1. Description of Plan

The following description of the L & R Distributors, Inc. 401(K) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of L & R Distributors, Inc. (the Company or the Plan Sponsor) who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Administration

The Plan is administered by members of Company management. John Hancock Life Insurance Company of New York (the Trustee, Recordkeeper and Custodian) is the trustee, recordkeeper and custodian of the Plan.

Trust Funds

Trust funds have been established by the execution of trust agreements with the Trustee and are maintained for the purpose of this Plan. The assets of the trust are held, invested, and disposed of, by the Trustee, in accordance with the terms of the trust agreement, for the benefit of the participants and their beneficiaries.

Investments

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Contributions

Participants may elect to contribute up to 92% of pretax annual compensation, as defined in the Plan, not to exceed Internal Revenue Code (IRC) limitations. The IRC sets dollar limits on the amount that may be contributed to the Plan each tax year. The combined pre-tax and/or Roth 401(k) contributions by participants for 2020 and 2019 were limited to $19,500 and $19,000, respectively. In addition, participants who were at least 50 years of age at December 31, 2020 or 2019, were allowed to make an additional pre-tax and/or Roth 401(k) contribution of up to $6,500 and $6,000, respectively. Participants may also contribute amounts representing distribution from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Contributions are subject to certain statutory limitations set by the IRC.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Vesting

Vested benefits are those amounts participants are entitled regardless of future services to the Company. Participants are vested immediately in their contributions plus actual earnings thereon. Participants' employer contribution account balances become 20% vested after two years of service (after the age of 21) and vest an additional 20% for each additional year of service. Consequently, after six years of service, account balances are fully vested. If a participant's employer contribution account is not already 100% vested pursuant to the aforementioned terms, such account shall become fully vested upon the earliest of the participant's disability or death.

Forfeited Accounts
When certain terminations of participants in the Plan occur, the nonvested portion of the participant account, as defined by the Plan, represents a forfeiture. Forfeited balances of terminated participants' nonvested accounts are used to reduce plan expenses. In 2020, there were no withdrawals for operating expenses from forfeited nonvested accounts.

Notes Receivable from Participants
Participants may borrow an amount up to the lesser of 50% of their vested account balance or $50,000, subject to certain Department of Labor (DOL) and IRC requirements. The Plan provides that loan amounts must be a minimum of $1,000. The loans are secured by the balance in the participants' account and bear fixed interest at a rate of prime plus 1% at the time the loan is made. The terms of the loans may not exceed 5 years.

Under the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) the Plan adopted the following loan provisions for qualifying Coronavirus related reasons in 2020 only:

1. CARES Act Loans up to the lesser of $100,000 or 100% of the account balance; and
2. CARES Act Loan Deferrals allows eligible participants to defer repayment of their Plan loan(s) until December 31, 2020. Deferred loans were re-amortized and repayments restarted in January 2021.

As of December 31, 2020 and 2019, loans outstanding bear interest at rates ranging from 4.25% to 6.5% with maturity dates ranging from 2021 through 2026.

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments
Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service due to other reasons a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Under the CARES Act the Plan adopted the following for qualifying Coronavirus related reasons in 2020 only:

1. Waiver of required minimum distribution payable in 2020; and
2. CARES Act distributions up to the lesser of $100,000 or 100% of the account balance.

Administrative Expenses
Plan administrative fees may include recordkeeping, legal, accounting, trustee, and other administrative fees and expenses associated with maintaining the Plan. Plan administrative expenses are paid by the Company. Loan processing and other participant requested services fees are deducted from the accounts of participants who have requested loans or services.

Plan Termination
Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset values and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments in common collective trusts are valued at unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of net asset value, is a practical expedient for estimating the fair values of those investments. The common collective trusts have no unfunded commitments as of December 31, 2020 and can be redeemed daily with no redemption notice period or other redemption restrictions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Concentrations of Credit Risk
Financial instruments which potentially subject the Plan to concentrations of credit risk, are investments in mutual funds with John Hancock Life Insurance Company of New York an investment firm whose investments are not insured under the FDIC. The management of the Plan and of the Plan's Sponsor has evaluated the financial strength of the investment firm and is satisfied as to their financial stability.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Contributions
Contributions from employees are recorded as they are withheld from the participant's wages.

Administrative Expenses
Expenses related to the administration of the Plan were paid by the Company.

Recent Accounting Standards
In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-13 requires amended fair value measurement disclosures. The guidance includes new requirements to disclose the range and weighted average used to develop significant unobservable inputs for Level 3 fair value measurements. It also eliminates disclosure requirements for transfers between Level 1 and 2, valuation processes for Level 3 fair value measurements, the policy for timing of transfers between levels of the fair value hierarchy, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The new guidance also modified certain other current disclosure requirements. This guidance is effective for fiscal years beginning after December 15, 2019. It is mostly effective prospectively, with a portion effective retrospectively. Management has adopted this guidance as of and for the year ended December 31, 2020 with retrospective application as of December 31, 2019. The adoption of this guidance did not materially impact the Plan's financial statements.

3. Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification 820, (ASC 820) Fair Value Measurements and Disclosures, defines fair values, establishes a framework for measuring fair value, gives guidance regarding the methods used for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 10,538,310	$ -	$ -	$ 10,538,310
Investments at fair value	$ 10,538,310	$ -	$ -	10,538,310
Investment measured at NAV				
Common collective trust				177,036
Total investments at fair value				$ 10,715,346

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 10,619,658	$ -	$ -	$ 10,619,658
Total investments at fair value	$ 10,619,658	$ -	$ -	$ 10,619,658

Valuation methodologies for mutual funds and the interest in the common and collective trust are described in Note 2. There have been no changes in the methodologies used at December 31, 2020 and 2019. The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There were no transfers between Level 1, 2 and 3 during the year ended December 31, 2020.

4. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2020	2019
Assets		
Investments, at fair value	$ 10,715,346	$ 10,619,658
Notes receivable from participants	247,286	293,636
Investment income		
Net appreciation in fair value of investments	$ 1,444,565	
Interest income on notes receivable from participants	13,786	
Total investment income	$ 1,458,351	

5. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan Administrator has analyzed the tax positions by the Plan and has concluded that, as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017 for which the state limitations has passed.

6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company of New York. John Hancock Life Insurance Company of New York is the trustee and record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $98,485 for the year ended December 31, 2020.

8. Subsequent Events

Effective January 1, 2021, the Plan was amended to allow employees to become eligible to make elective deferral contributions and receive matching contributions and profit sharing contributions on the first day of the calendar month, coincident with or next following the date an employee attains age 21 and completes 60 days, provided that the employee is a full-time employee at the end of that period. If the employee does not meet the requirement as specified, they will be eligible for participation in the Plan upon completion of 1,000 hours of service in a 12-consecutive month period.

The Plan's Administrator has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date, except for the one disclosed in this footnote.
