NOTE 1 – DESCRIPTION OF PLAN

Quantlab Financial 401(k) Plan (the Plan) is a qualified retirement plan adopted by Quantlab Financial, LLC, originally effective on February 1, 2002, to enable eligible employees to save for retirement. The Plan was most recently amended effective August 1, 2019. Participating employers include Quantlab MA, Inc.; Quantlab US, Inc.; and Quantlab Futures Technology, Inc. Quantlab Financial, LLC and the participating employers are hereinafter collectively referred to as the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Company.

The following description of the Plan provides only general information. Participants should refer to the plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company who have attained age 21 are eligible to participate in the Plan. The Plan's entry date is the first day of each month.

Contributions – Participants may elect to defer a percentage of their eligible compensation into the Plan. All deferral contributions will be withheld from a participant's pay on a pre-tax basis, not to exceed an annual limit set by law. Participants who are projected to be age 50 or older by the end of the taxable year may also make catch-up contributions. Participants may increase, decrease, or suspend their deferral contributions at any time.

The Company may make discretionary matching contributions to the Plan on behalf of each participant in an amount equal to a percentage of the contributions made by each participant during the contribution period. For 2020, the Company made matching contributions equal to 100% of participants' deferral contributions, up to a maximum annual contribution of $4,000.

Participants can also rollover part or all of an eligible rollover distribution they receive from an eligible retirement plan into this Plan as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings for each investment option, and withdrawals.

Vesting – Participants are always 100% vested in their deferral contributions, including catch-up contributions, rollover contributions, and employer contributions, plus any earnings thereon.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the balance in a participant's account. All loans bear a reasonable rate of interest. Principal and interest is paid ratably through after-tax payroll deductions on at least a quarterly basis over a 5-year period unless it is for the purchase of a participant's principal residence, in which case the loan repayment period may not exceed beyond 10 years from the date of the loan. Participants may only have one loan outstanding at any given time.

Payment of Benefits – Participants may receive a distribution if they request one due to their disability, retirement, or termination of employment from the Company and any related employer. If a participant's vested account balance exceeds $1,000, they may delay their distribution until they are required by law to receive minimum required distributions. However, a participant cannot postpone their distribution if their vested account balance is $1,000 or less, in which case the Company will direct Fidelity Management Trust Company, the trustee, to distribute it to the participant as a lump sum distribution without their consent. Prior to such distribution, participants still have the right to request that the amount be distributed directly to them in the form of a lump sum payment or to request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

Participants may make withdrawals prior to termination of employment under various circumstances. If a participant has reached age 59½, they may elect to withdraw all or a portion of their entire vested account. In addition, participants may request a hardship withdrawal and withdraw certain contributions to satisfy specific and heavy financial needs.

CARES Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permit participants who satisfy the eligibility requirements for a coronavirus-related loan may take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal Revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments commence, the loan will be adjusted to reflect the delay, including accrued interest.

Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years, and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of the calendar year 2022.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits – Benefits are recorded when paid.

Administration Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement. As of December 31, 2020 and 2019, the Plan had no level 3 assets.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price as reported on the active market on which the individual fund is traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 33,088,570**	**$ -**	**$ -**	**$ 33,088,570**

Investments at fair value	**$ 34,863,186**	**$ -**	**$ -**	**$ 34,863,186**

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 26,965,258	$ -	$ -	$ 26,965,258
Money market fund	1,091,039	-	-	1,091,039
Investments at fair value	$ 28,056,297	$ -	$ -	$ 28,056,297

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rule under ERISA.

NOTE 6 – PLAN TERMINATION

The Company has no legal or contractual obligation to make annual contributions to or to continue the Plan. The Company reserves the right to terminate the Plan at any time by taking appropriate action as circumstances may dictate. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Company will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions.

NOTE 7 – TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by FMR LLC. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In early 2020, the global economy and major financial markets were negatively impacted by the coronavirus (the "virus" or COVID-19) pandemic and the measures taken to address and limit the spread of the virus. The effects of COVID-19 mitigation resulted in the recovery of the major financial markets by the end of 2020, but not the global economy. At this time, management is not aware of any material risk to the Plan and cannot quantify the future impact the virus may have on the Plan's financial statements.

NOTE 1 – DESCRIPTION OF PLAN

Quantlab Financial 401(k) Plan (the Plan) is a qualified retirement plan adopted by Quantlab Financial, LLC, originally effective on February 1, 2002, to enable eligible employees to save for retirement. The Plan was most recently amended effective August 1, 2019. Participating employers include Quantlab MA, Inc.; Quantlab US, Inc.; and Quantlab Futures Technology, Inc. Quantlab Financial, LLC and the participating employers are hereinafter collectively referred to as the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Company.

The following description of the Plan provides only general information. Participants should refer to the plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company who have attained age 21 are eligible to participate in the Plan. The Plan's entry date is the first day of each month.

Contributions – Participants may elect to defer a percentage of their eligible compensation into the Plan. All deferral contributions will be withheld from a participant's pay on a pre-tax basis, not to exceed an annual limit set by law. Participants who are projected to be age 50 or older by the end of the taxable year may also make catch-up contributions. Participants may increase, decrease, or suspend their deferral contributions at any time.

The Company may make discretionary matching contributions to the Plan on behalf of each participant in an amount equal to a percentage of the contributions made by each participant during the contribution period. For 2020, the Company made matching contributions equal to 100% of participants' deferral contributions, up to a maximum annual contribution of $4,000.

Participants can also rollover part or all of an eligible rollover distribution they receive from an eligible retirement plan into this Plan as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings for each investment option, and withdrawals.

Vesting – Participants are always 100% vested in their deferral contributions, including catch-up contributions, rollover contributions, and employer contributions, plus any earnings thereon.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the balance in a participant's account. All loans bear a reasonable rate of interest. Principal and interest is paid ratably through after-tax payroll deductions on at least a quarterly basis over a 5-year period unless it is for the purchase of a participant's principal residence, in which case the loan repayment period may not exceed beyond 10 years from the date of the loan. Participants may only have one loan outstanding at any given time.

Payment of Benefits – Participants may receive a distribution if they request one due to their disability, retirement, or termination of employment from the Company and any related employer. If a participant's vested account balance exceeds $1,000, they may delay their distribution until they are required by law to receive minimum required distributions. However, a participant cannot postpone their distribution if their vested account balance is $1,000 or less, in which case the Company will direct Fidelity Management Trust Company, the trustee, to distribute it to the participant as a lump sum distribution without their consent. Prior to such distribution, participants still have the right to request that the amount be distributed directly to them in the form of a lump sum payment or to request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

Participants may make withdrawals prior to termination of employment under various circumstances. If a participant has reached age 59½, they may elect to withdraw all or a portion of their entire vested account. In addition, participants may request a hardship withdrawal and withdraw certain contributions to satisfy specific and heavy financial needs.

CARES Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permit participants who satisfy the eligibility requirements for a coronavirus-related loan may take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal Revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments commence, the loan will be adjusted to reflect the delay, including accrued interest.

Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years, and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of the calendar year 2022.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits – Benefits are recorded when paid.

Administration Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement. As of December 31, 2020 and 2019, the Plan had no level 3 assets.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price as reported on the active market on which the individual fund is traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 33,088,570**	**$ -**	**$ -**	**$ 33,088,570**

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rule under ERISA.

NOTE 6 – PLAN TERMINATION

The Company has no legal or contractual obligation to make annual contributions to or to continue the Plan. The Company reserves the right to terminate the Plan at any time by taking appropriate action as circumstances may dictate. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Company will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions.

NOTE 7 – TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by FMR LLC. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

At this time, management is not aware of any material risk to the Plan and cannot quantify the future impact the virus may have on the Plan's financial statements.
