Notes to Financial Statements

1. Description of Plan

The following description of the Vista Professional Outdoor Lighting 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted on April 1, 1996 and restated effective January 1, 2016 to provide retirement benefits for employees of U.S.T.E., Inc. dba Vista Professional Outdoor Lighting (the "Company"). Employees are eligible to become participants in the Plan following one year of service and attainment of age 21, as defined in the plan document. John Hancock Life Insurance Company (U.S.A.) ("John Hancock") and Charles Schwab & Co. Inc. ("Schwab") serve as the custodians of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions.

Contributions

Each year, participants may contribute pretax compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company may, at its discretion, make a contribution, on behalf of all employees that qualify as Plan participants (discretionary Company contributions). The Company made no discretionary contribution for the year ended December 31, 2020. Additional profit-sharing amounts may be contributed at the discretion of the Company's board of directors. There were no additional profit-sharing contributions during the year ended December 31, 2020.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks, bonds, mutual funds, partnerships, and government securities in accordance with the plan document.

Participant accounts

Each participant account is credited with the participant's contribution, the Company's contribution, and allocation of the Plan's earnings and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, an allocation of administrative expenses and plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is fully vested in the employer contributions after six years of credited service.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50.00% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates determined by the plan administrator. As of December 31, 2020, outstanding loans bore interest rates ranging from 5.25% to 6.75%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59.5 years.

Forfeitures

There were no forfeited non-vested account balances as of December 31, 2020 and 2019. Forfeited accounts are used to reduce employer contributions, to pay administrative expenses, or are allocated to remaining participants in accordance with Plan provisions. No forfeitures were available to use in 2020.

2. Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan’s valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

Self-directed brokerage accounts
Accounts primarily consist of money market funds and common stocks that are valued on the basis of readily determinable market prices.

Pooled separate accounts
The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the Net Asset Value ("NAV") per share, as determined by John Hancock, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined based upon underlying assets which are traded on active markets.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Self-directed brokerage account	**$ 2,540,733**	**$ -**	**$ -**	**$ 2,540,733**
Investments measured at NAV (a)				**4,309,484**
Total investments				**$ 6,850,217**

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Self-directed brokerage account	$ 2,578,107	$ -	$ -	$ 2,578,107
Investments measured at NAV (a)				4,028,664
Total investments				$ 6,606,771

(a) *In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts*(b)*	**$ 4,309,484**	$ 4,028,664	None	Daily	None

(a) Represents investment in a contract of a pooled separate account consisting of various mutual funds. The investment strategy of the various mutual funds is to provide a favorable long-term rate of return. Specific investment strategies vary by the individual funds. Investment strategies include growth funds which seek to invest in instruments that have strong long-term growth potential; index funds which seek to replicate the movement of an index of a specific financial market, such as the Standard & Poor's (S&P) 500 Index, regardless of market conditions; and target retirement date funds which include investments in diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances and contain a mix of common stocks, bonds and cash. Transfers and reallocations are permitted subject to any restrictions, policies, and procedures that the issuer may establish. The issuer may restrict or terminate allocation or transfer provision if it is determined that there is a pattern of transfers that is disadvantageous or potentially harmful to other group variable funding agreement owners. The contract does not allow for transfers between competing funds. If such a transfer is made, no subsequent transfers will be allowed for a period of 90 days. The contract holder may discontinue the agreement at any time. If discontinuance is requested, account values will be paid after all administrative procedures are followed. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Custodian

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and the year ended December 31, 2020 that was obtained from data prepared and certified to be complete and accurate by John Hancock:

	2020	2019
Investments	**$ 4,309,484**	$ 4,028,664
Notes receivable from participants	**$ 164,001**	$ 180,949
Net appreciation in fair value of investments	**$ 653,417**	
Interest income on notes receivable from participants	**$ 10,349**	

The certification excludes the self-directed brokerage account investment of $2,540,733 and $2,578,107 as of December 31, 2020 and 2019, respectively, and the related investment depreciation of $61,108 and interest and dividends of $23,224 for the year ended December 31, 2020.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock and Schwab. John Hancock and Charles Schwab are custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return on each fund. Fees in the amount of $7,019 were paid by the Plan for administrative services for the year ended December 31, 2020.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan is relying on the IRS approval of the volume submitter that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan has since been amended. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Excess Contribution Payable

Contributions received during the year are net of payments of $57,178 made in March, 2021 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount is included in the Plan’s Statements of Net Assets Available for Benefit as excess contributions refundable at December 31,2020. At December 31, 2019, $79,818 was included in the Plan’s Statements of Net Assets Available for Benefits as excess contributions refundable from the plan year 2019.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to Schedule H of Form 5500 as of December 31:

	2020	2019

Excess contributions payable	**57,178**	79,818
Net assets available for benefits per Form 5500	**$ 7,014,218**	$ 6,788,227

The following is a reconciliation of the net change per the financial statements for the year ended December 31, 2020 to Schedule H of Form 5500:

Net change per the financial statements	$ 248,631
Net change in contributions payable	(22,640)
Net change per the Form 5500	$ 225,991

11. COVID-19

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Company's customers, employees and vendors, as well as governmental, regulatory and private sector responses. Further, the pandemic may have a significant impact on management's accounting estimates and assumptions.
