Report of Independent Auditors

To the Plan Administrator and Participants,
Elements International Group, LLC 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Elements International Group, LLC 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, collectively, the trustee of the Plan, as of December 31, 2020, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Financial Information

The supplemental schedules, which are composed of the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020 and the Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2020, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2019 Financial Statements

We have compiled the accompanying statement of net assets available for benefits as of December 31, 2019. We have not audited or reviewed this financial statement and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist the plan administrator in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

General

The following description of the Plan Name (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

The Plan is a safe-harbor defined contribution plan established effective January 1, 2010 for the benefit of employees of Elements International Group, LLC (the "Company") and any other affiliated entities making an adopting employer election. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Management is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management.

Plan Restatement

Effective January 1, 2020, the Plan was restated, and a new trustee and record keeper, Great-West Life & Annuity Insurance Company, was appointed. In addition, Style-Line Furn., Inc. was added to the list of adopting employers (see *Plan Merger* below). Plan assets transferred to the new trustee from the previous custodian, Reliance Trust, were initially invested in target date funds based on the participant's age. The conversion initiated a blackout period beginning December 24, 2019, and continuing through January 16, 2020. During this period, funds could not be applied to the employee-selected funds with the former custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in the Plan's designated holding account until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

Plan Merger

On October 31, 2019, the Plan Administrator resolved to merge the Style-Line Furniture Retirement Plan (the "Style-Line Plan") into the Elements International Group, LLC 401(k) Plan, effective January 1, 2020. The assets of the Style-Line Plan were remitted to the Plan on January 15, 2020 from Principal Life Insurance Company, and are reflected as a transfer in on the statement of changes in net assets available for benefits. Subsequent to the transfer of assets, the Style-Line Plan was terminated. Participants being transferred into the Plan received full credit for all previous service earned under the Style-Line Plan.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019 and, for participant deaths after December 31, 2019, requiring most non-spouse beneficiaries to take full distribution of the participant's account within 10 years of the participant's death.

1. Description of Plan (continued)

CARES Act
On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (a) adding COVID-19-related distributions of up to $100,000 for eligible participants, (b) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (c) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (d) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

Eligibility
Employees are eligible to participate in the Plan upon reaching the age of eighteen and completing one month of service. Eligible employees may enter the Plan on the first day of the month following the date they first become eligible. Participation is voluntary and must be requested by the employee.

Contributions

Participant Contributions
Each year, participants may contribute up to 90% of pretax annual compensation, as defined by the Plan, not to exceed limits as set by the Internal Revenue Service (“IRS”). Participants may elect to have these contributions made as either pre-tax or after-tax (“Roth”) contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options provided by the Plan in one percent increments.

Safe-Harbor Employer Matching Contributions
The Company makes safe-harbor matching contributions equal to 100% of each participant’s elective deferrals that do not exceed 3% of the participant’s compensation, plus 50% of deferrals between 3% and 5% of the participant’s compensation. Matching contributions are determined on a payroll period basis.

Discretionary Employer Contributions
At the discretion of Management, the Company may elect to make additional contributions in the form of a discretionary matching contribution or discretionary profit-sharing contribution. No discretionary matching or discretionary profit-sharing contributions were made during the year ended December 31, 2020.

Participant Accounts
Each participants’ account is credited with the participants’ contributions and the participants’ allocation of any Company contributions. Earnings and losses are credited to each participant’s account based on the performance of the underlying investments. Contributions and earnings are allocated among investment options, which include various mutual funds and a guaranteed investment contract, as selected by the participant.

1. Description of Plan (continued)

Vesting
Participants are always fully vested in their contributions, the Company's safe-harbor matching contributions, and any earnings thereon. Participants vest in Company discretionary contributions according to the table below. Forfeited balances of terminated participants' non-vested accounts are used first to pay administrative expenses incurred by the Plan. Any remaining forfeitures are then used to offset employer contributions made.

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a similar rate charged by persons in the business of lending money for loans which would be made under similar circumstances. The loans are repaid ratably through payroll deductions over a period of five years or less, unless such loan is for the purchase of a participant's primary residence. During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for loans up to the lesser of $100,000 or 100% of a participants vested account balance.

Payment of Benefits
Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, installment payments or a direct rollover distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½ and in the event of an immediate and heavy financial hardship, subject to Plan provisions. During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for eligible participants, as defined in the CARES Act, to request distributions up to $100,000 from their participant account, without being subject to the 10% early distribution tax under the IRS. Participants may elect to repay some or all of their distribution within three years.

Forfeited Accounts
During the year ended December 31, 2020, participants forfeited $5,134 in prior discretionary employer contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $5,187 and $0, respectively. These amounts will be used to reduce future expenses incurred by the Plan or employer contributions. During the year ended December 31, 2020, the Plan did not utilize any forfeitures to reduce employer contributions.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America.

2. Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan’s investment in the Key Guaranteed Portfolio Fund, a fully-benefit responsive investment contract, is reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loans to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant’s investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant’s account balance.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. Information Prepared and Certified by Trustee (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, collectively, the trustee of the Plan from January 1, 2020 to December 31, 2021, and Reliance Trust Company, the custodian of the Plan from January 1, 2019 to December 31, 2019, as complete and accurate, except for comparing such information certified by the trustee or custodian with information included in the Plan's financial statements and supplemental schedules:

As of December 31,	**2020**	2019 *(compiled)*
Investments:		
Guaranteed investment contract, at contract value	**$ 145,809**	$ -
Mutual funds, at fair value	**3,907,127**	2,829,050
Total investments	**4,052,936**	2,829,050
Notes receivable from participants	**$ 9,159**	$ 8,706

For the year ended December 31,	**2020**
Net appreciation in fair value of investments	**$ 374,689**
Interest and dividend income	**98,268**
Interest income on notes receivable from participants	**521**

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There were no transfers of Plan investments between levels 1 and 2 during 2020. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,907,127	$ -	$ -	$ 3,907,127
Total assets in fair value hierarchy	$ 3,907,127	$ -	$ -	$ 3,907,127

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,829,050	$ -	$ -	$ 2,829,050
Total assets in fair value hierarchy	$ 2,829,050	$ -	$ -	$ 2,829,050

5. Guaranteed Investment Contract

The Plan offers a guaranteed investment contract, the Great-West Key Guaranteed Portfolio Fund, with Great-West Life & Annuity Insurance Company. The trustee maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the trustee. Contract value is equal to contributions received plus interest credited, less payments withdrawal or transfers. The interest rate credited on the unallocated annuity contract varies based on a formula determined by the trustee, but will not be less than a guaranteed floor interest rate determined annually. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value. The trustee may not terminate the contract at any amount less than contract value. The following represents the disaggregation of contract value between types of investment contract held by the Plan. In a traditional investment contract, the Plan owns only the contract itself, not the underlying assets.

As of December 31,	**2020**	2019
Traditional investment contract	**$ 145,809**	$ -
Total	**$ 145,809**	$ -

Certain events limit the ability to the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

6. Related-Party and Party in Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan also made direct payments to the investment advisor and recordkeeper totaling $5,129. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Income Tax Status

The Plan adopted a Volume Submitter Profit Sharing plan offered by NOVA Associates. The volume submitted plan received an IRS Opinion Letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

9. Risks and Uncertainties

The Plan invests in various investment funds. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommend containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

10. Reconciliation to 5500

The following reconciles the net assets available for benefits and net increase included in the accompanying financial statements to the Form 5500:

As of December 31,	**2020**	2019
Net assets available for benefits per the financial statements	**$ 4,104,505**	$ 2,862,794

Less: current-year employer matching contributions receivable		**(16,784)**
Less: current-year corrective employer contributions receivable		**(12,705)**
Net increase per Form 5500	**$**	**684,271**

11. Administrative Failures

Delinquent Participant Contributions
During the year ended December 31, 2020, the Company failed to remit certain participant contributions to the Plan within the time frame required by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting a non-exempt (prohibited) transaction between the Plan and the Company. Delinquent remittances of participant contributions and loan repayments amounted to $41,356. In addition, withholdings totaling $1,296 were not remitted at all. Plan management intends to correct this administrative failure by transmitting funds that were never contributed to the Plan and by making a qualified non-elective employer contribution to the affected participants' accounts for loss earnings.

Delinquent Safe-Harbor Employer Matching Contributions
The Plan Document specifies that the Company's safe-harbor matching contributions be calculated on a per pay period basis. The IRS requires employers to deposit these contributions no later than the last day of the quarter following the period in which they relate. During the year ended December 31, 2020, the Company failed to remit certain safe-harbor matching contributions totaling $9,730 to the Plan within the time frame required by the IRS. Plan management indents to correct this administrative failure by making a qualified non-elective employer contribution to the affected participants' accounts for loss earnings.

Eligible Compensation
During the year ended December 31, 2020, Management determined that there was inconsistency in the application of the terms in the Plan document, specifically relating to the definition of eligible compensation for the purpose of calculating employee and employer contributions. Certain participants' compensation related to bonuses were improperly excluded from the calculation of contributions in violation of the terms of the Plan document. Plan management intends to correct this administrative failure by calculating the missed deferral opportunity and lost earnings.
