Effective January 1, 2020, the plan was amended to provide an automatic 1% yearly increase up to 6%.

Forfeited Accounts

Forfeitures, if any, of employer nonvested contributions shall be used to pay plan administrative expenses. Forfeited employer contributions totaled $5,281 and $369 at December 31, 2020 and 2019, respectively. Forfeitures utilized to pay Plan administrative expenses in 2020 and 2019 were $956 and $17,161, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's contribution, allocation of Plan earnings (losses) and is charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions and the earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of 50% of their vested account balance or $50,000. The minimum loan amount permitted is $1,000. The outstanding loan balance at December 31, 2020 and 2019 was $131,498 and $112,348, respectively. The loans are secured by the vested balance in the participant's account. Loans bear interest at the prime rate plus one percent as outlined in the Plan document. Current loans bear interest at the rate of 4.25% to 6.50% per annum. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect to remain in the Plan, receive a lump sum distribution equal to the participant's vested interest in his or her account, or roll their account into another plan.

CARES Act

On March 27, 2020 President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions for 2020:

- Emergency coronavirus distributions up to $100,000
- Loan repayments suspension and extension of loan term up to one year
- Suspension of required minimum distributions for 2020

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the investment trustee of the Plan, MG Trust Company, LLC d.b.a. Matrix Trust Company.

Purchases and sales of securities are recorded on the settlement-date basis. However, differences between settlement-date and trade-date are immaterial. Interest and dividends are recorded on the accrual basis.

Plan participants may choose investments at their discretion from those offered by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Fees

Plan administrative services fees are paid by the plan or by the sponsor. Administrative services consist primarily of payments to third-party service providers for investment advisory, recordkeeping, and audit services. Expenses paid by the Plan are reported on the statement of changes in net assets available for benefits as administrative fees.

Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under this election, the Plan Administrator has obtained a certification from the trustee, MG Trust Company, LLC d.b.a. Matrix Trust Company, that the information provided to the Plan Administrator by the trustee is complete and accurate. Accordingly, no audit procedures have been performed with respect to information certified by the trustee.

Information Prepared and Certified by the Trustee (continued)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by the trustee of the Plan.

Investments at fair value	**10,083,232**	9,328,936
	$ 10,097,220	$ 9,328,936

The trustee also certified to the completeness and accuracy of the following related to the aforementioned assets for the year ended December 31:

	2020	2019

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable for the asset or liability.

Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

Separately Managed Accounts: Invest in unitized investment portfolios that are composed entirely of mutual funds valued at the net asset value (NAV) daily.

Stable Value Collective Trust Fund: Composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdraw from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,315,855	$ -	$ -	$ 4,315,855
Separately managed accounts	4,752,441	-	-	4,752,441
Total assets in the fair hierarchy	9,068,296	-	-	9,068,296
Investments measured at net asset value	-	-	-	1,014,936
Total investments at fair value	$ 9,068,296	$ -	$ -	$ 10,083,232

Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,621,797	$ -	$ -	$ 3,621,797
Separately managed accounts	5,535,629	-	-	5,535,629
Total assets in the fair hierarchy	9,157,426	-	-	9,157,426
Investments measured at net asset value	-	-	-	171,510
Total investments at fair value	$ 9,157,426	$ -	$ -	$ 9,328,936

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund-Stable Value Fund	$ 1,014,936	n/a	Daily	Daily

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund-Stable Value Fund	$ 171,510	n/a	Daily	Daily

Tax Status

This Plan is a prototype non-standardized profit-sharing plan with Pension Corporation of America. Pension Corporation of America has been informed by the Internal Revenue Service that this Plan is acceptable under Section 401 of the Internal Revenue Code and that a company that adopts this plan will be considered to have a plan qualified under Code Section 401(a) provided all terms of the Plan are followed.

The Company believes that the Plan is currently being operated in compliance with the applicable sections of the Internal Revenue Code and that the Plan and related trust are qualified and tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Party–In–Interest Transactions

Certain Plan investments are offered through and managed by MG Trust Company, LLC d.b.a. Matrix Trust Company, the trustee of the Plan, therefore these transactions qualify as party-in-interest. As described in the summary of significant accounting policies note to the financial statements, the Plan paid certain expenses related to plan administration to various service providers. These transactions are party in interest transactions under ERISA.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to participants per the accompanying financial statements to the Form 5500:

	2020	2019
Total benefits paid to participants per accompanying financial statements	**$ 823,264**	$ 2,119,452
Add: prior year refundable excess contributions	**-**	1,664
Benefits paid per Form 5500	**$ 823,264**	$ 2,121,116
