a daily NAV per unit and the daily NAV is available to the Plan. Plan management has determined that the VRST has a readily determinable fair value because the investment is an equity security in a structure similar to a mutual fund in which the fair value per unit is determined and published and is the basis for current transactions. As such, the VRST is included in the fair value hierarchy table in accordance with the adoption of ASU 2018-09. Previously the VRST was reflected outside the hierarchy table and valued at NAV using the practical expedient. The underlying investments of the Master Trust are primarily in pools of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond and securities trusts, and mutual funds.

The following table presents information about assets measured at fair value on a recurring basis at December 31, 2020 and 2019 and indicates the level of the fair value measurement based on the levels of the inputs used:

	Level 1	Level 2	Level 3	Total
As of December 31, 2020				
Assets[(1)]:				
Registered investment companies	$ 36,088,542	$ -	$ -	$ 36,088,542

Investments measured at NAV				619,117
Total				$ 30,039,594

(1) Represents only items measured at fair value.

4. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds and a common/collective trust managed by affiliates of the Trustee. The Trustee acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

In 2020 and 2019, TRH incurred on behalf of the Plan expenses of $60,410 and $60,787, respectively, from Vanguard Group, Inc., an affiliate of the Trustee.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed THI by a letter dated January 4, 2018 that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator and the Plan's tax counsel believe that the plan continues to be operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest and dividend income for the year ended December 31, 2020, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.
