Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Quantum Metric 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Benefit Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Plan Description

The following description of Quantum Metric 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, established on November 6, 2017. The Plan was amended and restated on April 1, 2020. The Plan is available to all employees of Quantum Metric, Inc. (the Company or Plan Sponsor), excluding union employees, leased employees, and nonresident aliens. The Plan covers any employee who attained the age of 18 or older. Employees are able to enter the Plan on the first day of the pay period after or coincident with the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, not to exceed certain limitations established by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. As they are discretionary, the Company did not authorize any employer matching or profit sharing contributions to the Plan for 2020.

Participant accounts and investment options: Each participant's account is credited with the participant's contributions and allocations of (a) the discretionary employer matching contributions (if any); (b) the discretionary profit sharing contributions (if any); and (c) Plan earnings or losses, and is charged with transaction fees for distributions and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their investment of both their contributions and the Company's contributions into various mutual funds offered by the Plan. Participants may change their elections daily.

Vesting: Participants are immediately 100% vested in their voluntary contributions, employer contributions (if any), profit sharing contributions (if any), plus allocated earnings and losses thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not exceeding $50,000, minus the highest outstanding balance of notes in the past 12 months. The repayment period is limited to five years, unless the note is for a principal residence. Participants may have no more than one note outstanding at any one time. The notes receivable are secured by the balance in the participant's account, and bear interest at the prime rate plus 1%, determined on the note issuance date. Principal and interest are repaid ratably through payroll deductions. Notes receivable outstanding at December 31, 2020 bear interest at a rate of 4.25% per annum and have various maturity dates through August 2025.

During 2020, the Plan implemented certain provisions under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to allow for an increase in Plan loan amounts and deferral of loan payments.

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service due to death or retirement, a participant or designated beneficiary may elect to receive a lump sum distribution equal to the value of the participant's vested interest in his or her account balance at the date of distribution. In-service distributions are allowed for participants attaining the age of 59½. Hardship withdrawals are allowed under the Plan provided certain conditions are met. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or as a direct rollover to an individual retirement account or individual retirement annuity (IRA) or to another employer's tax qualified plan. Participants must take a distribution as soon as practicable following termination.

Note 2. Significant Accounting Policies

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are net against net appreciation in fair value of investments.

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various mutual funds as investment instruments. Investment securities are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Directors determines the Plan's valuation policies utilizing information provided by Guideline, Inc. See Note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold and held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020. Delinquent notes receivable are treated as distributions based upon the terms of the Plan document.

Notes receivable from participants have been classified as in investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Part IV Line 4i – Schedule of assets (held at end of year).

Payment of benefits: Benefits payments to participants are recorded upon distribution.

Note 2. Significant Accounting Policies (Continued)

Recently adopted accounting pronouncements: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The adoption of ASU 2018-13 did not have a material impact on the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 14, 2021, which is the date the financial statements were available to be issued, and determined that there are no matters requiring disclosure other than listed below.

The Plan document was amended effective July 13, 2021. Based on the amendment, employees become 100% vested in employer matching contributions upon one year of service.

Note 3. Information Certified or Provided by Benefit Trust Company

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by Guideline, Inc. on behalf of Benefit Trust Company (the Custodian), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2020	2019
Non-interest-bearing cash	$ 706	$ 34,407
Investments at fair value, mutual funds	3,231,318	1,617,899
Notes receivable from participants	21,715	-

The Custodian also certified to the completeness and accuracy of the investment income and interest income on notes receivable from participants for the year ended December 31, 2020, included on the statement of changes in net assets available for benefits.

Note 4. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification (ASC), establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described below:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Note 4. Fair Value Measurements (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 compared to December 31, 2019.

Mutual funds: Reported at fair value based on quoted market price of the fund and classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,231,318	$ -	$ -	$ 3,231,318

	Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,617,899	$ -	$ -	$ 1,617,899

Note 5. Related-Party and Party-in-Interest Transactions

Fees paid by the Plan to the Custodian for investment management and broker services are included in net appreciation in fair value of investments, as they are paid indirectly, rather than direct payment. Also, the Plan paid indirect compensation for record-keeping services to Guideline, Inc. These transactions qualify as exempt party-in-interest transactions. The fees paid during the year ended December 31, 2020, were $1,917.

Note 6. Tax Status

The Plan has adopted a defined contribution volume submitter profit sharing plan sponsored by Sungard Business Systems LLC. The volume submitter plan has received an advisory letter from the Internal Revenue Service dated March 31, 2014, as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan follows the accounting guidance for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants are already 100% vested in their accounts and the net assets of the Plan, after payment of any expenses properly charged, would be distributed to the participants of the Plan according to the amount then credited to his or her account.

Note 8. Prohibited Transactions

During the year ended December 31, 2020, the Company failed to deposit $11,463 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Company corrected late deposits totaling $5,823, outside of VFCP in July 2020, and compensated participants with lost earnings resulting from the late deposits. The Plan Sponsor filed Form 5330 with the IRS and paid the excise tax on the prohibited transaction. The lost earnings and excise tax were paid from the Company's assets and not from the assets of the Plan. The remaining late deposits will be corrected in 2021.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per financial statements to Form 5500 as of December 31, 2020 and 2019:
