JR MANUFACTURING, INC. 401(K) PLAN

AUDIT REPORT
December 31, 2020 and 2019

A Business Partner, Wherever You are in the World

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the JR Manufacturing, Inc. 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of JR Manufacturing, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Voya Financial, Inc., the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

JR Manufacturing, Inc.
401(k) Plan

Notes to the Financial Statements
As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020

NOTE 1 – PLAN DESCRIPTION

The following description of the JR Manufacturing (the “Company”) 401(k) Plan (the “Plan”) provides only general information. The Plan was restated effective January 1, 2019 and relevant provisions are noted below. Participants should refer to the Plan document for more complete information.

A. GENERAL

The Plan is a defined contribution plan covering all employees of the Company who are U.S. residents, have completed one year of eligible service, and are age 18 or older. Newly eligible employees will be entered into the Plan on the first day of the first or seventh month of the calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan Management Team determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

CARES and SECURE ACTS

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE Act”) was enacted and signed into law. On March 27, 2020, The Coronavirus Aid, Relief and Economic Security Act (“CARES Act”) was enacted and signed into law.

The CARES and SECURE Acts, among other things, include several relief provisions available to tax-qualified retirement plans and their participants. The CARES Act allows for optional utilization of its provisions immediately. The SECURE Act provisions have varying mandatory effective dates. For the adopted provisions, formal Plan amendments should be enacted no later than the last day of the Plan year beginning on or after January 1, 2022. As of the date of this report, the Plan has not been formally amended to adopt these provisions.

ELIGIBILITY

The SECURE Act no longer allows non-bargained 401(k) plans to exclude long-term part-time employees from participating in the Plan if they work at least 500 hours in each of three consecutive years. Service before 2021 will not be counted.

B. EMPLOYEE CONTRIBUTIONS

Under the Plan, participants are allowed to defer between one percent and one hundred percent of eligible compensation up to applicable ERISA contribution limits for the year. “Compensation” is defined as a participant’s W-2 earnings plus any section 125 earnings. Participants may change deferral elections on the first day of each quarter of the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants will receive an automatic one percent increase in their deferral percentage on April 1, if the Participant has affirmatively elected to receive such increase.

C. EMPLOYER CONTRIBUTIONS

The Company makes matching contributions equal to a discretionary percentage on behalf of eligible participants.

D. PARTICIPANT ACCOUNTS

Each participant account is credited with the participant’s contribution and allocations of employer contributions, Plan earnings, and distribution fees (if applicable). Allocations are based on participant earnings or account balances, or specific participant transactions, as defined.

As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020*

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the vested account balance. Participants are allowed one loan at any given time. The loan is secured by the balance in the participant's account and bears interest at a rate determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions and are recorded when received. Loan repayments may be made over a period not to extend beyond five years unless such loan is used to acquire a principal residence in which the repayment period may be up to thirty years.

The CARES Act allowed participants affected by the coronavirus pandemic with an outstanding loan balance to defer the payments due between March 27, 2020 through December 31, 2020. Loan payments recommenced on January 1, 2021 and were subsequently re-amortized to reflect any suspended payments, adjusted for interest and the terms of the loan extended for one year.

The CARES Act increased the available loan amount to the lesser of \$100,000 (minus outstanding Plan loans of the individual) or 100% of the participant's vested account balance (in effect until September 22, 2020).

F. PAYMENT OF BENEFITS

On termination of service due to death, disability, or other reasons, a participant can choose to have a distribution of his/her account balance equal to the value of his/her vested interest. In the case of early distribution at age 59 ½, the participant may elect to withdraw all or some of his/her salary reduction contributions (including any earnings thereon).

The CARES Act provided for eligible Plan participants impacted by coronavirus access to their retirement savings via a coronavirus-related distribution ("CRD"). The CRD requires that a participant certify they have been impacted by COVID-19 to qualify. Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 in the aggregate across all retirement plans. The CRD's were not subject to the early distribution penalty or mandatory income tax withholding. Participants still employed by the Company may elect to repay all or a portion of the CRD to the Plan within three years.

The CARES Act provided for minimum distribution requirements to be waived for any distribution required to be made in 2020. Participants had the option to elect to receive their minimum payment. Plan participants who had already received their required minimum distribution in 2020 prior to the enactment of the CARES Act had the opportunity to roll those funds back into their account.

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

G. VESTING

In the case of the employer's matching contributions, the Plan uses a graduated scale for vesting:

Full Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A participant becomes fully vested upon attainment of normal retirement age while an employee, death while an employee, or upon suffering a disability while an employee.

H. TERMINATION PRIORITIES

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination, each participant would become immediately 100% vested in their account balance.

NOTE 2 – ACCOUNTING POLICIES

A. FINANCIAL REPORTING FRAMEWORK

The accompanying financial statements are prepared according to accounting principles generally accepted in the United States of America ("GAAP"), as promulgated by the Financial Accounting Standards Board ("FASB") in the Accounting Standards Codification ("ASC").

B. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

C. USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is stated at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

401(k) Plan**

*Notes to the Financial Statements
As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020*

NOTE 2 – ACCOUNTING POLICIES – (CONTINUED) –

D. INVESTMENT VALUATION AND INCOME RECOGNITION – (CONTINUED) –

Investment income is recorded when earned, on an accrual basis, and allocated to each participant's account daily based on the number of shares held in each participant account. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic effects on the economy and financial markets in the future are uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

F. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

G. PAYMENT OF BENEFITS

Benefits are recorded when paid.

H. PLAN EXPENSES

The Plan Sponsor pays most of the expenses of administering the Plan. Expenses associated with loans and disbursements are paid by the individual participants.

As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020

NOTE 2 – ACCOUNTING POLICIES – (CONTINUED) –

I. RECENT ACCOUNTING PRONOUNCEMENT

In August 2018, the FASB issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminated certain disclosure requirements, including the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. It also modified certain disclosure requirements for Level 3 fair value measurements and also clarified that the measurement uncertainty disclosure is as of the reporting date. ASU 2018-13 is effective for all reporting periods beginning after December 15, 2019. The Plan adopted ASU 2018-13 on January 1, 2020. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

J. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 12, 2021, which is the financial statement issuance date. All items which are required for disclosure have been included in the accompanying financial statements and notes thereto.

NOTE 3 – FORFEITED ACCOUNTS

In accordance with Plan documents, forfeited funds can be used to restore returning participants' accounts and to reduce future employer contributions. Forfeitures of \$5,886 were used to offset the employer match in the Plan year ended December 31, 2020. Forfeited, non-vested account balances amounted to \$1,939 and \$119 as of December 31, 2020 and 2019, respectively.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's investments are held in a trust fund administered by Voya Financial, Inc., the custodian of the Plan. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
- Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**JR Manufacturing, Inc.
401(k) Plan**

*Notes to the Financial Statements
As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020*

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive investment contract with Voya Financial, Inc. The total contract value of the Plan's investment is \$294,521 and \$226,330 at December 31, 2020 and 2019, respectively. Voya Financial, Inc. maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined at least monthly.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya Financial, Inc., represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events outside the normal operation of the trust that cause a withdrawal would limit the Plan's ability to transact at contract value with Voya Financial, Inc. Examples of such events include, but are not limited to, partial or complete legal termination of the trust or a unit-holder, tax disqualification of the trust or a unit-holder, and certain trust amendments if issuers' consent is not obtained. However, as of December 31, 2020, the occurrence of an event outside the normal operation of the trust that would cause a withdrawal from an investment contract is not considered to be probable.

In addition, issuers of investment contracts have certain rights to terminate a contract and settle at an amount that differs from contract value. For example, certain breaches by the trust of its obligations, representations, or warranties under the terms of the investment contract can result in its termination at market value. Investment contracts may also provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law. As of December 31, 2020, the Plan administrator does not believe the occurrence of such an event is probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 – PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Voya Financial, Inc., the custodian of the Plan. Therefore, these investments qualify as party-in-interest transactions. Also, the Plan has notes receivable from participants that qualify as party-in-interest transactions. Investments in mutual funds managed by Voya Financial, Inc. and notes receivable from participants total \$7,661,977 and \$6,539,489 as of December 31, 2020 and 2019, respectively.

Notes to the Financial Statements

As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements, as the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits (except the fully benefit-responsive investment contract, see Note 5). The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Plan groups assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 8 – FAIR VALUE MEASUREMENTS – (CONTINUED) –

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and December 31, 2019.

- *Pooled Separate Accounts:* separate accounts are valued at their “accumulation unit value” (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund’s dividends, and the Plan’s contract account charges. Since the AUV is determined based on a combination of the fund NAV and the separate account charges, Level 2 was deemed the proper classification.

The following table classifies the investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ -	\$ 9,088,135	\$ -	\$ 9,088,135
Total assets in fair value hierarchy	\$ -	\$ 9,088,135	\$ -	9,088,135
Investment measured at contract value				294,521
Total Investments				\$ 9,382,656

The following table classifies investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ -	\$ 8,126,682	\$ -	\$ 8,126,682
Total assets in fair value hierarchy	\$ -	\$ 8,126,682	\$ -	8,126,682
Investment measured at contract value				226,330
Total Investments				\$ 8,353,012
