(a) Plan Amendment

The Plan was originally a defined-contribution plan funded solely by contributions from PPGC. Effective March 1, 2001, the Plan was amended to become a 401(k) profit-sharing plan that is qualified pursuant to Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code). Additionally, the Plan is designed to comply with the requirements of Section 404(c) of the Employee Retirement Income Security Act of 1974 (ERISA) and, in such design, the participants, not the trustee or fiduciaries, are responsible for the results of the participants' investment decisions.

The board of directors of Planned Parenthood Federation of America, Inc. amended the plan to provide that an affiliated employer may elect, in lieu of the current employer contributions that it provides under the Plan, effective January 1, 2005, to provide a fully vested "safe harbor contribution", which will satisfy certain plan nondiscrimination testing. In 2005, PPGC adopted the amendment.

(b) General

Employees are immediately eligible to make voluntary pretax contributions to the Plan through a salary reduction agreement. All full-time employees of PPGC who have performed one year of service and are age 19 or older are eligible for employer contributions. Employees will be credited with a year of service for eligibility purposes for each continuous 12-month period.

(c) Contributions

PPGC makes a matching contribution to the Plan equal to 100% of each participant's voluntary contribution of up to a maximum of 3% of the participant's salary, plus 50% of the participant's voluntary contribution in excess of 3% of the participant's salary, up to a maximum of 5% of the participant's salary.

Total additions to a participant's account are limited to the lesser of (a) \$57,000 for 2020 or \$56,000 for 2019, or (b) 100% of the participant's taxable earnings for the year.

All employee contributions are voluntary and cannot exceed certain limitations as defined by the Code. For the years 2020 and 2019, the maximum employee contributions permitted under Internal Revenue Service (IRS) Regulations are \$19,500 and \$19,000, respectively; however, plan participants who are age 50 or older are eligible for elective catch-up deferrals of \$6,500 in 2020 and \$6,000 in 2019, allowing for maximum contributions of \$26,000 or \$25,000 for 2020 and 2019, respectively.

Additionally, the Plan accepts contributions that are rolled over from other qualified plans, as well as accumulations from tax-sheltered annuities, Section 403(b) plans and Section 457 governmental plans, and individual retirement annuities.

(d) Participant Accounts and Investment Options

The Plan maintains a separate account for each participant, to which contributions and investment performance are allocated. Each participant's account is credited with contributions (employee and employer) and an allocation of the participant's selected investments' earnings. Participants have access to their own contributions prior to retirement through in-service loans and withdrawals.

Employer contributions are not available for in-service loans or withdrawals, except in the event of total and permanent disability, at which time a participant can request a withdrawal in an amount up to the vested portion in his or her participant account. The Plan allows participants to self-direct the investments of their accounts among various designated investment fund options. Participants may change investment allocations at any time.

(e) Participant Loans

If the portion of a participant's account based on employee contributions is at least \$2,000, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000, or 50%, of his or her participant account balance. Loan terms range from one to five years, unless such loan is for the purchase of a principal residence, whereupon repayment may be extended to ten years. The loans are collateralized by the participant's account and bear interest at a rate, established by the plan administrator, that approximate current market rates. Principal and interest payments are made ratably through deductions from participants' bank accounts. Participant loans are stated at their outstanding balance, plus accrued interest. The interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2020 and mature through November 2025. The interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2019 and mature through January 2025.

In March 2020, as a result of the COVID-19 outbreak, the U.S. Federal government passed the "Coronavirus Aid, Relief, and Economic Security (CARES) Act". The CARES Act allows eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented these changes as they relate to distributions and loans provided by the Plan.

(f) Vesting

All participant voluntary contributions and investment earnings are fully vested at all times. Employer contributions and investment earnings are fully vested once the participant has completed two years of service, except for safe harbor contributions, which are immediately vested.

(g) Payment of Benefits

Upon termination of service, a participant can elect to receive his or her account balance, either as a lump-sum amount, in installments, or through optional forms of annuity-type payments. Other benefits available to participants include in-service withdrawals and withdrawals on account of death and disability.

Notes to Financial Statements
December 31, 2020 and 2019

All participant accounts under \$1,000 (exclusive of rollover contributions) are automatically paid in cash upon the participant's separation from employment.

(h) Forfeited Accounts

Forfeited accounts can be used to reduce future employer contributions, reduce future plan expenses, or be allocated to the participants in the Plan. For the years ended December 31, 2020 and 2019, forfeitures totaled \$25 and \$8,539, respectively. Employer contributions were not reduced from forfeited investment accounts in 2020 and 2019. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$9,631 and \$8,700, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

The investment assets are maintained in a trust. The trustee is Fidelity Management Trust Company (Fidelity). Each participant designates the percentage of his or her participant account that is allocated to each investment fund. Each participant's interest in each investment fund is adjusted as of each valuation date to reflect his or her proportionate share of the total net fair value of such investment fund.

Investments are reported at fair value as described in note 4, except for investment contracts that are fully benefit-responsive. The Plan records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts that are fully benefit-responsive held by a defined-contribution plan are required to be reported at contract value, which is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(3) Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, Fidelity has certified to the completeness and accuracy of the following information, as of and for the years ended December 31, 2020 and 2019, and such information was not subject to any auditing procedures performed by the independent auditors.

Shares of common and collective trust in fully benefit-responsive investment contracts, at contract value:		
Fidelity – Managed Income Portfolio	\$ 98,611	217,739
Participant loans receivable	105,847	96,921

The income certified for the years ended December 31, 2020 and 2019 is summarized as follows:

	<u>2020</u>	<u>2019</u>
Investment income:		
Net appreciation in fair value of investments, from registered investment companies, including investments bought, sold and held during the year	\$ 1,971,355	1,666,491
Interest and dividend income	728,225	540,815
Total investment income	<u>\$ 2,699,580</u>	<u>2,207,306</u>
Interest from loans to participants	\$ 3,550	5,063

The Managed Income Portfolio's (the Portfolio) one-year total return as of December 31, 2020 and 2019 was 2.16% and 2.71%, respectively. The yield credited to participants was 1.49% and 2.24% for the Portfolio for the years ended December 31, 2020 and 2019, respectively. Both the one-year total return and the yield credited to participants for 2020 and 2019 are net of the annual trustee fees. The Portfolio uses a dollar yield to maturity for the purpose of calculating the crediting rate. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no restrictions on redemptions.

The existence of certain conditions can limit the Portfolio's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Portfolio that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Portfolio, tax disqualification of the Portfolio, and certain Portfolio amendments if issuers' consent is not obtained. As of December 31, 2020, the occurrence of an event outside the normal operation of the Portfolio that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a Portfolio suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such participants' interest in the Portfolio without the need to access investment contracts.

(4) Fair Value Measurement

The Plan applies a hierarchy to categorize fair value measurements broken down into three levels based on the transparency of inputs as follows:

Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date

PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood of Gulf Coast, Inc.)
Notes to Financial Statements
December 31, 2020 and 2019

Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active

Level 3 Inputs that are unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies

Valued at quoted market prices.

The following table presents the Plan's fair value hierarchy for those assets, measured at fair value, all of which are considered Level 1, as of December 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Financial assets investments:		
Registered investment companies:		
Bond funds	\$ 104,497	116,293
Blended funds	1,340,216	1,307,662
Life cycle funds	7,247,870	6,187,671
Large cap domestic equity funds	3,585,146	2,342,218
Medium cap domestic equity fund	81,699	154,559
Small cap domestic equity funds	181,134	252,372
International equity funds	284,748	346,649
Real estate fund	32,503	71,343
Total	<u>\$ 12,857,813</u>	<u>10,778,767</u>

(5) Administration of the Plan and Administrative Expenses

Brokerage commissions and related expenses are payable out of the assets of the investment fund to which they relate, unless stated otherwise. Except for record-keeping expenses, all administrative expenses (note 7) are paid by PPGC.

(6) Federal Income Tax Status

The IRS has determined and informed the Plan by a letter dated February 18, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code.

PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood of Gulf Coast, Inc.)
Notes to Financial Statements
December 31, 2020 and 2019

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2017.

(7) Related-Party Transactions

Certain plan investments are shares of registered investment companies and a common and collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party in-interest transactions. Fees paid by the Plan for administrative services amounted to \$494 and \$884 for the years ended December 31, 2020 and 2019, respectively.

(8) Plan Termination

Although it has not expressed any intent to do so, PPGC has the right to discontinue its contributions or terminate the Plan at any time. In the event of plan termination, participants become 100% vested in their accounts.

(9) Risks and Uncertainties

The Plan offers a number of investment options which enable participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The spread of coronavirus (COVID-19) around the world starting in the first quarter of 2020 has caused significant volatility in the U.S. and international markets. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies. The Plan is unable to determine if there are any other material impacts to its operations.

(10) Subsequent Events

Management evaluated events subsequent to December 31, 2020 and through October 13, 2021, the date on which the financial statements were available to be issued. Management has determined that there are no subsequent events that would require adjustment or disclosure in the financial statements.

PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood of Gulf Coast, Inc.)
Notes to Financial Statements
December 31, 2020 and 2019

(1) Description of the Plan

The following description of the PPFA Retirement Plan (the Plan), of which the plan sponsor is Planned Parenthood of Gulf Coast, Inc. (PPGC), is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) Plan Amendment

The Plan was originally a defined-contribution plan funded solely by contributions from PPGC. Effective March 1, 2001, the Plan was amended to become a 401(k) profit-sharing plan that is qualified pursuant to Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code). Additionally, the Plan is designed to comply with the requirements of Section 404(c) of the Employee Retirement Income Security Act of 1974 (ERISA) and, in such design, the participants, not the trustee or fiduciaries, are responsible for the results of the participants' investment decisions.

The board of directors of Planned Parenthood Federation of America, Inc. amended the plan to provide that an affiliated employer may elect, in lieu of the current employer contributions that it provides under the Plan, effective January 1, 2005, to provide a fully vested "safe harbor contribution", which will satisfy certain plan nondiscrimination testing. In 2005, PPGC adopted the amendment.

(b) General

Employees are immediately eligible to make voluntary pretax contributions to the Plan through a salary reduction agreement. All full-time employees of PPGC who have performed one year of service and are age 19 or older are eligible for employer contributions. Employees will be credited with a year of service for eligibility purposes for each continuous 12-month period.

(c) Contributions

PPGC makes a matching contribution to the Plan equal to 100% of each participant's voluntary contribution of up to a maximum of 3% of the participant's salary, plus 50% of the participant's voluntary contribution in excess of 3% of the participant's salary, up to a maximum of 5% of the participant's salary.

Total additions to a participant's account are limited to the lesser of (a) \$57,000 for 2020 or \$56,000 for 2019, or (b) 100% of the participant's taxable earnings for the year.

All employee contributions are voluntary and cannot exceed certain limitations as defined by the Code. For the years 2020 and 2019, the maximum employee contributions permitted under Internal Revenue Service (IRS) Regulations are \$19,500 and \$19,000, respectively; however, plan participants who are age 50 or older are eligible for elective catch-up deferrals of \$6,500 in 2020 and \$6,000 in 2019, allowing for maximum contributions of \$26,000 or \$25,000 for 2020 and 2019, respectively.

Additionally, the Plan accepts contributions that are rolled over from other qualified plans, as well as accumulations from tax-sheltered annuities, Section 403(b) plans and Section 457 governmental plans, and individual retirement annuities.

(d) Participant Accounts and Investment Options

The Plan maintains a separate account for each participant, to which contributions and investment performance are allocated. Each participant's account is credited with contributions (employee and employer) and an allocation of the participant's selected investments' earnings. Participants have access to their own contributions prior to retirement through in-service loans and withdrawals.

Employer contributions are not available for in-service loans or withdrawals, except in the event of total and permanent disability, at which time a participant can request a withdrawal in an amount up to the vested portion in his or her participant account. The Plan allows participants to self-direct the investments of their accounts among various designated investment fund options. Participants may change investment allocations at any time.

(e) Participant Loans

If the portion of a participant's account based on employee contributions is at least \$2,000, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000, or 50%, of his or her participant account balance. Loan terms range from one to five years, unless such loan is for the purchase of a principal residence, whereupon repayment may be extended to ten years. The loans are collateralized by the participant's account and bear interest at a rate, established by the plan administrator, that approximate current market rates. Principal and interest payments are made ratably through deductions from participants' bank accounts. Participant loans are stated at their outstanding balance, plus accrued interest. The interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2020 and mature through November 2025. The interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2019 and mature through January 2025.

In March 2020, as a result of the COVID-19 outbreak, the U.S. Federal government passed the "Coronavirus Aid, Relief, and Economic Security (CARES) Act". The CARES Act allows eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented these changes as they relate to distributions and loans provided by the Plan.

(f) Vesting

All participant voluntary contributions and investment earnings are fully vested at all times. Employer contributions and investment earnings are fully vested once the participant has completed two years of service, except for safe harbor contributions, which are immediately vested.

(g) Payment of Benefits

Upon termination of service, a participant can elect to receive his or her account balance, either as a lump-sum amount, in installments, or through optional forms of annuity-type payments. Other benefits available to participants include in-service withdrawals and withdrawals on account of death and disability.

Notes to Financial Statements
December 31, 2020 and 2019

All participant accounts under \$1,000 (exclusive of rollover contributions) are automatically paid in cash upon the participant's separation from employment.

(h) Forfeited Accounts

Forfeited accounts can be used to reduce future employer contributions, reduce future plan expenses, or be allocated to the participants in the Plan. For the years ended December 31, 2020 and 2019, forfeitures totaled \$25 and \$8,539, respectively. Employer contributions were not reduced from forfeited investment accounts in 2020 and 2019. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$9,631 and \$8,700, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

The investment assets are maintained in a trust. The trustee is Fidelity Management Trust Company (Fidelity). Each participant designates the percentage of his or her participant account that is allocated to each investment fund. Each participant's interest in each investment fund is adjusted as of each valuation date to reflect his or her proportionate share of the total net fair value of such investment fund.

Investments are reported at fair value as described in note 4, except for investment contracts that are fully benefit-responsive. The Plan records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts that are fully benefit-responsive held by a defined-contribution plan are required to be reported at contract value, which is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(3) Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, Fidelity has certified to the completeness and accuracy of the following information, as of and for the years ended December 31, 2020 and 2019, and such information was not subject to any auditing procedures performed by the independent auditors.

	<u>2020</u>	<u>2019</u>
Shares of common and collective trust in fully benefit-responsive investment contracts, at contract value:		
Fidelity – Managed Income Portfolio	\$ 98,611	217,739
Participant loans receivable	105,847	96,921

The income certified for the years ended December 31, 2020 and 2019 is summarized as follows:

	<u>2020</u>	<u>2019</u>
Investment income:		
Net appreciation in fair value of investments, from registered investment companies, including investments bought, sold and held during the year	\$ 1,971,355	1,666,491
Interest and dividend income	728,225	540,815
Total investment income	<u>\$ 2,699,580</u>	<u>2,207,306</u>
Interest from loans to participants	\$ 3,550	5,063

The Managed Income Portfolio's (the Portfolio) one-year total return as of December 31, 2020 and 2019 was 2.16% and 2.71%, respectively. The yield credited to participants was 1.49% and 2.24% for the Portfolio for the years ended December 31, 2020 and 2019, respectively. Both the one-year total return and the yield credited to participants for 2020 and 2019 are net of the annual trustee fees. The Portfolio uses a dollar yield to maturity for the purpose of calculating the crediting rate. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no restrictions on redemptions.

The existence of certain conditions can limit the Portfolio's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Portfolio that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Portfolio, tax disqualification of the Portfolio, and certain Portfolio amendments if issuers' consent is not obtained. As of December 31, 2020, the occurrence of an event outside the normal operation of the Portfolio that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a Portfolio suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such participants' interest in the Portfolio without the need to access investment contracts.

(4) Fair Value Measurement

The Plan applies a hierarchy to categorize fair value measurements broken down into three levels based on the transparency of inputs as follows:

Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date

PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood of Gulf Coast, Inc.)
Notes to Financial Statements
December 31, 2020 and 2019

Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active

Level 3 Inputs that are unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies

Valued at quoted market prices.

The following table presents the Plan's fair value hierarchy for those assets, measured at fair value, all of which are considered Level 1, as of December 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Financial assets investments:		
Registered investment companies:		
Bond funds	\$ 104,497	116,293
Blended funds	1,340,216	1,307,662
Life cycle funds	7,247,870	6,187,671
Large cap domestic equity funds	3,585,146	2,342,218
Medium cap domestic equity fund	81,699	154,559

Real estate fund	32,503	71,343
Total	<u>\$ 12,857,813</u>	<u>10,778,767</u>

(5) Administration of the Plan and Administrative Expenses

Brokerage commissions and related expenses are payable out of the assets of the investment fund to which they relate, unless stated otherwise. Except for record-keeping expenses, all administrative expenses (note 7) are paid by PPGC.

(6) Federal Income Tax Status

The IRS has determined and informed the Plan by a letter dated February 18, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code.

PPFA RETIREMENT PLAN
(Sponsored by Planned Parenthood of Gulf Coast, Inc.)
Notes to Financial Statements
December 31, 2020 and 2019

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2017.

(7) Related-Party Transactions

Certain plan investments are shares of registered investment companies and a common and collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party in-interest transactions. Fees paid by the Plan for administrative services amounted to \$494 and \$884 for the years ended December 31, 2020 and 2019, respectively.

(8) Plan Termination

Although it has not expressed any intent to do so, PPGC has the right to discontinue its contributions or terminate the Plan at any time. In the event of plan termination, participants become 100% vested in their accounts.

(9) Risks and Uncertainties

The Plan offers a number of investment options which enable participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The spread of coronavirus (COVID-19) around the world starting in the first quarter of 2020 has caused significant volatility in the U.S. and international markets. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies. The Plan is unable to determine if there are any other material impacts to its operations.

(10) Subsequent Events

Management evaluated events subsequent to December 31, 2020 and through October 13, 2021, the date on which the financial statements were available to be issued. Management has determined that there are no subsequent events that would require adjustment or disclosure in the financial statements.
