Plan Administrator and Administrative Committee
Sanoh America, Inc. Pension Plan for Hourly Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sanoh America, Inc. Pension Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SANOH AMERICA, INC. PENSION PLAN FOR HOURLY EMPLOYEES

Notes to the Financial Statements

December 31, 2020 and 2019

A - DESCRIPTION OF PLAN

The following description of the Sanoh America, Inc. Pension Plan for Hourly Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan, effective on January 1, 2003, is a defined benefit pension plan sponsored by Sanoh America, Inc. (the "Company" or "Plan Sponsor"). All Sanoh America, Inc. hourly employees are eligible to participate upon the later of age 21 or upon completion of one year of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company ("Fidelity") is the custodian, recordkeeper, and actuary. All of the assets of the Plan are in the Sanoh America, Inc. Pension Plan Master Trust. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Funding Policy: The Company has agreed to voluntarily contribute such additional amounts that are necessary to provide assets sufficient to meet the benefits to be paid to Plan members. The Company's funding policy is to make contributions to the Plan in amounts as determined by the Plan's independent actuary. The Plan has met the minimum funding requirements established by the federal government.

Pension Benefits: Participants are eligible for monthly benefit payments upon reaching age 65. The normal monthly benefit payments are determined by multiplication of a benefit rate by the total number of years of credited service. A participant is 100% vested after five years of service. Prior to that time, the participant is not vested.

Employees are eligible to receive early retirement benefits between the ages of 55 and 65 upon the completion of 15 years of continuous service. Early retirement benefits are computed in a manner similar to normal retirement at age 65, except that they are reduced by certain factors, as outlined in the Plan document, for each month that the early retirement date precedes the normal retirement date. Accrued benefits are payable as an annuity over the participant's lifetime, a single life annuity with certain period of 10 years, as a survivorship life annuity with survivorship percentages of 50, 75 or 100, as an 80/80 spouse's annuity, or as a 90/50 spouse's annuity.

Death and Disability Benefit: A married employee who is a vested participant is automatically covered by the pre-retirement death benefit option, which will provide a benefit for the surviving spouse upon death prior to retirement, unless coverage is waived. The benefit would be equal to the benefit the spouse would have received had the employee retired on the date of death, computed under the normal form of payment and subject to certain limitations.

Notes to the Financial Statements

December 31, 2020 and 2019

A - DESCRIPTION OF PLAN (continued)

An employee, who has attained age 50, has completed 10 years of continuous service and who becomes totally and permanently disabled is eligible to receive a disability retirement benefit. The amount of the benefit is computed, as it would be for normal retirement based on the employee's years of credited service as of the date of disability reduced by the amount of company provided public disability benefit.

Vesting: Upon completion of five years of vesting service but prior to becoming eligible for a normal retirement benefit, a participant is entitled to a deferred vested termination benefit equal to a percentage of their accrued retirement benefit. Eligible employees are fully vested upon completion of five years of vesting service.

Plan Amendment: The Plan was amended on October 13, 2020 with an effective date of January 1, 2019, to attain age 55 and complete fifteen years of vesting service to qualify for early retirement benefits. The amendment also provided for the following optional forms of retirement benefits for an annuity starting date on or after January 1, 2019: a straight life annuity, a single life annuity with certain period of ten years, survivorship life annuities with survivorship percentages of 50%, 75%, or 100%, an 80/80 spouse's annuity, and a 90/50 spouse's annuity. For an annuity starting date before January 1, 2019, the only retirement benefit options available are a straight life annuity and survivorship life annuities with survivorship percentages of 50%, 75%, or 100%. There was no effect on the actuarial present value of accumulated plan benefits due to this amendment.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the actuarial present value of accumulated plan benefits at the benefit information dates. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. See Note F for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to the Financial Statements
December 31, 2020 and 2019

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Administrative Expenses: The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events: The Plan has evaluated all subsequent events through October 13, 2021, the date the financial statements were available to be issued.

C - ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions for service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. Normal monthly benefit payments are determined by multiplication of a benefit rate by the total number of years of credited service preceding the valuation date. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuary report of the present value of accumulated plan benefits and the change in the present value of accumulated plan benefits as of January 1, 2020 and 2019 and the years then ended were prepared by the Fidelity Workplace Investing LLC. Actuarial valuation assumptions and methods used as of January 1, 2020 and 2019, are updated each year for assumption and method changes as prescribed by law such as changes in the maximum compensation and benefit limits and the prescribed mortality table.

Notes to the Financial Statements
December 31, 2020 and 2019

C - ACCUMULATED PLAN BENEFITS (continued)

The actuarial present value of accumulated plan benefits as of January 1, 2020 and 2019 is as follows:

	2020	2019
Vested Benefits:		
Participants in pay status	\$ 1,642,053	\$ 1,258,825
Inactive participants	1,659,019	1,605,634
Active participants	<u>3,787,340</u>	<u>3,634,557</u>
Total vested benefits	7,088,412	6,499,016
Nonvested benefits - Active participants	<u>307,283</u>	<u>238,508</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 7,395,695</u>	<u>\$ 6,737,524</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the years ended January 1, 2020 and 2019, are as follows:

	2020	2019
Actuarial present value of accumulated plan benefits at January 1, 2019 and 2018	\$ 6,737,524	\$ 6,046,319
Increase during the year attributable to:		
Interest due to the decrease in the discount period	466,548	418,917
Benefits paid	(147,591)	(125,718)
Benefits accumulated and plan experience	283,198	417,308
Change in assumptions	<u>56,016</u>	<u>(19,302)</u>
Actuarial present value of accumulated plan benefits at January 1, 2020 and 2019	<u>\$ 7,395,695</u>	<u>\$ 6,737,524</u>

The significant actuarial assumptions used in the January 1, 2020 and 2019 valuation were:

Rate of return

on investments: 7.00% and 7.00% per annum at January 1, 2020 and 2019, respectively

Mortality:

For 2020, Amount-weighted Pri-2012 Total Mortality Tables projected generationally with MP-2019 Mortality Improvement Scale with separate tables for Employees, Disabled Members, Annuities, and Contingent Annuitants. For 2019, RP-2014 Total Mortality Tables adjusted backward to 2006 with Scale MP-2014 and projected with MP-2018 Mortality Improvement Scale applied on a generational basis

Expenses:

Sanoh pays the administrative expenses directly instead of paying for them out of the Master Trust.

SANOH AMERICA, INC. PENSION PLAN FOR HOURLY EMPLOYEES
Notes to the Financial Statements
December 31, 2020 and 2019

C - ACCUMULATED PLAN BENEFITS (continued)

Retirement age: Age 65 is normal retirement age as defined in Plan provisions

Asset valuation: Asset valuation method, which allows for smoothing of gains/losses over multiple years

Discount rate: 3.60% and 4.55% per annum at January 1, 2020 and 2019, respectively

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

D - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations discussed below.
3. Vested benefits not insured by the PBGC.
4. All nonvested benefits.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

SANOH AMERICA, INC. PENSION PLAN FOR HOURLY EMPLOYEES
Notes to the Financial Statements
December 31, 2020 and 2019

D - PLAN TERMINATION (continued)

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefits obligations and may depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

E - INFORMATION CERTIFIED BY THE CUSTODIAN

Investments as certified by Fidelity as of December 31, 2020, and net investment income for the years then ended are as follows:

	2020	2019
Investments:		
Plan Interest in Sanoh America, Inc. Pension Plan Master Trust	\$ 9,869,328	\$ 7,937,332
Net investment income:		
Change in plan interest in Sanoh America, Inc. Pension Plan Master Trust	\$ 1,353,438	\$ 1,256,521

F - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SANOH AMERICA, INC. PENSION PLAN FOR HOURLY EMPLOYEES
Notes to the Financial Statements
December 31, 2020 and 2019

F - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the valuation methodologies used at December 31, 2020 and 2019. The Plan has no liabilities measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

All of the Plan's investments as of December 31, 2020 and 2019 were held in the Sanoh America, Inc. Pension Plan Master Trust, see Note G.

G - INTEREST IN SANOH AMERICA, INC. PENSION PLAN MASTER TRUST

All of the Plan's investments are in the Sanoh America, Inc. Pension Plan Master Trust, which was established for the investment of assets of the Plan and one other Sanoh America, Inc. sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Sanoh America, Inc. Pension Plan Master Trust are held by Fidelity Management Trust Company.

The value of the Plan's interest in the Sanoh America, Inc. Pension Plan Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2020 and 2019, the Plan's interest in the net assets of the Sanoh America, Inc. Pension Plan Master Trust was approximately 60 percent and 61 percent, respectively. Total investment income (including net appreciation (depreciation) in the fair value of investments) of the Sanoh America, Inc. Pension Plan Master Trust is allocated to the individual plans based upon the amount of the time the Plan's assets were invested in the master trust.

H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Plan's financial statements.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities recommended social distancing and imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

SANOH AMERICA, INC. PENSION PLAN FOR HOURLY EMPLOYEES

Notes to the Financial Statements

December 31, 2020 and 2019

I - PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2020, Plan investments were held in the Sanoh America, Inc. Pension Plan Master Trust by Fidelity. Administrative expenses paid amounted to \$0 for both 2020 and 2019. Certain administrative functions are performed by officers and employees of the Company (who may also be a participant in the Plan) at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory administrative exemptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

J - FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan most recently by letter dated January 27, 2016, that the Plan's Regulations and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Subsequent to receiving the determination letter, several amendments to the Regulations have been approved that will not impact the Plan's tax-qualified status. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2017.

K - SECURE ACT, CARES ACT, AND ARPA

The Plan will implement certain requirements by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) and the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to suspend required minimum distributions and delay the commencement date for required minimum distributions to age 72. Certain optional features within these acts have been assessed and have been implemented to date. Written amendments to the Plan electing these operational changes will be adopted by the end of 2022. Also, the CARES Act extended the deadline for any contribution otherwise due in the 2020 calendar year to January 1, 2021.

SANOH AMERICA, INC. PENSION PLAN FOR HOURLY EMPLOYEES
Notes to the Financial Statements
December 31, 2020 and 2019

K - SECURE ACT, CARES ACT, AND ARPA (continued)

In addition, the Plan intends to elect the provisions of the American Rescue Plan Act (ARPA) that provides funding relief for defined benefit plans retroactively for years beginning in 2019. The ARPA provides funding relief in the form of Interest Rate Stabilization and 15-year Shortfall Amortizations. The 15-year shortfall amortization reduces the 2019 and 2020 minimum required contributions thus creating a prefunding balance. These prefunding credit balances may be used for 2020 or 2021 plan years.

Mortality:

ERISA: IRS 2020 Static Mortality Table using separate tables for annuitants and non-annuitants as prescribed by IRC Section 430. These tables include future mortality improvement of 8 years for males and 9 years for females with the following adjustments: For ages below 80, the projection period is increased by 1 year for each year below age 80. For ages above 80, the projection period is reduced (but not below zero) by 1/3 year for each year above 80. Previously: IRS 2019 Static Mortality Table determined under former § 1.430(h)(3)-1(c) and (d) provided in Appendix A of Notice 2017-60 using separate tables for annuitants and non-annuitants in accordance with § 1.430(h)(3)-1(f)(2). These tables include future mortality improvement of 7 years for annuitants and 15 years for non-annuitants. The plan sponsor elected to use the methodology in place for 2017 mortality determination under former § 1.430(h)(3)-1(c).

Retirement Rates:

Active and inactive participants with at least ten years of vesting service are assumed to retire at the following rates:

<u>Age</u>	<u>Probability</u>
62	10%
63	5%
64	5%
65	100%

Active and inactive participants with less than ten years of vesting service are assumed to retire at age 65.

This assumption is based on the prior actuary's experience analysis and anticipated future experience.

Termination: 2003 Society of Actuaries Small Plan Age Table, multiplied by 1.25. This plan does not have a large enough population to deviate from the standard tables. The SOA Small Plan Age Table is the most recent withdrawal experience table published by the Society of Actuaries. A multiplier of 1.25 is applied to this table to reflect the results of the most recent experience analysis completed by the prior actuary and anticipated future experience. Sample rates are shown below:

Age	Rate of Withdrawal	Age	Rate of Withdrawal
20	30.38%	40	11.75%
25	24.38%	45	9.13%
30	19.38%	50	7.00%
35	15.13%	55	5.25%

Marital Status: 75% of males and females are assumed married, with females 3 years younger than males. This assumption does not have material impact on the results of this report and has been selected based the prior actuary's assumption.

Maximum Benefit: \$230,000 for 2020.

Maximum Salary: \$285,000 for 2020.

Form of Payment: It has been assumed benefits will be paid in the normal annuity form applicable to the particular benefit. To the extent optional forms of payment are elected and conversions are determined under an actuarial basis, which differs from the basis funded in the valuation, gains or losses will occur. These gains or losses will be recognized through the routine application of the actuarial cost method. Other optional forms are roughly actuarially equivalent on the valuation basis, so no significant gains or losses are anticipated.

Actuarial Assumptions and Methods (continued)

Actuarial Value of Plan Assets for Funding Purposes:

The actuarial value of assets is equal to:

- a) the market value of assets, including discounted receivables, on the valuation date, less
- b) the following percentages of prior years' investment gains (losses):
 - i) 67% of the prior year, and
 - ii) 33% of the second prior year,

Investment gains and losses are defined as the excess or deficiency of the expected return on the market value (at an assumed rate of 6.75%, not to exceed the third segment rate for that year) over the actual return on the market value of assets, including discounted receivables, for any given year.

- c) The actuarial value of assets can be neither less than 90% nor greater than 110% of the market value of assets, including discounted receivables.

Shortfall Amortization Charge for ERISA Funding Purposes: Per IRC Section 430(c), the shortfall amortization charge for any plan year is the aggregate total (not less than zero) of the shortfall amortization installments for such plan year with respect to any shortfall amortization base which has not been fully amortized. The shortfall amortization installments are the amounts necessary to amortize the shortfall amortization base of the plan for any plan year in level annual installments over the 15-year period beginning with such plan year.

Actuarial Assumptions and Methods (continued)

Actuarial Cost Method: The unit credit cost method is used for ERISA funding target (FT) purposes. Under this method, accrued pension benefits are determined for all eligible active participants. These benefits reflect service, salary and negotiated benefit increases to date. The liability is then equal to the present value of all benefits (PVAB) for inactive participants plus the PVAB for active participants.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings, or negotiated benefit increases, to date in both cases. The total normal cost is based upon the sum of the individual normal costs. The target normal cost for funding is equal to the total normal cost plus assumed administrative expenses expected to be paid from the trust.

The projected unit credit method is used for IRS maximum deductible limit cushion amount purposes. Under this method, accrued pension benefits are determined for all eligible active participants reflecting service to date and anticipated salary and negotiated benefit increases to the assumed retirement age. This liability for active participants is then added to the present value of all benefits for inactive participants to determine the total liability under this method.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings and negotiated benefit increases projected to assumed retirement age in both cases. The total normal cost is based upon the sum of the individual normal costs.

Sanoh America, Inc.

Sanoh America, Inc. Pension Plan for Hourly Employees

EIN: 38-2694169 PN: 002

For Plan Year Ended December 31, 2020

The weighted average retirement age is weighted by the expected percentage of active participants retiring at each age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

INDEPENDENT AUDITORS' REPORT

Plan Administrator and Administrative Committee
Sanoh America, Inc. Pension Plan for Hourly Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sanoh America, Inc. Pension Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Plan Provisions (continued)

Monthly Benefits Paid Upon the Following Events:

Normal retirement: Accrued Benefit determined as of NRD.

Early retirement: The Accrued Benefit payable at NRD reduced by 1/180th for each of the first 60 months that the benefit commencement precedes NRD and by 1/360th for each additional month that the benefit commencement precedes NRD.

Postponed retirement: The greater of the Accrued Benefit determined as of actual retirement date or the Accrued Benefit as of NRD actuarially increased to the late retirement date.

Termination with deferred vested benefit: Accrued Benefit on the date of the termination multiplied by the vesting percentage payable at NRD. Participants are 100% vested after earning five years of vesting service.

Pre-retirement death benefit: If the participant was eligible for early retirement, the benefit is payable immediately. Otherwise, the benefit is payable when the participant would have been eligible for early retirement. The amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated on his date of death, elected the 50% Joint and Survivor annuity on his earliest retirement date, and died the next day.

Disability: The Accrued Benefit on the date of disability reduced by the amount of the public disability benefit provided by the plan sponsor. Payments shall continue through the last monthly payment made before the earliest of his Retirement Date (Normal Retirement Date, if earlier), the date of his death, or the day following the date he is no longer Totally and Permanently Disabled.
