NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note 1. Description of the Plan

The following description of the ATP 401(k) PS Plan & Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan sponsor is ATP Professionals, Inc. (Company). The Plan is a defined contribution plan covering all full-time employees of the Company who are age eighteen or older. Participants may make voluntary contributions in the Plan as they become eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for the oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

Participants may elect to contribute up to the maximum percentage of compensation, as defined by the Plan, subject to certain dollar limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary profit-sharing contributions equal to a discretionary percentage, to be determined by the Company, of each participant's salary reduction. The Company made no contributions to the Plan in 2020 and 2019.

Participant Accounts:

Each participant's account is credited with the participant's contributions and allocations of Company profit-sharing contributions and the Plan earnings (losses). Participant accounts are charged with allocations of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan (continued)

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is immediately 100% vested.

Investment Options:

Upon enrollment, a participant may direct contributions between various investment funds, the allocation of which may be changed by the participant at any time.

Notes Receivable from Participants:

The Plan contains a loan provision that allows participants to borrow funds against their account balance subject to certain terms.

Participants may borrow a minimum of $500 from their accumulated contributions. The participant may borrow up to 50% of their vested balance, not to exceed a maximum loan amount of $50,000. Participants may only have one loan outstanding at any time. As stated by the Plan, all outstanding loan balances will become due and payable in their entirety upon the occurrence of a distributable event. Loans are generally for a period not exceeding five years and bear an interest rate commensurate with local prevailing rates. Participants may prepay the loan at any time. The loans are secured by the balances in the participants' respective accounts. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

In accordance with Plan agreements, distribution of benefits upon the retirement, death, disability or termination of a participant when requested, shall be made in the form of a lump-sum cash payment. In addition, hardship distributions and in-service distributions are permitted if certain criteria are met.

Forfeited Accounts:

Participants are always 100% vested in their accounts. Therefore, no contributions will ever be forfeited.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount the participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as unrealized appreciation and depreciation of investments held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as liability with a corresponding reduction to contributions. As of December 31, 2020 and 2019, $14,425 and $76,320, respectively, in excess contributions to be distributed to plan participants were recorded by the Plan. The Plan distributed the excess contributions to the applicable participants prior to March 15 following the Plan year.

Payment of Benefits:

Benefit payments are recorded when paid.

Operating expenses:

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Contributions:

Contributions are recorded in the period in which the payroll deductions are withheld from the participant earnings.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company. See Note 6 for certification by the custodian.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair values. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Note 4. Fair Value Measurements (continued)

Cash and cash equivalents: Valued at number of units held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: Valued at fair market value. Variable annuities held by the Plan are contracts in which an insurance entity unconditionally undertakes a legal obligation to provide specified pension benefits in return for a fixed consideration or premium.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$2,017,410	$ --	$ --	$2,017,410
Total assets at fair value	$2,017,410	$ --	$ --	$2,017,410

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,625,053	$ --	$ --	$1,625,053
Total assets at fair value	$1,625,053	$ --	$ --	$1,625,053

Note 5. Related-Party Transactions

Notes receivable from participants are party-in-interest transactions. Details of notes receivable from participants are disclosed in Note 1.

Note 6. Information Certified by the Custodian

The Administrative Committee has elected the method of annual reporting compliance permitted by CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statement of net assets available for benefits, as of December 31, 2020 and 2019.
- Investment activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2020.
- Assets held at end of the year as of December 31, 2020, as shown on Schedule H, line 4(i).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7. Withdrawn Participants

At December 31, 2020 and 2019, no amounts were allocated to the accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 11. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$2,034,700	$1,552,865
Amounts allocated to corrective distributions	14,425	76,320
Net assets available for benefits per the Form 5500	$2,049,125	$1,629,185

Note 11. Reconciliation of Financial Statement to Form 5500 (continued):

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2020 to Form 5500:

Benefits paid to participants per the financial statements	$201,170
Add: Amounts accrued as corrective distributions at December 31, 2019 paid in 2020	76,320
Less: Amounts accrued as corrective distributions at December 31, 2020	(14,425)
Benefits paid to participants per Form 5500	$263,065

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2020, but not yet paid as of that date. As of December 31, 2020, no such benefit claims existed.

Note 12. CARES Act:

In April 2020, The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted into law and specifically allows retirement plan participants to take CARES Act distributions and deferments on then-current, outstanding loan balances throughout the remainder of calendar-year 2020 (the "CARES Act Period"). In accordance with the CARES Act, eligible participants could request Coronavirus-related distribution ("CRD") of up to $100,000 in the aggregate across all retirement plans due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments throughout the CARES Act period, with loans being re-amortized using payoff date twelve months later than the original date, and loan repayments starting in year 2021.

Plan participants who were set to receive a required minimum distribution ("RMD") payment in year 2020 were notified by the Company that they were eligible to waive their payments for the 2020 calendar year and were required to contact ADP, Inc., the plan recordkeeper, if they wished to defer. If employees were to start their RMS payments in year 2021, the applicable start date was automatically deferred to year 2022.

Note 13. Subsequent events:

The Plan has evaluated subsequent events through October 6, 2021, the date the financial statements were available to be issued.
